Forgotten City Leisure Books
Ladies' Night is a non-stop rollercoaster ride of sheer nerve rattling terror, previously deemed too violent for mass market publication. In this modern tale of the ages-old battle of the sexes carried to the extreme, Jack Ketchum again provides readers with an excursion into horror as relentless as a John Woo film. Tom Braun and his wife Susan aren't exactly a picturesque couple. Thus it comes as no surprise that Tom continually spends late evenings in bars and cheats on his wife. Unfortunately, their son Andy is caught in the middle of his parent's childish banter and family chaos. One life-altering evening turns this family's, along with most of New York's, perceptions on the nuclear family and male/female relationships upside down. When a tanker trunk with "Ladies Inc." emblazoned on the side crashes in a quiet area in New York, an area it doesn't have authorization to be in, it liberally spills its contents all over the road and into the surrounding atmosphere. The local authorities deem the contents of the spill to be safe, based merely on the assumption that products coming from a women's label are more than likely benign. Moreover, the smell emanating from the spill is one of sweet cherry, similar to lollipops, which must of course be harmless if not favorable. This aforementioned assumption proves fatally incorrect. The chemical load the truck was hauling procures a discomfiting, bestial effect in women, forcing them to savagely attack males in their vicinity. Be they former friend or foe. Tom, while at a local bar, absorbs the evening's strange turn of events with traumatizing clarity as he witnesses first hand the metamorphosis of surrounding women into gruesomely instinctual brutes and mantis-like predators. He must get home to his son Andy, who is currently alone with his wife Susan. Hopefully before it is too late.

Modern Lovers Carson-Dellosa Publishing
The New York Times bestselling author of Elevator Pitch and master of psychological suspense returns with a riveting thriller in which the possible heirs of a dying tech millionaire are mysteriously being eliminated, one by one. “ Find You First starts with a bang and ends with an even bigger one. . . . It ’ s the best book of his career.” — Stephen King Tech millionaire Miles Cookson has more money than he can ever spend, and everything he could dream of—except time. He has recently been diagnosed with a terminal illness, and there is a fifty percent chance that it can be passed on to the next generation. For Miles, this means taking a long hard look at his past . . . Two decades ago, a young, struggling Miles was a sperm donor. Somewhere out there, he has kids—nine of them. And they might be about to inherit both the good and the bad from him—maybe his fortune, or maybe something much worse. As Miles begins to search for the children he ’ s never known, aspiring film documentarian Chloe Swanson embarks on a quest to find her biological father, armed with the knowledge that twenty-two years ago, her mother used a New York sperm bank to become pregnant. When Miles and Chloe eventually connect, their excitement at finding each other is overshadowed by a series of mysterious and terrifying events. One by one, Miles ’ s other potential heirs are vanishing—every trace of them wiped, like they never existed at all. Who is the vicious killer—another heir methodically erasing rivals? Or is something even more sinister going on? It ’ s a deadly race against time . . . *Who Grows Up in the Snow?* Lulu.com

Understanding Genetics Da Capo Press

'Debra Oswald is always deft at capturing the nuances of female friendship and romantic attraction, but this time she brings them to a pitch of pulse-racing intensity. Delving into the dark world of domestic violence and society's abject failure to protect those most vulnerable, she has produced a gripping thriller, brimming with heart and intellect.' Geraldine Brooks, author of The Secret Chord
Smash! Capstone

Names and describes the offspring of a polar bear, seal, penguin, Arctic fox, walrus, snow leopard, caribou, and Arctic tern.

Ladies' Night Crossroad Press
This book examines the claim of Elijah Muhammad's roots. It has been said that success is an orphan with many fathers. The history, work and success of Elijah Muhammad is a classic example. Although during the great migration of blacks from the south to the north, many attempts were made to address their plight in the inner cities, the true solution went unaddressed until Master Fard Muhammad (God in

person) came and raised up, then taught Elijah Muhammad how to raise the mentally dead so-called Negroes of America. The book lays out interesting arguments which enables the reader to see the clear evidence. The Fruit never falls far from the tree from whence it came.
The Offspring Simon and Schuster
..".star children believe that they are the hybrid offspring of aliens and humans, conceived during space abductions. Others may have extraterrestrial spirits living within their human bodies. These entities, often unaware of their own origins, may be growing up in our midst...Randles assesses these remarkable tales and looks at the possibilities of psychological and earthly explanations."--"Gathering Alternative."

Offspring Sterling
From two of the greatest imaginations of our time comes a magnificent novel of adventure and magic...SHADOW MOON: First in the Chronicles of the Shadow War. The genius of Star Wars(r) creator George Lucas and the vision of Chris Claremont, the author of the phenomenally bestselling The Uncanny X-Men adventures, merge in what must be the fantasy event of the year. In Shadow Moon, war and chaos have gripped the land of Tir Asleen. An ancient prophecy reveals one hope: a savior princess who will ascend to the throne when the time is right. But first, a Nelwyn wanderer must face forces of unimaginable malevolence and dangerous, forbidden rites of necromancy that could bring back a powerful warrior from soulless sleep. George Lucas reshaped filmmaking in the '70s and '80s with his Star Wars and Indiana Jones films. When Bantam Books asked Lucas if he had any stories he would like to develop as novels rather than as films, Lucas turned to his 1988 fantasy film, Willow. "When I wrote the story for Willow, I began with the pre-story," Lucas said, "but the full story was yet to be told." Now, Lucas's vision is being fulfilled with the talented help of Chris Claremont. Having previously taken the reins of what was for a decade the bestselling comic in the western hemisphere (The Uncanny X-Men) Claremont assumes the reponsibility of foster parent to Lucas's creation. On sale in hardcover now, and available on BDD Audio Cassette as well, SHADOW MOON is a momentous new adventure for readers looking to spend part of this summer in a fantastic world. SHADOW MOON is one of Bantam Spectra's most exciting publishing events in 1995, the year we celebrate our 10th Anniversary as the premiere publishing imprint of books of speculative fiction.

The Tomb St. Martin's Press
A group biography of '90s punk rock told through the prism of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and more Two decades after the Sex Pistols and the Ramones birthed punk music into the world, their artistic heirs burst onto the scene and changed the genre forever. While the punk originators remained underground favorites and were slow burns commercially, their heirs shattered commercial expectations for the genre. In 1994, Green Day and The Offspring each released their third albums, and the results were astounding. Green Day's Dookie went on to sell more than 15 million copies and The Offspring's Smash remains the all-time bestselling album released on an independent label. The times had changed, and so had the music. While many books, articles, and documentaries focus on the rise of punk in the '70s, few spend any substantial time on its resurgence in the '90s. Smash! is the first to do so, detailing the circumstances surrounding the shift in '90s music culture away from grunge and legitimizing what many first-generation punks regard as post-punk, new wave, and generally anything but true punk music. With astounding access to all the key players of the time, including members of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and many others, renowned music writer Ian Winwood at last gives this significant, substantive, and compelling story its due. Punk rock bands were never truly successful or indeed truly famous, and that was that -- until it wasn't. Smash! is the story of how the underdogs finally won and forever altered the landscape of mainstream music.

Shadow Moon HarperCollins
From Don Coscarelli, the celebrated filmmaker behind many cherished cult classics comes a memoir that's both revealing autobiography and indie film crash course. Best known for his horror/sci-fi/fantasy films including Phantasm, The Beastmaster, Bubba Ho-tep and John Dies at the End, now Don Coscarelli ’ s taking you on a white-knuckle ride through the rough and tumble world of indie film. Join Coscarelli as he sells his first feature film to Universal Pictures and gets his own office on the studio lot while still in his teens. Travel with him as he chaperones three out-of-control child actors as they barnstorm Japan, almost drowns actress Catherine Keener in her first film role, and transforms a short story about Elvis Presley battling a four thousand year-old Egyptian mummy into a beloved cult classic film. Witness the incredible cast of characters he meets along the way from heavy metal god Ronnie James Dio to first-time filmmakers Quentin Tarantino and Roger Avary. Learn how breaking bread with genre icons Tobe Hooper, John Carpenter and Guillermo Del Toro leads to a major cable series and watch as he and zombie king George A. Romero together take over an unprepared national network television show with their tales of blood and horror. This memoir fits an entire film school education into a single book. It ’ s loaded with behind-the-scenes stories: like setting his face on fire during the making of Phantasm, hearing Bruce Campbell ’ s most important question before agreeing to star in Bubba Ho-tep, and crafting a horror thriller into a franchise phenomenon spanning four decades. Find out how Coscarelli managed to retain creative and financial control of his artistic works in an industry ruled by power-hungry predators, and all without going insane or bankrupt. True Indie will prove indispensable for fans of Coscarelli ’ s movies, aspiring filmmakers, and anyone who loves a story of an underdog who prevails while not betraying what he believes.

Offspring Routledge
In 1959, Jean Craighead George published My Side of the Mountain. This coming-of-age story about a boy and his falcon went on to win a Newbery Honor, and for the past forty years has enthralled and entertained generations of would-be Sam Gibleys. The two books that followed--On the Far Side of the Mountain and Frightful's Mountain--were equally extraordinary. Now all three books are available in one deluxe yet affordable volume for veteran devotees and brand-new fans alike.
Is Elijah Muhammad the Offspring of Noble Drew Ali and Marcus Garvey St. Martin's Press
The purpose of this manual is to provide an educational genetics resource for individuals, families, and health professionals in the New York -

Mid-Atlantic region and increase awareness of specialty care in genetics. The manual begins with a basic introduction to genetics concepts, followed by a description of the different types and applications of genetic tests. It also provides information about diagnosis of genetic disease, family history, newborn screening, and genetic counseling. Resources are included to assist in patient care, patient and professional education, and identification of specialty genetics services within the New York - Mid-Atlantic region. At the end of each section, a list of references is provided for additional information. Appendices can be copied for reference and offered to patients. These take-home resources are critical to helping both providers and patients understand some of the basic concepts and applications of genetics and genomics.

Kane Chronicles, The, Book Two: The Throne of Fire Vintage

Ten years ago, the local sheriff of Dead River, Maine, thought he'd killed off a primitive, cave-dwelling tribe of predatory savages, but somehow, the clan survived to breed, hunt, kill, and eat.

Offspring Harper Collins

With the same ebullient storytelling, luxuriant prose, and irrepressible eroticism he brought to The War of Don Emmanuel s Nether Parts and Se ñ or Vivo and the Coca Lord, Louis de Berni è res continues his chronicle of Cochadebajo, the Andean village where macho philosophers, defrocked priests, and reformed (though hardly inactive) prostitutes cohabit in cheerful anarchy. But this unruly utopia is imperiled when the demon-harried Cardinal Guzman decides to inaugurate a new Inquisition, with Cochadebajo as its ultimate target. On his side, the Cardinal has an army of fanatics who are all too willing to destroy bodies in order to save souls. The Cochadebajeros have precious little ammunition, unless you count chef Dolores's incendiary Chicken of a True Man, and a civil defense that deems nothing more crucial than the act of love. Part epic, part farce, The Troublesome Offspring of Cardinal Guzman confirms de Berni è res's reputation as England's answer to Gabriel Garc í a M á rquez.

The Ritual Gauntlet Press

In this exciting second installment of the three-book series, Carter and Sadie, offspring of the brilliant Egyptologist Dr. Julius Kane, embark on a worldwide search for the Book of Ra, but the House of Life and the gods of chaos are determined to stop them.

Albion's Seed Tor Books

Sam Connor has always had a unique relationship with his guardian angel. But his uncanny sense of perception has been in overdrive as of late, and for good reason---he's being followed by a man he knows is trying to kill him. And that's not all Sam senses. Abductions and grisly attacks are blanketing America in what seems to be a calculated and epic crime wave. And while Sam can't explain it, he knows that somehow he's supposed to do something about it. Deeply rooted in both contemporary and nonconventional religious history and doctrine, Offspring's world is one like ours---but it's populated by guardian and fallen angels, malevolent demonic entities, and vile human thralls. Only high school aged--Sam and the other Offspring of angels and men have the ability and power to close the veil through which mankind's vicious enemies are coming. But will they understand their inheritance in time? Sam's fate and the world's---and the gathering traction of the Fallen Angels---is in his hands. And to make matters worse for Sam and his growing band of brothers, a pact now exists between the Fallen and their allies: Destroy the Offspring. As Sam and three other Offspring are inexplicably drawn to a small Tennessee town, they find themselves hunted by these ancient, near-omnipotent, and lethal enemies. Jackson's heart-pounding debut supernatural thriller blows to its climactic conclusion when the Offspring must understand their unique inheritance and control their surprising strengths before it's too late.
