Across the country, more than 1,600 unused railroad corridors have been converted to level, public, multiuse trails, where people can enjoy a fitness run, a leisurely bike ride, or a stroll with the family. In this newest addition to the popular series, the Rails-to-Trails Conservancy presents the Northeast's finest rail-trails. Rail-Trails Northeast covers one hundred of New Jersey, New York, and Pennsylvania's rail-trails. With a rich industrial and passenger rail history, the Northeast is one of the densest rail-trail regions in the country. Rural, suburban, or urban, rail-trails serve as the backbone of an impressive trail system. This two-color book includes succinct descriptions of each trail from start to finish, plus at-a-glance summary information indicating permitted uses, surface type, length, and directions to trailheads for each trail. Every trip has a detailed map that includes start and end points, trailhead, parking, restroom facilities, and other amenities.

The Official Illustrated Guide to the Great Northern Railway Voyageur Press (MN)

In this edition in the popular series, the Rails-to-Trails Conservancy presents the best of the West. With 70 rural, suburban, and urban trails threading through 1,050 miles, Rail-Trails West covers 60 trails in California, eight in Arizona, and two in Nevada. Many rail-trails offer escapes from city life, like the Mount Lowe Railway Trail, high above the buzzing Los Angeles basin on a rail line vacationers once took to a mountaintop resort. Others offer the pure sensory thrill of sweeping terrain, like Arizona's 7-mile Prescott Peavine Trail. Still more juxtapose the natural world with the railroad's industrial past, like Nevada's Historic Railroad Hiking Trail, which passes through five massive tunnels to reach Hoover Dam. Every trip has a detailed map, directions to the trailhead, and information about parking, restroom facilities, and other amenities. Many of the level rail-trails are suitable for walking, jogging, bicycling, inline skating, wheelchairs, and horses.

She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, *The Shooting Star* is a travel memoir that maps not just the world but the human spirit.
