First published in 1937, Of Mice and

Men has been a staple of American literature ever since. Divided by decade, The Essential Criticism of John Steinbeck's Of Mice and Men provides an overview of criticism over the 70 years the book has been in print. Michael J. Meyer has assembled significant articles

and book excerpts from critics and reviewers, citing the early book reviews and highlighting some of the most significant essays. While not all critical studies are included, those assessments not present in the text are evaluated by summaries and their bibliographic citations are given. The essays express various critical approaches, including those that criticize the book and examine what some consider the book's flaws. Ideal for research work at all levels, this volume collects in one place the most significant contributions to the study of the novel,

making it a welcome addition to the canon of Steinbeck criticism.

Nick Hornby's second bestselling novel is about sex, manliness and fatherhood. Will is thirty-six, comfortable and child-free. And he's discovered a brilliant new way of meeting women - through single-parent groups. Marcus is twelve and a little bitnerdish: he's got the kind of mother who

made him listen to Joni Mitchell rather than Nirvana. Perhaps they can help each other out a little bit, and both can start to act their age.

These study notes are suitable for any course of study which includes this literary text. The study notes include detailed chapter summaries, study questions, character studies, essays on themes, language and style, suggestions for creative tasks and sample examination questions. As the free preview does not go as far as the essays on character and theme, an extract is given below so that you can judge the level of detail and difficulty: George is a "bindlestiff" - an itinerant ranch hand. His physical characteristics are that he is "small", "dark of face" and has "sharp, strong features" (ch. 1,

p. 2). In this initial description of George, there are also some hints about his character: he is "quick" and has "restless eyes". Later in the book, when he is talking to Slim, he says "I ain't so bright neither, or I wouldn't be buckin' barley for my fifty and found" (ch. 3, p. 44). This may be true, but he is certainly clever and wise. It could be that, when he says this, he is excusing himself, knowing that he could have achieved more if he did not have to look after Lennie. His wisdom and common sense are demonstrated in the next few pages when he advises Lennie to be careful about the pool because it "Looks kinda scummy" (ch. 1, p. 3). He explains to Lennie: "You never oughta drink water when it ain't running." By contrast, Lennie just puts his head in the water and gulps it "like a horse". This little incident brings out the contrast between the two men very early in the

novel. We soon find out that Lennie is mentally disabled, and that George looks after him. The history of their relationship is explained later in the novel, when he is talking to Slim in chapter 3: "Him and me was both born in Auburn. I knowed his Aunt Clara. She took him when he was a baby and raised him up. When his Aunt Clara died, Lennie just come along with me out workin'." (ch. 3, p. 45)
