We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Official Railway Guide Legare Street Press A facsimile edition of the classic 1879 travel guide—often referred to as “Appleton’s Guide”—that inspired the Great American Railroad Journeys PBS television series with Michael Portillo. Appleton’s Railway Guide to the United States & Canada was originally published in two volumes, describing the variety of attractions offered in each North American town or city the train traveler would encounter along the railway system’s numerous routes. It was the first tourist guide specifically organized around railway journeys, offering a rare glimpse through the carriage window of a continent lost to history. As with many guidebooks of the era, Appleton Guides became obsolete as routes and destinations became less popular and new guidebooks took their place. Both these volumes became collector’s items due

to their rarity, until now. An unprecedented snapshot of North America in the 1870s, Appleton’s Railway Guide is a must-have for any travel and railway enthusiast, historian, and fan of Americana. Travelers' Official Railway Guide for the United States, Canada, and Mexico Kalmbach Books The Rand McNally Official Railway Guide and Hand Book is a comprehensive guide to the North American rail system, including schedules, fares, and maps. Originally published in 1868, this guide is a treasure trove of information for history buffs and railway enthusiasts alike. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Official Railway Guide of

Colorado

Great American Railroad Journeys sees the famous brand of social-history-cum-travelogue venture to the New World. Across multiple programmes and using Appleton's General Guide To The United States & Canada as reference, Michael Portillo now undertakes an epic trip by train from New York and Boston on the East Coast down to the Deep South of Atlanta and New Orleans, then on to Chicago, Colorado, New Mexico and ultimately finishing in San Francisco. This lavishly illustrated official tie-in covers each journey Portillo makes across North America and captures the colour, beauty, history and exhilaration experienced when journeying through this incredible continent. Packed with new maps, as well as originals from Appleton's General Guide, this book explores the construction of rail routes across the continent in the 1800s, as a new nation was built by the immigrant masses. Truly this is a colourful and exciting enterprise, with vignettes of revealing social history displaying the rich tapestry of the peoples who established themselves in this vast new world. Great American Railroad Journeys is a must-have purchase for any fan of this unique and award-winning travel series.
