Statistics 1 for OCR James
Currey Publishers

Written to support and enhance assessment alongside the pupil texts, these resources offer a range of material for the OCR Specification. They provide test questions for each chapter together with detailed mark schemes to make assessment easy. Two versions of each question are provided, one allows pupils

to write their answers in the spaces provided and the other requires pupils to have separate writing paper.

Questions can be grouped according to needs. Master grids are provided to cut and paste tests together in a consistent format to use the resource in any order.

Chapter tests can be grouped to form a module test after chapters. End-of-chapter examinations can also be produced in this way. A free non-calculator supplement organised by unit/chapter is also included in this resource.

A-level Year 1 & AS Mathematics, Exam Board: OCR Cambridge
University Press

This book contains 8 exam papers and it is aimed at June 2020 GCE AS Level Mathematics examinations and year 12 mock exams. These papers are written according to the syllabuses by the exam boards Edexcel, AQA, OCR MEI & OCR. Each section contains 2

exam papers labelled paper 1 & paper 2 similar to the actual exam. First paper is Pure Mathematics & the second paper is Statistics & Mechanics. GCSE Mathematics for OCR Higher Student Book Nelson Thornes

This book supports students preparing for the OCR GCSE exam. The practice papers in the book are carefully modelled after past papers and specifications of exam board to ensure that the papers as a whole provide a rich and varied practice to meet all requirements of GCSE mathematics with an appropriate difficulty. Papers are designed to teach students the most easily applicable, reusable and fastest solutions to typical problems, and utilise problems which target areas of maths which students typically forget under the pressure of an exam. Solutions provided have been reviewed by many students to ensure that they are easily understandable while being the fastest and most re-applicable.
