Sasha Dawn has done an amazing job of putting us right in the thick of Callie's thoughts, fears, and the incredible journey of someone who suffers with graphomania {a compulsion to write}. The book is written in a way where you're not 100% sure where the next turn is going to take you, but I promise it's all resolved at the end.

## Oblivion Sasha Dawn

Dawn's novel is set apart from other young adult novels because of her realistic representation of mental illness. Graphomania is not a widely known and understood disease, so Dawn is forced to explain the compulsion in depth while not deviating from the story told from Callie's troubled point of view.
