DIVIDIV Before he became the hero of the Trojan War, young Odysseus battled monsters and magic/divDIV Young Prince Odysseus longs to be a hero. But when he and his travelling companions are captured on their way home to Ithaca, Odysseus learns that being a hero isn't always easy. Now Odysseus must fight dastardly pirates, survive the enchanted songs of sirens, slay monsters, and defeat a treacherous king. Worse still, Odysseus has to deal with girls: snooty, spoiled Princess Helen of Sparta and her companion, the annoyingly sensible Penelope. Odysseus must use his strength and cleverness to save his friends, and he must sacrifice more than he ever expected to be come the hero he is destined to be./divDIV /divDIV This ebook features personal histories by Jane Yolen and Robert J. Harris including rare images from the authors' personal collections, as well as a timeline of the Heroic Age and a conversation between the two authors about the making of the series./div/div [Homer's Odyssey](#) HarperCollins

The relationship of architecture to the human body is a centuries-long and complex one, but not always symmetrical. This book opens a space for historians of the visual arts, archaeologists, architects, and digital humanities professionals to reflect upon embodiment, spatiality, science, and architecture in premodern and modern cultural contexts. *Architecture and the Body, Science and Culture* poses one overarching question: How does a period's understanding of bodies as objects of science impinge upon architectural thought and design? The answers are sophisticated, interdisciplinary explorations of theory, technology, symbolism, medicine, violence, psychology, deformity, and salvation, and they have unexpected and fascinating implications for architectural design and history. The new research published in this volume reinvigorates the Western survey-style trajectory from Archaic Greece to post-war Europe with scientifically framed, body-centred provocations. By adding the third factor—science—to the architecture and body equation, this book presents a nuanced appreciation for architectural creativity and its embeddedness in other sets of social, institutional and political relationships. In so doing, it spatializes body theory and ties it to the experience of the built environment in ways that disturb traditional boundaries between the architectural container and the corporeally contained.

The Children's Homer John Wiley & Sons

Odysseus The Hero of Ithaca Adapted from the Third Book of the Primary Schools of Athens, Greece By Mary E. Burt and Zenaide A. Ragozin GREEK CLASSICS Odysseus, also known by the Latin name Ulysses, was a legendary Greek king of Ithaca and the hero of Homer's epic poem the *Odyssey*. Odysseus also plays a key role in Homer's *Iliad* and other works in that same epic cycle. Husband of Penelope, father of Telemachus, and son of Laertes and Anticlea, Odysseus is renowned for his brilliance, guile, and versatility (polytropos), and is hence known by the epithet Odysseus the Cunning (metis, or "cunning intelligence"). He is most famous for the *Odyssey*, ten eventful years he took to return home after the decade-long Trojan War. "Happily the Greek nation, more than any other, abounds in literary masterpieces. Nearly all of the Greek writings contain an abundance of practical wisdom and virtue. Their worth is so great that even the most advanced European nations do not hesitate to introduce them into their schools. The Germans do this, although their habits and customs are so different from ours. They especially admire Homer's works. These books, above all others, afford pleasure to the young, and the reason for it is clearly set forth by the eminent educator Herbart: "The little boy is grieved when told that he is little. Nor does he enjoy the stories of little children. This is because his imagination reaches out and

beyond his environments. I find the stories from Homer to be more suitable reading for young children than the mass of juvenile books, because they contain grand truths.' "Therefore these stories are held in as high esteem by the German children as by the Greek. In no other works do children find the grand and noble traits in human life so faithfully and charmingly depicted as in Homer. Here all the domestic, civic, and religious virtues of the people are marvellously brought to light and the national feeling is exalted. The Homeric poetry, and especially the 'Odyssey,' is adapted to very young children, not only because it satisfies so well the needs which lead to mental development, but also for another reason. As with the people of olden times bravery was considered the greatest virtue, so with boys of this age and all ages. No other ethical idea has such predominance as that of prowess. Strength of body and a firm will characterize those whom boys choose as their leaders. Hence the pleasure they derive from the accounts of celebrated heroes of yore whose bravery, courage, and prudence they admire."

The Odyssey Pan

For Greek myth fans, those who can't get enough of the D'Aulaires' Book of Greek Myths, and readers who have aged out of Rick Riordan, this classroom staple and mythology classic is perfect for learning about the ancient myths! King Odysseus and the Greeks have triumphed over the Trojans. At long last, they are able to set sail for home and the loving family Odysseus left behind. But for the heroic king, the return voyage holds hazards far greater than any he faced during the war. Forced by treacherous winds into unknown seas, Odysseus and his crew must face deadly perils: the flesh-eating Cyclops, Circe and her deadly enchantments, and the soul-chilling Land of the Dead and more. Rosemary Sutcliff's reimagining of the classic epic *The Odyssey* is woven through with a spectacular cast of men, magicians, and monsters. Odysseus's harrowing journey home to his family and kingdom tests the limits of his strength, and the power of his will. Homer's epic poem, *The Odyssey*, is one of the greatest adventure stories of all time and Rosemary Sutcliff stays true to the classic tale and characters in this authentic retelling rich with drama, magic, and heroism. Don't miss *Black Ships Before Troy*, the companion to *The Wanderings of Odysseus*, and follow Odysseus and his crew as they fight in the epic battle against the Trojans.

The Odyssey Greystone Books

An introductory guide to the Archaic period in ancient Greece—the people, their society, and their culture. Excerpts from literary and other texts give voice to the interests, concerns, and emotions of the Archaic Greeks themselves. This book provides a brief but comprehensive introduction to the society and culture of the Archaic period in the Greek world from c. 750 to c. 480 BCE. It focuses on the persistent and often-conflicting themes, topics, and controversies of the Archaic Age (e.g., elite and non-elite, religion and science, tradition and humanism). It seeks to lead the reader to a broader and deeper understanding of the period by placing themes and topics in a mutually supportive contextual network that will underscore their significance. *Archaic Greece: The Age of New Reckonings* begins with a chapter on how sources for the period are evaluated and deployed, and goes on to offer a concise yet thorough historical overview of the Archaic period. Subsequent chapters cover polis and politics; war and violence; religion; science; philosophy; art; literature; festivals and games; social forces, values, and behaviors; and gender and sex. The book: Offers a novel approach to a very significant period that foregrounds literary evidence and the words voiced by Archaic Greeks, combining scholarship with readability; Conceptualizes Archaic Greek culture and society by focusing substantially on topics that supplement the history of the period; Combines diverse elements of society and culture, including religion, art, literature, games and festivals, gender, sexuality, and politics in order to develop a unique picture of Greece during the Archaic period; Includes a summarizing essay that draws chapters together, emphasizing the implications of their topics and themes. *Archaic Greece: The Age of New Reckonings* should appeal to college-level instructors as a book to assign to students enrolled in courses involving Archaic Greece and to others interested in this intriguing and pivotal period in ancient Greece.

The Return of Odysseus Scholastic Inc.

"Elizabeth Clare Prophet's fresh and insightful interpretation of the rites of passage hidden in one of the greatest epics of all time, Homer's *Odyssey*, is your personal map for charting life's challenges and achieving your highest potential. After the Trojan War, Odysseus struggles against all odds to return to his beloved wife and homeland. His voyage is much more than a tale of monsters, enchantresses and mythical gods. The drama of Odysseus is an inner drama. His relationships and encounters mirror back to him parts of his own character that he must confront. His journey is also symbolic of our own voyage through life and our efforts to navigate its turbulent waters and explore its uncharted islands. *Odyssey of Your Soul* is an invitation to become the hero you are meant to be."

Audisee® eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience! After finally winning the decade-long war against the Trojans, Odysseus, captain of the Greek Army, only has to guide his men back home, across the sea. Yet the journey will prove just as perilous as the

battles they have just won, as they encounter the monstrous, man-eating Cyclops, the irresistible song of the siren, and the wrath of an angry Poseidon, god of the sea. Are he and his men destined to die at sea? Or can Odysseus's cunning, strength, and courage bring them safely home?

Rejuvenating Medical Education John Hunt Publishing

In this ambitious follow-up to *Achilles in Vietnam*, Dr. Jonathan Shay uses the *Odyssey*, the story of a soldier's homecoming, to illuminate the pitfalls that trap many veterans on the road back to civilian life. Seamlessly combining important psychological work and brilliant literary interpretation with an impassioned plea to renovate American military institutions, Shay deepens our understanding of both the combat veteran's experience and one of the world's greatest classics.

Odysseus: the Oath Millbrook Press

Homer the Preclassic considers the development of the Homeric poems—in particular the *Iliad* and *Odyssey*—during the time when they were still part of the oral tradition. Gregory Nagy traces the evolution of rival “Homers” and the different versions of Homeric poetry in this pretextual period, reconstructed over a time frame extending back from the sixth century BCE to the Bronze Age. Accurate in their linguistic detail and surprising in their implications, Nagy's insights conjure the Greeks' nostalgia for the imagined “epic space” of Troy and for the resonances and distortions this mythic past provided to the various Greek constituencies for whom the Homeric poems were so central and definitive.

Odysseus and the Cyclops, Circle Enchants Odysseus, The Call of the Sirens Penguin Classics

This book explores the relationship between authority and context and attempts to establish the ways in which authority is a function of a particular agent or set of agents, and the degree to which it is a product of a context rather than an agent. The work is not a sociological or psychological study but rather a literary/philosophical speculation into the roots of our conceptions of authority. It declares all authority to be aesthetic in nature and is based on an analysis of several key texts from various different cultural backgrounds: Foucault, Weber, Nietzsche, Confucius, and Homer.

[Archaic Greece](#) Biblio & Tannen Publishers

A collection of short plays based on Greek myths, intended for grades 4-8.

Homer's Odyssey Pan Macmillan

Returning to Homer's *Iliad* and *Odyssey* for inspiration, this book uses these epics as a medium through which we might think imaginatively about key issues in contemporary medicine and medical education. These issues include doctors as heroes, and the legacy of heroic medicine in an age of clinical teamwork, collaboration and a more feminine medicine. The authors challenge ingrained habits in medical education, such as the way we characteristically “train” medical students to communicate with patients and colleagues; the reduction of compassion to the “skill” of empathy; the rote recital of the medical history as a “song”; and the new vogue for “resilience” as response to increasing levels of stress and burnout in the profession. A Homeric lens also shows new ways of thinking about translation of medical lingo into patients' understanding, the relatively high levels of anger and error shown in clinical interactions, and modern phenomena such as “whistleblowing” in the face of unacceptable error or misbehaviour. While exhaustion and burnout are becoming more common in medicine, the authors ask if a more lyrical, rather than epic and tragic stance, might benefit medical work. Drawing on a wealth of experience in the field, the book promotes a new kind of medicine and medical education fit for the 21st century, but envisages these through the ancient lens of Homer's two epics. In the heroic glory elaborated in the *Iliad* and the themes of homecoming and hospitality set out in the *Odyssey*, Homer provides a narrative arc that is a blueprint of modern medicine's development from a heroic endeavour to a contemporary collaborative provision of hospitality, where the hospital remains true to its name and doctors engage in work of care rather than “fighting” disease with the hospital as battleground.

The Artistry of the Homeric Simile Springer

Travel back to a mythical time when Achilles, aided by the gods, waged war against the Trojans. And join Odysseus on his journey through murky waters, facing obstacles like the terrifying Scylla and whirling Charybdis, the beautiful enchantress Circe, and the land of the raging Cyclopes. Using narrative threads from *The Iliad* and *The Odyssey*, Padraic Colum weaves a stunning adventure with all the drama and power that Homer intended.

Odysseus Simon and Schuster

After war and strife, a mighty king's troubles are only just beginning . . . After ten years at war and ten years wandering the world, Odysseus has finally returned home. But he cannot reveal his identity to his faithful wife Penelope. A gang of would-be lovers are pestering her to marry one of them - and are prepared to kill anyone who claims to be her husband. Now Odysseus must use all his cunning and ingenuity to get rid of them, if he is to reclaim his wife and his rightful place as King of Ithaca once and for all.

Homer's Hero Univ of California Press

Offering a new, Plato-inspired reading of the Iliad and the Odyssey, this book traces the divergent consequences of love of honor and love of one's own private life for human excellence, justice, and politics. Analyzing Homer's intricate character portraits, Michelle M. Kundmueller concludes that the poet shows that the excellence or virtue to which humans incline depends on what they love most. Ajax's character demonstrates that human beings who seek honor strive, perhaps above all, to display their courage in battle, while Agamemnon's shows that the love of honor ultimately undermines the potential for moderation, destabilizing political order. In contrast to these portraits, the excellence that Homer links to the love of one's own, such as by Odysseus and his wife, Penelope, fosters moderation and employs speech to resolve conflict. It is Odysseus, rather than Achilles, who is the pinnacle of heroic excellence. Homer's portrait of humanity reveals the value of love of one's own as the better, albeit still incomplete, precursor to a just political order. Kundmueller brings her reading of Homer to bear on contemporary tensions between private life and the pursuit of public honor, arguing that individual desires continue to shape human excellence and our prospects for justice.
