The Grammar for a Purpose series uses the standard grammar terminology within a contextual framework to develop knowledge and understanding of how grammar is used and how it can change to suit the writing purpose. Student

Books Present authentic models of grammar in informative, imaginative and persuasive texts. Explore the key grammar features of each text type at the text, sentence and word level, and then compare the use of a specific word-level grammar feature in two other text types. Define the Australian Curriculum metalanguage of grammar. Explore grammar choices in writing so that grammar becomes more than a simple set of rules. Analyse the use of language devices to create specific effects, for example, similes, metaphors, repetition, technical language and so on. Allow ample opportunity for revision and consolidation of grammar knowledge and skills. Include reflection of learning prompts at relevant intervals. CD-ROM A CD-ROM is included with each student book to model, review and assess punctuation usage. A punctuation continuum across year levels. Preparation for NAPLAN testing. Proofreading for punctuation exercises allowing students to apply their knowledge and skills.

Spelling Mastery, Student Workbooks, Level F Replacing the old assign-and-test

---

spelling book, Spelling Mastery is an effective, research-based program presents spelling strategies, patterns, and reliable rules. Benefits: Spelling Mastery interweaves three spelling strategies according to students' skill development. The phonemic approach helps beginning spellers learn and apply relationships between spoken sound and written letters to spelling. The morphemic approach shows advanced spellers how to spell prefixes, bases, suffixes and how to combine them to spell multisyllabic words. The intensive whole-word approach teaches students at all levels common words that cannot be taught with phonemic or morphemic strategies. Reliable spelling rules help students move beyond memorization to understand how

words are spelled.
