Most of the How to Books teach the elementary things. This Astrology book is thinking from top. But this is most practical professional worked out analysis of about 65 charts and wrote 10 articles. If you want to read theory, then this not the book, you perhaps need to spend 5 to 10 years to study the basics .

Instead by reading the question answers you will have knowledge that the most professional astrologers will envy. It is not "Your Sun or Moon Sign" Book: Most of the Sun Sign and Moon Sign Books are general in nature. At the end of reading 500 page book you will be exhausted, still nothing learnt for sure to apply in your real life. Then where is the time to read moon sign/sunsign books of other signs, to capitalise on your elementary knowledge gained? This book is not related your moon or sun sign but you can understand how Astrologers analyse charts, and that interest will make you start on analysing others charts- that is

why the author calls it applied call it applied astrology and practice. Paperback Add to Cart EBook Add to Cart for immediate download It is useful reference guide for Astrologers as well as people who want to understand Vedic Astrology from practical aspect It is a defence book : What about some self-proclaimed Vedic Astrologer bluffing you towards his personal agenda? Read this book and grasp the words used and you are a martial law expert in defending the astrological assault,because you know more words and meanings than him. This is a friendship book: How many people in their daily usage talk about moon signs, sun signs and relate their luck with that? What if you can relate their problems now from Vedic angle and point them to proper people? Will they be thankful to you, for you are caring about them and guiding them properly? This is an interesting book: From stupid individual life-questions to most intelligent general questions are answered. 2010 Book ISBN:9780958286350

Narrator Gladys Cailiff is eleven years old in 1938 when a worldly schoolteacher turns the small town of Threestep, Georgia, upside down. Miss Grace Spivey defies the traditional curriculum and racial boundaries alike, regaling her charges with readings from the Thousand Nights and a Night and

casting a gifted African American student as "chief engineer" of the town's annual festival, newly reinvented as the Baghdad Bazaar. But her progressive actions are not without consequence and ultimately culminate in a night of death-defying stories that take readers on a magic carpet ride from a schoolroom in the South to the banks of the Tigris (and back again).
