Do you keep coming across GMAT quant
questions that you're not sure how to
approach? Do you feel like there are certain
topics that you've never studied or still
don't get? This book is for you! The GMAT
Quant Bible contains crucial information
about every single of the 40+ quant topics
tested on the GMAT: how to recognize them
(even when they're disguised), what to know
about them, and how to solve them in every
form they're presented. It also has fully-
worked out examples and original, fully-
explained practice questions for each of the
topics. Whether you're struggling with
combinations, probability, or just
translating word problems into equations,
this book is what you need! And believe me:
I know what it takes to get a good score on
the GMAT. Not only have I scored a 750
myself, I've helped dozens of other people
do the same.

The Official Guide for GMAT Review Manhattan Prep
Publishing

This book is designed to be used in conjunction with the Official
Guide for GMAT Review, 2015 and 13th Editions. In the Official
Guide Companion, each math question is broken down and
explained by our expert instructors, who not only have 99th
percentile scores, but years of experience teaching the GMAT.
The explanations in this book provide detailed, step-by-step
approaches to every Problem Solving and Data Sufficiency
question in the Official Guide. Where appropriate, The Official
Guide Companion also details more than one way to arrive at
the solution. And perhaps most importantly, all explanations are
accessible and provide a framework for answering the particular
question as well as similar questions you may see on the real
test. Purchase of this book includes six months of online access
to 6 full-length, computer-adaptive practice exams and GMAT
Navigator.
