Gcse Additional Science Ocr Gateway Letts and Lonsdale

A new series of bespoke, full-coverage resources developed for the 2016 GCSE Computer Science qualifications. Written for the OCR GCSE Computer Science specification for first teaching from 2016, this print Student Book uses an exciting and engaging approach to help students build their knowledge and master underlying computing principles and concepts. Designed to develop computational thinking, programming and problem-solving skills, this resource includes

challenges that build on learning objectives, and real-life examples that demonstrate how computer science relates to everyday life. Remember features act as revision references for students and key mathematical skills relevant to computer science are highlighted throughout. A digital Cambridge Elevate-enhanced Edition and a free digital Teacher's Resource are also available.

OCR GCSE Computer Science My Revision Notes
2e Letts & Lonsdale

The aim of this book is to provide an accessible text for students, covering each of the elements in the OCR GCSE (9-1) Computer Science specification J276. It will be invaluable both as a course text and in revision for students nearing the end of the course. It is divided into eight sections, each broken down into manageable chapters of

roughly one lesson. Sections 5 and 6 of the textbook cover algorithms and programming concepts with a theoretical approach to provide students with experience of writing, tracing and debugging pseudocode solutions without the aid of a computer. These sections would complement practical programming experience. Each of the eight sections cover one of the major topics in this course, and each subtopic contains sample examination questions from past papers, which can be set as homework.

GCSE Core Science OCR 21st Century Practice Papers Foundation
HarperCollins UK

These Foundation level CGP practice papers are tailored exactly for the AQA specifications. There's also an answer book in the pack containing full answers and tips to improve students' performance. Gcse Practice Papers Science Ocr Gateway Higher GCSE OCR Computer Science For the Grade 9-1 Course Practice Exam Papers ClearRevise Exam Tutor OCR GCSE Computer Science J277 Exam tutor and walk-through
Over 500 exam-style revision questions with model answers Exam tips and coaching just like a tutor would offer Two complete practice exam papers
Answers to all questions Specification references for every topic A perfect companion to our ClearRevise illustrated revision book. Make exam revision as easy as 1, 2, 3. Study the questions with model answers on the left pages Have a go at fresh questions from the same topic on the right Breeze through two complete practice papers ClearRevise is all about making your revision easy. At the end of the course, doing practice papers is useful - but an exam tutor can make a big difference. This book helps provide support from both angles and will really help you to ace the exam. The first section is your exam tutor. It shows you example questions with model answers. Just like a tutor, it gives you exam tips and lets you know what the examiner is looking for. Secondly, you are then given similar questions from the same topic for you to have a go at, applying your knowledge and tips. With over 400 marks in this section and all the answers provided you'll easily revise the topics as you go. Lastly, there are two complete exam papers written in the same style as the live OCR papers to try. They're exactly the same length and marks as the real exam, providing a realistic experience and a great opportunity to show how much you've progressed. Revision Plus GCSE OCR 21st Century
