It will not waste your time. believe me, the e-book will agreed tell you new thing to read. Just invest tiny get older to contact this on-line statement Obamas Wars Ebook Bob Woodward as capably as evaluation them wherever you are now.

The Trump White House  
Diversion Books  
Two journalists uncover the

---

real Dan Quayle to reveal an ambitious politician who possesses more savvy than his detractors are willing to admit

**Commanders** Simon and Schuster

In his fourth book on President George W. Bush and his controversial 'War on Terror,' Bob Woodward takes us behind closed doors, into the hidden rooms of the White House, the Pentagon, the State Department, and US intelligence agencies, where the details of the wars in Iraq and Afghanistan

were fiercely debated and eventually determined. Today, the Iraq War is a major source of contention around the world, and may become the defining political, social and moral issue of this brief period in American history. In an attempt to understand the Bush presidency, and its divisive legacy, Woodward examines this conflict at its source: in Washington D.C. This fast-paced, groundbreaking book includes never-before-

published information, as Woodward draws upon his vast experience as a veteran political journalist to provide a richly detailed and meticulously researched examination of the war in Iraq over the past two years. In *The War Within*, Woodward expands upon his study of the Bush administration in his previous three books, with his signature authoritative, measured, and deeply human sense of perspective.

**The No Spin Zone** Simon and

---

Schuster  
Twenty-five years after Richard Nixon's resignation, investigative journalist Bob Woodward examines the legacy of Watergate. Based on hundreds of interviews - both on and off the record - and three years of research of government archives, Woodward's latest book explains in detail how the premier scandal of US history has indelibly altered the shape of American politics and culture - and has limited the power to act of the presidency itself. Bob Woodward's mix of historical perspective and

journalistic sleuthing provides a unique perspective on the repercussions of Watergate and proves that it was far more than a passing, embarrassing crisis in American politics: it heralded the beginning of a new period of troubled presidencies. From Ford through to Clinton, presidents have battled public scepticism, a challenging Congress, adversarial press and even special prosecutors in their term in office. Now, a quarter of a century after the scandal emerged, the man who helped expose Watergate shows us the stunning impact of its heritage.

The Dispensable Nation Simon and Schuster  
“ Emily in Paris meets Scandal ” (The New York Times) in this propulsive Cold War-era political thriller as one intrepid journalist writes the official biography of the mysterious First Lady—uncovering secrets that could destroy them both. Tired of covering the grating dysfunction of Washington and the increasingly outrageous antics of President Henry Caine, White House correspondent Sofie Morse quits her job and plans to leave politics behind. But when she

---

gets a call from the office of First Lady Lara Caine, asking Sofie to come in for a private meeting with Lara, her curiosity is piqued. Sofie, like the rest of the world, knows little about Lara—only that Lara was born in Soviet Russia, raised in Paris, and worked as a model before moving to America and marrying the notoriously brash future president. When Lara asks Sofie to write her official biography, and to finally fill in the gaps of her history, Sofie's curiosity gets the better of her. She begins to spend more and more time in the White House, slowly developing a bond with Lara—and eventually a deep and surprising friendship with her. Even more surprising to Sofie is the fact that Lara is entirely candid about her mysterious past. The First Lady doesn't hesitate to speak about her beloved father's work as an undercover KGB officer in Paris—and how he wasn't the only person in her family working undercover during the Cold War. As Lara's story unfolds, Sofie can't help but wonder why Lara is rehashing such sensitive information. Why to her? And why now? Suddenly Sofie is in the middle of a game of cat and mouse that could have explosive ramifications. For fans of *The Secrets We Kept* and *American Wife*, *Our American Friend* is a propulsive Cold War-era spy thriller crossed with a fictional biography of a First Lady. Spanning from the 1970s to the present day, traveling from Moscow and Paris to Washington and New York, Anna Pitoniak's novel is a gripping page-turner—and a devastating love story—about power and complicity and how sometimes, the fate of the world is in the hands of the people you'd never expect.

**The Final Days** Simon and

---

Schuster

The relationship between military leaders and political leaders has always been a complicated one, especially in times of war. When the chips are down, who should run the show -- the politicians or the generals? In *Supreme Command*, Eliot Cohen examines four great democratic war statesmen -- Abraham Lincoln, Georges Clemenceau, Winston Churchill, and David Ben-Gurion -- to reveal the surprising answer: the politicians. Great statesmen do not turn their wars over to their generals, and then stay out of their way. Great

statesmen make better generals of their generals. They question and drive their military men, and at key times they overrule their advice. The generals may think they know how to win, but the statesmen are the ones who see the big picture. Lincoln, Clemenceau, Churchill, and Ben-Gurion led four very different kinds of democracy, under the most difficult circumstances imaginable. They came from four very different backgrounds -- backwoods lawyer, dueling French doctor, rogue aristocrat, and impoverished Jewish socialist. Yet they faced similar challenges, not least the possibility that their

conduct of the war could bring about their fall from power. Each exhibited mastery of detail and fascination with technology. All four were great learners, who studied war as if it were their own profession, and in many ways mastered it as well as did their generals. All found themselves locked in conflict with military men. All four triumphed. Military men often dismiss politicians as meddlers, doves, or naifs. Yet military men make mistakes. The art of a great leader is to push his subordinates to achieve great things. The lessons of the book apply not just to President Bush and other world leaders in the war

---

on terrorism, but to anyone who faces extreme adversity at the head of a free organization -- including leaders and managers throughout the corporate world. The lessons of Supreme Command will be immediately apparent to all managers and leaders, as well as students of history.

**Obama's Wars** Simon and Schuster

With his unmatched investigative skill, Bob Woodward tells the behind-the-scenes story of how President George W. Bush and his top national security advisers led the nation to war. Extensive quotations

from the secret deliberations of the National Security Council and firsthand revelations of the private thoughts, concerns and fears of the president and his war cabinet, make **BUSH AT WAR** an unprecedented chronicle of a modern presidency in a time of grave crisis. Based on interviews with more than a hundred sources and four hours of exclusive interviews with the president, **BUSH AT WAR** reveals Bush's sweeping, almost grandiose vision for remaking the world. Woodward's virtual wiretap

into the White House Situation Room reveals a stunning group portrait of an untested president and his advisers, three of whom might themselves have made it to the presidency. In **BUSH AT WAR**, Bob Woodward once again delivers a reporting tour de force.

*Obama's Wars* Greenwood Publishing Group Shows President Obama making the critical decisions on the Afghanistan War, the secret war in Pakistan, and the worldwide fight against terrorism.

*The Agenda* Portobello  
Books

The hidden history of Wall Street and the White House comes down to a single, powerful, quintessentially American concept: confidence. Both centers of power, tapping brazen innovations over the past three decades, learned how to manufacture it. Until August 2007, when that confidence finally began to crumble. In this gripping and brilliantly reported book, Ron Suskind tells

the story of what happened next, as Wall Street struggled to save itself while a man with little experience and soaring rhetoric emerged from obscurity to usher in “a new era of responsibility.” It is a story that follows the journey of Barack Obama, who rose as the country fell, and offers the first full portrait of his tumultuous presidency. Wall Street found that straying from long-standing principles of transparency, accountability, and fair

dealing opened a path to stunning profits. Obama’s determination to reverse that trend was essential to his ascendance, especially when Wall Street collapsed during the fall of an election year and the two candidates could audition for the presidency by responding to a national crisis. But as he stood on the stage in Grant Park, a shudder went through Barack Obama. He would now have to command Washington, tame New

---

York, and rescue the economy in the first real management job of his life. The new president surrounded himself with a team of seasoned players—like Rahm Emanuel, Larry Summers, and Tim Geithner—who had served a different president in a different time. As the nation’s crises deepened, Obama’s deputies often ignored the president’s decisions—“to protect him from himself”—while they fought to seize control of a

rudderless White House. Bitter disputes—between men and women, policy and politics—ruled the day. The result was an administration that found itself overtaken by events as, year to year, Obama struggled to grow into the world’s toughest job and, in desperation, take control of his own administration. Pulitzer Prize-winning journalist Ron Suskind introduces readers to an ensemble cast, from the titans of high finance to a new

generation of reformers, from petulant congressmen and acerbic lobbyists to a tight circle of White House advisers—and, ultimately, to the president himself, as you’ve never before seen him. Based on hundreds of interviews and filled with piercing insights and startling disclosures, *Confidence Men* brings into focus the collusion and conflict between the nation’s two capitals—New York and Washington, one of private

---

gain, the other of public purpose—in defining confidence and, thereby, charting America’s future.

Supreme Command

Simon and Schuster

Two reporters were assigned to cover what seemed a routine burglary in the opulent Watergate building in downtown Washington. It was the first step in what must be the most devastating political detective story of the century.

*Counterinsurgency Warfare* Simon and

Schuster

From “master of the genre” (The Washington Post) Joseph Kanon, an espionage thriller set at the height of the Cold War, when a captured American who has spied for the KGB is swapped by the British and returns to East Berlin needing to know who arranged his release and what they want from him. Berlin. 1963. The height of the Cold War. An early morning spy swap, not at the familiar setting for

such exchanges, or at Checkpoint Charlie, where international visitors cross into the East, but at a more discreet border crossing, usually reserved for East German VIPs. The Communists are trading two American students caught helping people to escape over the wall and an aging MI6 operative. On the other side of the trade: Martin Keller, a physicist who once made headlines, but who then disappeared into the English prison system.

---

Keller's most critical possession: his American passport. Keller's most ardent desire: to see his ex-wife Sabine and their young son. The exchange is made with the formality characteristic of these swaps. But Martin has other questions: who asked for him? Who negotiated the deal? The KGB? He has worked for the service long enough to know that nothing happens by chance. They want him for something. Not physics—his expertise

is out of date. Something else, which he cannot learn until he arrives in East Berlin, when suddenly the game is afoot. Filled with intriguing characters, atmospheric detail, and plenty of action Kanon's latest espionage thriller is one you won't soon forget.

*The Obamas* Crown Forum

The Choice is Bob Woodward's classic story of the quest for power, focusing on the 1996 presidential campaign as

a case study of money, public opinion polling, attack advertising, handlers, consultants, and decision making in the midst of electoral uncertainty. President Bill Clinton is examined in full in the contest with Senate Majority Leader Bob Dole, the Republican presidential nominee. The intimacy and detail of Woodward's account of the candidates and their wives show the epic human struggle in this race for the White House.

---

The Price of Politics Simon and Schuster

Based on 18 months of reporting, Woodward's 17th book is an intimate, documented examination of how President Obama and the highest profile Republican and Democratic leaders in the United States Congress attempted to restore the American economy and improve the federal government's fiscal condition over three and one half years. Drawn from memos, contemporaneous meeting notes, emails and in-depth interviews with the

central players, **THE PRICE OF POLITICS** addresses the key issue of the presidential and congressional campaigns: the condition of the American economy and how and why we got there. Providing verbatim, day-by-day, even hour-by-hour accounts, the book shows what really happened, what drove the debates, negotiations and struggles that define, and will continue to define, the American future.

**Rage** Simon and Schuster  
When Barack Obama won the 2008 presidential

election, he also won a long-running debate with his wife Michelle. Contrary to her fears, politics now seemed like a worthwhile, even noble pursuit. Together they planned a White House life that would be as normal and sane as possible. Then they moved in. In the Obamas, Jodi Kantor takes us deep inside the White House as they try to grapple with their new roles, change the country, raise children, maintain friendships, and figure out what it means to be the first black President and First Lady. Filled with

---

riveting detail and insight into their partnership, emotions and personalities, and written with a keen eye for the ironies of public life, *The Obamas* is an intimate portrait that will surprise even readers who thought they knew the President and First Lady.

**The Obamians** Simon and Schuster

An account of the Trump presidency draws on interviews with firsthand sources, meeting notes, diaries, and confidential documents to provide details about Trump's moves as he faced a global pandemic,

economic disaster, and racial unrest.

**THE INSIDE STORY**

**ON PRESIDENT TRUMP, AS ONLY BOB WOODWARD CAN TELL IT**  
With authoritative reporting honed through nine presidencies, author Bob Woodward reveals in unprecedented detail the harrowing life inside President Donald Trump’s White House and precisely how he makes decisions on major foreign and domestic policies. Fear is the most intimate portrait of a sitting president ever published during the president’s first years in office. The focus is on the explosive debates

---

and the decision-making in the Oval Office, the Situation Room, Air Force One and the White House residence. Woodward draws from hundreds of hours of interviews with firsthand sources, meeting notes, personal diaries, files and documents. Often with day-by-day details, dialogue and documentation, *Fear* tracks key foreign issues from North Korea, Afghanistan, Iran, the Middle East, NATO, China and Russia. It reports in-depth on Trump's key domestic issues particularly trade and tariff disputes,

immigration, tax legislation, the Paris Climate Accord and the racial violence in Charlottesville in 2017. *Fear* presents vivid details of the negotiations between Trump's attorneys and Robert Mueller, the special counsel in the Russia investigation, laying out for the first time the meeting-by-meeting discussions and strategies. It discloses how senior Trump White House officials joined together to steal draft orders from the president's Oval Office desk so he would not issue directives that would

jeopardize top secret intelligence operations. "It was no less than an administrative coup d'état," Woodward writes, "a nervous breakdown of the executive power of the most powerful country in the world."

*Ghosts of Afghanistan* Little, Brown

A template for the defeat of insurgents seeks to define the laws of counterinsurgency warfare, discuss its principles, and outline the corresponding strategy and tactics.

*The War Within* Simon and Schuster

In his unmissable new book

---

Bob Woodward takes the reader on an inside journey from the start of the Iraq War in 2003 right up to the present day, providing a detailed, authoritative account of President Bush's leadership and the struggles among the men and women in the White House, the Pentagon, the CIA and the State Department. With Bush well into his second term, Woodward breaks new ground, as he has in his thirteen previous international bestsellers, including *BUSH AT WAR* and *PLAN OF ATTACK*. Woodward puts the Bush legacy in historical context as he shows this presidency in action in a way that is normally

seen only years after a chief executive leaves office. He describes how Bush and his team have attempted to change the way that wars are fought, and put together a re-election campaign while re-inventing their strategy for the invasion and occupation of Iraq over and over again. Here is the behind-the-scenes story of this administration -- meetings, conversations, and memos; conflicts, manoeuvring, and anguish -- as key administration figures provide a full view of the first presidency of the twenty-first century. *Plan of Attack* Vintage Bill O'Reilly is even madder today than when he wrote

his last book, *The O'Reilly Factor*, and his fans love him even more. He's mad because things have gone from bad to worse in politics, in Hollywood, in every social stratum of the nation. True to its title, *The No Spin Zone* cuts through all the rhetoric that some of O'Reilly's most infamous guests have spewed to expose what's really on their minds, while sharing plenty of his own emphatic counterpoints along the way. Shining a searing spotlight on public figures from President George W. Bush and

---

Senator Hillary Clinton to the Reverends Jesse Jackson and Al Sharpton to his former CBS News colleague Dan Rather, *The No Spin Zone* is laced with the kind of straight-shooting commentary that has made O'Reilly the voice of middle America's disenfranchised. *State of Denial: Bush at War* Simon and Schuster "An extraordinary work of reportage on the epic political story of our time" (Newsweek)—from Bob Woodward and Carl Bernstein, Pulitzer Prize-winning coauthors of *All the*

*President's Men. The Final Days* is the #1 New York Times bestselling, classic, behind-the-scenes account of Richard Nixon's dramatic last months as president. Moment by moment, Bernstein and Woodward portray the taut, post-Watergate White House as Nixon, his family, his staff, and many members of Congress strained desperately to prevent his inevitable resignation. This brilliant book reveals the ordeal of Nixon's fall from office—one of the gravest crises in presidential history.

**The Choice** Simon and Schuster This reissue of Bob Woodward's classic book about John Belushi—one of the most interesting performers and personalities in show business history—"is told with the same narrative style that Woodward employed so effectively in *All the President's Men* and *The Final Days*" (Chicago Tribune). John Belushi was found dead of a drug overdose March 5, 1982, in a seedy hotel

---

bungalow off Sunset Boulevard in Hollywood. Belushi's death was the beginning of a trail that led Washington Post reporter Bob Woodward on an investigation that examines the dark side of American show business—TV, rock and roll, and the movie industry. From on-the-record interviews with 217 people, including Belushi's widow, his former partner Dan Aykroyd, Belushi's movie directors including Jack Nicholson and

Steven Spielberg, actors Chevy Chase, Robin Williams, and Carrie Fisher, the movie executives, the agents, Belushi's drug dealers, and those who live in the show business underground, the author has written a close portrait of a great American comic talent, and of his struggle to succeed and to survive that ended in tragedy. Using diaries, accountants' records, phone bills, travel records, medical records, and

interviews with firsthand witnesses, Woodward has followed Belushi's life from childhood in a small town outside Chicago to his meteoric rise to fame. Bob Woodward has written a spellbinding account of rise and fall, a cautionary tale for our times, and a poignant and gentle portrait of a young man who had so much, gave so much, and lost so much.
