OCR Biology AS Student Workbook Philip Allan
Written by experienced authors and practising teachers the Essentials student book matches the OCR specifications for AS Biology and Human Biology.

A Level Biology for OCR A Philip Allan
Exam Board: OCR Level: A-level Subject: Biology First Teaching: September 2015 First Exam: June 2017 Reinforce students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades. Written by experienced examiner Richard Fosbery, our

Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will:

- Develop students' understanding of key concepts and terminology; this guide covers module 6: genetics, evolution and ecosystems.
- Consolidate students' knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach questions from module 6 with confidence.
- Enable students to target top grades with sample answers and commentary explaining exactly why

marks have been awarded.
