Objective question and Answer for class -2nd - YouTube

Multiple choice questions are fundamental survey questions which provides respondents with multiple answer options. Primarily, multiple choice questions can have single select or multi select answer options. These are the most fundamental questions of a survey or questionnaire where the respondents are expected to select one or more than one option from the multiple choice question options.

Objective test questions may be constructed as a list of possible answers, requiring the students to recognize the correct one from the list. These questions include matching, true/false, and multiple choice. Other objective test questions, like fill-in-the-blank questions, require that the student recall the correct answer from memory.
