Safehold Boxed Set 1 Tor Science Fiction

David Weber's New York Times bestselling Safehold series of military Science Fiction adventure, which began with Off Armageddon Reef, continues with *Midst Toil and Tribulation* **WAR AND FAMINE** Once the Church of God Awaiting dominated all the

kingdoms of Safehold. Then, after centuries of stasis, the island kingdom of Charis began to defy the edicts of Mother Church--egged on, some say, by the mysterious warrior-monk Merlin Athrawes, who enjoys the Charisian royal family's absolute trust. What vanishingly few people know is that Merlin is the cybernetic avatar of a young woman a thousand years dead, felled in the war in which aliens destroyed Earth...and that since awakening, his task has been to restart the history of the long-hidden human race. Now, reeling from the wars and intrigues that have cascaded from Charis's declaration of independence, the Republic of

Siddermark slides into chaos. The Church has engineered a rebellion, and Siddermark's all-important harvest is at risk. King Cayleb and Queen Sharleyan struggle to stabilize their ally, which will mean sending troops--but, even more importantly, preventing famine. For mass starvation in Safehold's breadbasket is a threat even more ominous than civil war... Safehold Series 1. Off Armageddon Reef 2. By Schism Rent Asunder 3. By Heresies Distressed 4. It is eighty-three years after the last of the thinking machines were destroyed in the Battle of Corrin, after Faykan Butler took the name of Corrin and established himself as the first Emperor of a new Imperium. Great changes are brewing that will shape and twist all of humankind. The war hero Vorian Atreides has turned his back on politics and Salusa Secundus. The descendants of Abulurd Harkonnen Griffen and Valya have sworn vengeance against Vor, blaming him for the downfall of their fortunes. Raquella Berto-Anirul has formed the Bene Gesserit School on the jungle planet Rossak as the first Reverend Mother. The descendants of Aurelius Venport and Norma Cenva have built Venport Holdings, using mutated, spice-saturated Navigators who fly precursors of Heighliners. Gilbertus Albans, the ward of

the hated Erasmus, is teaching humans to become Mentats...and hiding an unbelievable secret. The Butlerian movement, rabidly opposed to all forms of "dangerous technology," is led by Manford Torondo and his devoted Swordmaster, Anari Idaho. And it is this group, so many decades after the defeat of the thinking machines, which begins to sweep across the known universe in mobs, millions strong, destroying everything in its path. Every one of these characters, and all of these groups, will become enmeshed in the contest between Reason and Faith. All of them will be forced to choose sides in the inevitable crusade that could destroy humankind forever.... The Long War Macmillan

Someone is assassinating the leaders of both the Star Kingdom of Manticore and the recently liberated former slave planet of Torch. Though most believe the Republic of Haven is behind the murders, Anton Zilwicki and Havenite secret agent Victor Cachat believe there is another sinister player behind the scenes. Queen Berry of

Torch narrowly escaped one assassination attempt, and a security officer from Beowulf has been assigned to protect her, a task complicated by the young monarch's resentment of bodyguards, and the officer's growing attachment to her. Meanwhile, powerful forces in the Solarian League are maneuvering against each other to gain the upper hand, not realizing or, perhaps, not caring that their power struggle is threatening the League's very existence and could plunge the galaxy into war. Once again New York Times best-selling authors David Weber and Eric Flint join forces in an exciting new novel in the Honorverse. At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Rift Del Rey

Into the Light Macmillan

The launch of a new science fiction adventure series--by the New York

Times-best selling author of the Safehold series and the Honor Harrington series *The Galactic Hegemony* has been around a long time, and it likes stability--the kind of stability that member species like the aggressive, carnivorous Shongairi tend to disturb. So when the Hegemony Survey Force encountered a world whose so-called "sentients"--"humans," they called themselves--were almost as bad as the Shongairi themselves, it seemed reasonable to use the Shongairi to neutralize them before they could become a second threat to galactic peace. And if the Shongairi took a few knocks in the process, all the better. Now, Earth is conquered. The Shongairi have arrived in force, and humanity's cities lie in radioactive ruins. In mere minutes, more than half the human race has died. Master Sergeant Stephen Buchevsky, who thought he was being rotated home from his latest tour in Afghanistan, finds himself instead prowling the back country of the Balkans, dodging alien patrols and trying to organize scattered survivors

without getting killed. And in the southeastern US, firearms instructor and former Marine Dave Dvorak finds himself at the center of a growing network of resistance--putting his extended family at lethal risk, but what else can you do? On the face of it, Buchevsky's and Dvorak's chances look bleak, as do prospects for the rest of the surviving human race. But it may well be that Shongairi and the Hegemony alike have underestimated the inhabitants of that strange planet called Earth... in David Weber's *Out of the Dark*. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

New Earth Baen Books

In New York Times-bestselling science fiction epic *Out of the Dark*, Earth beat back an alien invasion. Now we've got to make sure they don't come back, in *Into the Light*. The Shongairi conquered Earth. In mere minutes, half the human race died, and our cities lay in shattered ruins. But the Shongairi didn't expect the survivors' tenacity. And, crucially, they didn't know that Earth harbored two species of intelligent, tool-using bipeds. One of them was us. The other, long-lived and lethal, was hiding in the mountains of eastern

Europe, the subject of fantasy and legend. When they emerged and made alliance with humankind, the invading aliens didn't stand a chance. Now Earth is once again ours. Aided by the advanced tech the aliens left behind, we're rebuilding as fast as we can. Meanwhile, a select few of our blood-drinking immortals are on their way to the Shongairi homeworld, having commandeered one of the alien starships...the planet-busting kind. With new alliances forged and old regimes fractured, Merlin—the cybernetic avatar of Earth's last survivor and immortal beacon to humanity—and the colonies of Safehold have many adventures ahead in *Through Fiery Trials*, the continuation of David Weber's New York Times bestselling military science fiction series *Those on the side of progressing humanity through advanced technology have finally triumphed over their oppressors*. The unholy war between the small but mighty island realm of Charis and the radical, luddite Church of God's Awaiting has come to an end. However, even though a provisional veil of peace has fallen over human colonies, the quiet will not last. For Safehold is a broken world, and as international alliances shift and Charis charges on with its precarious mission of global industrialization, the shifting plates of

the new world order are bound to clash. Yet, an uncertain future isn't the only danger Safehold faces. Long-thought buried secrets and prophetic promises come to light, proving time is a merciless warden who never forgets. David Weber's *Like a Mighty Army* is the hotly anticipated seventh volume in the New York Times bestselling Safehold series. For centuries, the world of Safehold, last redoubt of the human race, lay under the unchallenged rule of the Church of God Awaiting. The Church permitted nothing new--no new inventions, no new understandings of the world. What no one knew was that the Church was an elaborate fraud--a high-tech system established by a rebel faction of

Safehold's founders, meant to keep humanity hidden from the powerful alien race that had destroyed old Earth. Then awoke Merlyn Athrawes, cybernetic avatar of a warrior a thousand years dead, felled in the war in which Earth was lost. Monk, warrior, counselor to princes and kings, Merlyn has one purpose: to restart the history of the too-long-hidden human race. And now the fight is thoroughly underway. The island empire of Charis has declared its independence from the Church, and with Merlyn's help has vaulted forward into a new age of steam-powered efficiency. Fending off the wounded Church, Charis has drawn more and more of the countries of Safehold to the cause of independence and self-determination. But at a heavy cost in bloodshed and loss--a cost felt by nobody more keenly than Merlyn Athrawes. The wounded Church is regrouping. Its armies and resources are vast. The fight for humanity's future isn't over, and won't be over soon...

is the second in The Long Earth series. The Safehold Series, Volume I Walter Jon Williams
In David Weber's *By Heresies Distressed*, the battle for the soul of the planet Safehold has begun. The Kingdom of Charis and the Kingdom of Chisholm have joined together, pledged to stand against the tyranny of a corrupt Church. The youthful Queen Sharleyan of Chisholm has wed King Cayleb of Charis, forging a single dynasty, a single empire, dedicated to the defense of human freedom. Crowned Empress of that empire, Sharleyan has found in Cayleb's arms the love she never dared hope for in a "marriage of state." In Cayleb's cause, his defiance of the ruthless Group of Four who govern mother Church, she has found the task to which she can commit her mind and her courage. It is a cause for which she was born. Yet there are things Sharleyan still does not know. Secrets Cayleb has not been permitted to share, even with her. Secrets like the true story of humanity

A Mighty Fortress Tor Books

In David Weber's *How Firm a Foundation*, the fifth book in the Safehold series, the Charisian Empire, born in war, has always known it must fight for its very survival. What most of its subjects don't know even now, however, is how much more it's fighting for. Emperor Cayleb, Empress Sharleyan, Merlin Athrawes, and their innermost circle of most trusted advisers do know. And because they do, they know the penalty if they lose will be far worse than their own deaths and the destruction of all they know and love. For five years, Charis has survived all the Church of God Awaiting and the corrupt men who control it have thrown at the island empire. The price has been high and paid in blood. Despite its chain of hard-fought naval victories, Charis is still on the defensive. It can hold its own at sea, but if it is to survive, it must defeat the Church upon its own ground. Yet how does it invade the mainland and take the war to a foe whose population outnumbers its own fifteen to one? How does it prevent that massive opponent from rebuilding its fleets and attacking yet again? Charis has no answer to those questions, but needs to find one...quickly. The Inquisition's brutal torture and hideous executions are claiming more and more innocent lives. Its agents are fomenting rebellion against the only mainland realms sympathetic to Charis. Religious terrorists have been dispatched to wreak havoc against

the Empire's subjects. Assassins stalk the Emperor and Empress, their allies and advisers, and an innocent young boy, not yet eleven years old, whose father has already been murdered. And Merlin Athrawes, the cybernetic avatar of a young woman a thousand years dead, has finally learned what sleeps beneath the far-off Temple in the Church of God Awaiting's city of Zion. The men and women fighting for human freedom and tolerance have built a foundation for their struggle in the Empire of Charis with their own blood, but will that foundation be firm enough to survive? Hell's Foundations Quiver Macmillan
Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind

control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed. And he'll need to find a base of operations, a Safeholdian country that's just a little more freewheeling, a little less orthodox, a little more open to the new. And thus Merlin comes to Charis, a mid-sized kingdom with a talent for naval warfare. He plans to make the acquaintance of King Haarahld and Crown Prince Cayleb, and maybe, just maybe, kick off a new era of invention. Which is bound to draw the attention of the Church...and, inevitably, lead to war. It's going to be a long, long process. And David
