Peter Ahrens Dorf offers a sustained challenge to the prevailing view that Sophocles is an opponent of rationalism.

Key Concepts In Counselling And Psychotherapy:

A Critical A-Z Guide To Theory Penguin UK

Unlock the more straightforward side of Oedipus the King with this concise and insightful summary and analysis! This engaging summary presents an analysis of Oedipus the King by Sophocles, a world-famous tragedy in which a man discovers that he has murdered his father and married his mother, despite having tried to escape this fate. The tragic irony in the play and the pathos of the scenes leading up to its final tragic ending have made it one of the major theatrical works of Ancient Times. Sophocles wrote 120 plays during his lifetime, but Oedipus the King is one of just seven to have survived. This classic tragedy has inspired many plays and films, and was even the basis for Freud's famous theory of the Oedipus Complex. Find out everything you need to know about Oedipus the King in a fraction of the time! This in-depth and informative reading guide brings you: • A complete plot summary • Character studies • Key themes and symbols • Questions for further reflection Why choose BrightSummaries.com? Available in print and digital format, our publications are designed to accompany you in your reading journey. The clear and concise style makes for easy understanding, providing the perfect opportunity to improve your literary knowledge in no time. See the very best of literature in a whole new light with BrightSummaries.com!

Searching for Oedipus Oedipus the King

"In Oedipus Tyrannus, the son's "retroactive discovery" of his father reveals a stunning truth and transforms guiltless murder into unbearable patricide. But which father is discovered? As Oedipus looks to several father figures--to Polybus, Teiresias, and Apollo, as well as Laius--he finds different laws and lessons and conflicting clues to his own identity. According to Pietro Pucci, the "truth" Oedipus discovers is in fact shifting fabrication, a son's struggle to answer the question "What is a father?" "In Oedipus and the Fabrication of the Father Pucci focuses on the plurality of father figures in Oedipus Tyrannus and offers a significantly new understanding of the nature of Oedipus's transgression. He examines the shifting relationship between father and son, along with notions of patricide and incest, destiny and chance, law and truth, and ironic revenge. Throughout, Pucci discusses important readings by other modern interpreters, including Freud, Lacan, and Heidegger as well as Reinhardt, Rudnytsky, Knox, Segal, and Vernant. Oedipus and the Fabrication of the Father places the work of Sophocles in a contemporary theoretical context, offering a sophisticated and subtle relocation of the play at the center of current debates on textuality."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved Detailed Summary, Analysis and Reading Guide Bloomsbury Publishing Written by a senior examiner, Julie McLoughlin, this AQA(B) AS Psychology Student Unit Guide is the essential study companion for Unit 1: Introducing Psychology. Greek Tragedy and Political Philosophy Bloomsbury Publishing

"This book provides a very good introduction to the key concepts and theories that inform and frame the current psychotherapeutic and counselling landscape. Each author has written on a selection of basic concepts as they are approached in their preferred therapeutic modality, resulting in an exciting and inclusive overview of both old and contemporary psychotherapeutic thought. In addition, each

author is mindful of the importance of a critical appraisal of the various concepts and theories. Thus, this book will be extremely useful both for trainees and practitioners." Dr Anastasios Gaitanidis, Senior Lecturer, University of Roehampton, London, UK "As well as being an invaluable source of knowledge about all aspects of counselling and psychotherapy, this book is a real pleasure to read. The authors have been able to capture the essence of ideas, traditions and key figures in a way that is accessible and a consistent source of delight and illumination. Highly recommended for anyone wishing to expand their psychotherapeutic horizons." John McLeod, Emeritus Professor of Counselling, University of Abertay Dundee, UK "This book does what it says on the tin, it highlights the key concepts and theories in the field of counselling and psychotherapy. It is a systematic and encyclopaedic voyage of all the central constructs in the field. It is very well written, snappy and thorough, but more important, it serves a vital need of putting in one place all the theories and concepts needed by anyone interested in counselling and psychotherapy." Cary L. Cooper, CBE, Professor of Organizational Psychology and Health, Lancaster University, UK and President of BACP "This is an invaluable guide for anyone wanting easily accessible information about counselling theory and practice. It will be as useful to trainees sitting as counsellors, as to experienced practitioners wanting to update their knowledge on the latest thinking." Tim Bond, University of Bristol, UK This helpful book offers a concise overview of core concepts within the four dominant approaches to counselling and psychotherapy: psychodynamic, humanistic-existential, cognitive behavioural and integrative. The book aims to assist you in developing your critical thinking and essay writing skills and includes: Over 140 entries, each between 500 and 1200 words Critical and engaging discussions of core concepts Biographical sketches of leading theorists, including: Freud, Jung and Rogers Using the popular alphabetical format, Key Concepts in Counselling and Psychotherapy is an ideal first source for students with an essay on counselling theory to write, a case study to analyse, a belief or assumption to challenge, or a question to explore. It will also appeal to practitioners or academics wanting to refresh their knowledge of theory and research.

"Oedipus at Colonus" from Sophocles. Greek tragedians (497 BC - 406 BC).

Oedipus at Colonus Createspace Independent Publishing Platform

A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps you to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Study Guide for The Developing Person Through Childhood and Adolescence 6e Greenleaf Press (TN)

Sophocles I contains the plays "Antigone," translated by Elizabeth Wyckoff; "Oedipus the King," translated by David Grene; and "Oedipus at Colonus," translated by Robert Fitzgerald. Sixty years ago, the University of Chicago Press undertook a momentous project: a new translation of the Greek tragedies that would be the ultimate resource for teachers, students, and readers. They succeeded. Under the expert management of eminent classicists David Grene and Richmond Lattimore, those translations combined accuracy, poetic immediacy, and clarity of presentation to render the surviving masterpieces of Aeschylus, Sophocles, and Euripides in an English so lively and compelling that they remain the standard translations. Today, Chicago is taking pains to ensure that our Greek tragedies remain the leading English-language versions

throughout the twenty-first century. In this highly anticipated third edition, Mark Griffith and Glenn W. Most have carefully updated the translations to bring them even closer to the ancient Greek while retaining the vibrancy for which our English versions are famous. This edition also includes brand-new translations of Euripides' Medea, The Children of Heracles, Andromache, and Iphigenia among the Taurians, fragments of lost plays by Aeschylus, and the surviving portion of Sophocles's satyr-drama The Trackers. New introductions for each play offer essential information about its first production, plot, and reception in antiquity and beyond. In addition, each volume includes an introduction to the life and work of its tragedian, as well as notes addressing textual uncertainties and a glossary of names and places mentioned in the plays. In addition to the new content, the volumes have been reorganized both within and between volumes to reflect the most up-to-date scholarship on the order in which the plays were originally written. The result is a set of handsome paperbacks destined to introduce new generations of readers to these foundational works of Western drama, art, and life.

My Oedipus Complex Vintage

The ancient Greek tragedy about the exiled king's final days—and the power struggle between his two sons. The second book in the trilogy that begins with Oedipus Rex and concludes with Antigone, Oedipus at Colonus is the story of an aged and blinded Oedipus anticipating his death as foretold by an earlier prophecy. Accompanied by his daughters, Antigone and Ismene, he takes up residence in the village of Colonus near Athens—where the locals fear his very presence will curse them. Nonetheless they allow him to stay, and Ismene informs him his sons are battling each other for the throne of Thebes. An oracle has pronounced that the location of their disgraced father's final resting place will determine which of them is to prevail. Unfortunately, an old enemy has his own plans for the burial, in this heart-wrenching play about two generations plagued by misfortune from the world's great ancient Greek tragedian.

Oedipus the King by Sophocles (Book Analysis) Penguin

Translated and edited by Peter D. Arnott, this classic and highly popular edition contains two essential plays in the development of Greek tragedy—Oedipus the King and Antigone—for performance and study. The editor's introduction contains a brief biography of the playwright and a description of Greek theater. Also included are a list of principal dates in the life of Sophocles and a bibliography.

Deleuze and Guattari's 'Anti-Oedipus' Harper Collins

To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Deleuze and Guattari's Anti-Oedipus McGraw-Hill Education (UK)

While Greek tragedies are often studied as works of literature, they are less frequently examined as products of the social and political environment in which they were created. Rarely, too, are the visual and spatial aspects of these plays given careful consideration. In this detailed and innovative book, Lowell Edmunds combines two readings of Oedipus at Colonus to arrive at a new way of looking at Greek tragedy. Edmunds sets forth a semiotic theory of theatrical space, and then applies this theory to the visual and spatial dimensions of Oedipus at Colonus. The book includes an Appendix on the life of Sophocles and the reception of Oedipus at Colonus. Edmunds's unique approach to Oedipus at Colonus makes this an important book for students and scholars of semiotics, Greek tragedy, and theatrical performance.

Kaplan & Sadock's Study Guide and Self-Examination Review in Psychiatry Pioneer Drama Service, Inc.

In Searching for Oedipus, attorney Ken Glazer recounts his decades-long quest to answer the Riddle of Oedipus: why Oedipus Rex, after 2,500 years, still wields such enormous power. Along the way he slices through the scholarly debate, laying bare the many ways this ancient masterpiece still speaks

to us today.

The Army Lawyer Quest Books

Gilles Deleuze and Félix Guattari's *Anti-Oedipus* is the first part of a two volume project entitled *Capitalism and Schizophrenia*. Challenging the twin orthodoxies of Lacanian psychoanalysis and Althusserian Marxism, *Anti-Oedipus* is an important and exciting, yet challenging piece of philosophical writing. Ian Buchanan's *Reader's Guide to Anti-Oedipus* is the ideal companion to one of the twentieth-century's most influential philosophical works.

Oedipus and the Sphinx Rowman & Littlefield Pub
Incorporated

Nearly everyone has an old habit that just won't go away for good—anything from spending too many hours online, to spending too much money on QVC or eBay, to eating huge portions of ice cream any time the world seems stressful, to taking an extra pain pill because, well, why feel pain? Big or small, some of these habits can be very destructive and public; others can be equally devastating but easier to shield from view. Public or private, as we all know through painful experience, changing an old habit is no easy business—even wanting to do it can be difficult! We all feel so good when we can avoid what we know we shouldn't do: we've worked so hard. But why isn't that enough? Shouldn't it be? The general statistic says that over 90 percent of people relapse within a year of breaking an old habit. If that's true, we need to look at a new model for success: one that accounts for more than the effort involved (and we can be pretty good, many of us, at getting that far ...); we need one that accounts for doing it for the rest of your life. *The Complete Idiot's Guide to Changing Old Habits for Good* is the whole package—from separating good habits from bad, evaluating the risks and benefits (and yes, those cozy old habits can have their good sides), preparing yourself for change, and doing it-for good. It offers meaningful, hands-on strategies that anyone dealing with any behavioural issues can use.

Kafka on the Shore Houghton Mifflin Harcourt

When Oedipus met the Sphinx on the road to Thebes, he did more than answer a riddle—he spawned a myth that, told and retold, would become one of Western culture's central narratives about self-understanding. Identifying the story as a threshold myth—in which the hero crosses over into an unknown and dangerous realm where rules and limits are not known—*Oedipus and the Sphinx* offers a fresh account of this mythic encounter and how it deals with the concepts of liminality and otherness. Almut-Barbara Renger assesses the story's meanings and functions in classical antiquity—from its presence in ancient vase painting to its absence in Sophocles's tragedy—before arriving at two of its major reworkings in European modernity: the psychoanalytic theory of Sigmund Freud and the poetics of Jean Cocteau. Through her readings, she highlights the ambiguous status of the Sphinx and reveals Oedipus himself to be a liminal creature, providing key insights into Sophocles's portrayal and establishing a theoretical framework that organizes evaluations of the myth's reception in the twentieth century. Revealing the narrative of Oedipus and the Sphinx to be the very paradigm of a key transition experienced by all of humankind, Renger situates myth between the competing claims of science and art in an engagement that has important implications for current debates in literary studies, psychoanalytic theory, cultural history, and aesthetics.
