A highly entertaining novel set in North London, where the Greek gods have been living in obscurity

since the seventeenth century. Being immortal isn't all it's cracked up to be. Life's hard for a Greek god in the twenty-first century: nobody believes in you any more, even your own family doesn't respect you, and you're stuck in a dilapidated hovel in North London with too many siblings and not enough hot water. But for Artemis (goddess of hunting, professional dog walker), Aphrodite (goddess of beauty, telephone sex operator) and Apollo (god of the sun, TV psychic) there's no way out... until a meek cleaner and her would-be boyfriend come into their lives and turn the world upside down. *Gods Behaving Badly* is that rare thing, a charming, funny, utterly original

novel that satisfies the head and the heart.

Photographs In this captivating history of stardom, Boston Globe film critic Ty Burr traces our obsession with fame from the dawn of cinema through the age of the Internet. Why do we obsess over the individuals we come to call stars? How has both the image of stardom and our stars' images changed over the past hundred

years? What does celebrity mean if people can now become famous simply for being famous? With brilliant insight and entertaining examples, Burr reveals the blessings and the curses of celebrity for the star and the stargazer alike. From Mary Pickford and Charlie Chaplin, to Archie Leach (a.k.a. Cary Grant), Tom Cruise, and Julia Roberts, to such no-cal stars of today as the Kardashians and the new online celebrity, Gods Like Us is a journey through the fame game at its flashiest, most indulgent, occasionally most tragic, and ultimately it's most culturally revealing.
