Virgil's Homeric Lens reevaluates the traditional view of the Aeneid's relationship to Homer's Iliad and Odyssey. Almost since the death of Virgil, there has been an assumption that the Aeneid breaks into two discrete halves: Virgil's Odyssey, and Virgil's Iliad. Although modified in various ways over the centuries, this neat dichotomy has generally diminished the complexity and resonance of the connection between the two canonical epic poets. This work offers an alternate approach in which Virgil uses the transformative power of the Odyssey as a precise filter through which to read the Iliadic experience. By examining the ways in which Virgil bases his own epic project on the dynamic interaction between the two Homeric poems themselves, Edan Dekel proposes a system in which the Aeneid uses the Odyssey both as a conceptual model for writing an intertextual epic and as a powerful refracting lens for the specific interpretation of the Iliad and its consequences. The traditional view of the Homeric poems as static sources for the construction of distinct "Odyssean" and "Iliadic" halves of the Aeneid is supplanted by an analysis which emphasizes the active and persistent influence of the Odyssey as a guide to processing the major thematic concerns of the Iliad and exploring the multiple aftermaths of the Trojan war.

New edition with foreword by Nobel Peace Prize winner Desmond Tutu: “How extraordinary that this humble suitcase has enabled children all over the world to learn through Hana’s story the terrible history of what happened and that it continues to urge them to heed the warnings of history.” In the spring of 2000, Fumiko Ishioka, the curator of a small Holocaust education centre for children in Tokyo, received a very special shipment for an exhibit she was planning. She had asked the curators at the Auschwitz museum if she could borrow some artifacts connected to the experience of children at the camp. Among the items she received was an empty suitcase. From the moment she saw it, Fumiko was captivated by the writing on the outside that identified its owner – Hana Brady, May 16, 1931, Waisenkind (the German word for orphan). Children visiting the centre were full of questions. Who was Hana Brady? Where did she come from? What was she like? How did Hana become an orphan? What happened to her? Fueled by the children’s curiosity and her own need to know, Fumiko began a year of detective work, scouring the world for clues to the story of Hana Brady. Writer Karen Levine follows Fumiko in her search through history, from present-day Japan, Europe and North America back to 1938 Czechoslovakia and the young Hana Brady, a fun-loving child with a passion for ice skating. Together with Fumiko, we learn of Hana’s loving parents and older brother, George, and discover how the family’s happy life in a small town was turned upside down by the invasion of the Nazis. Based on an award-winning CBC documentary, *Hana’s Suitcase* takes the reader on an incredible journey full of mystery and memories, which come to life through the perspectives of Fumiko, Hana and later Hana’s brother, who now lives in Canada.
