In 1942, Bill Manbo (1908-1992) and his family were forced from their Hollywood home into the Japanese American internment camp at Heart Mountain in Wyoming. While there, Manbo documented both the bleakness and beauty of his surroundings, using Kodachrome film, a technology then just seven years old, to capture

community celebrations and to record his family's struggle to maintain a normal life under the harsh conditions of racial imprisonment. *Colors of Confinement* showcases sixty-five stunning images from this extremely rare collection of color photographs, presented along with three interpretive essays by leading scholars and a reflective, personal essay by a former Heart Mountain internee. The subjects of these haunting photos are the routine fare of an amateur photographer: parades, cultural events, people at play, Manbo's son. But the images are set against the backdrop of the barbed-wire enclosure surrounding the Heart Mountain Relocation Center and the

dramatic expanse of Wyoming sky and landscape. The accompanying essays illuminate these scenes as they trace a tumultuous history unfolding just beyond the camera's lens, giving readers insight into Japanese American cultural life and the stark realities of life in the camps. Also contributing to the book are: Jasmine Alinder is associate professor of history at the University of Wisconsin-Milwaukee, where she coordinates the program in public history. In 2009 she published *Moving Images: Photography and the Japanese American Incarceration* (University of Illinois Press). She has also published articles and essays on photography and incarceration, including one on the

work of contemporary photographer Patrick Nagatani in the newly released catalog *Desire for Magic: Patrick Nagatani--Works, 1976-2006* (University of New Mexico Art Museum, 2009). She is currently working on a book on photography and the law. Lon Kurashige is associate professor of history and American studies and ethnicity at the University of Southern California. His scholarship focuses on racial ideologies, politics of identity, emigration and immigration, historiography, cultural enactments, and social reproduction, particularly as they pertain to Asians in the United States. His exploration of Japanese American assimilation and cultural retention, *Japanese American Celebration and Conflict: A History of Ethnic Identity and Festival, 1934-1990* (University of California Press, 2002), won the History Book Award from the Association for Asian American Studies in 2004. He has published essays and reviews on the incarceration of Japanese Americans and has coedited with Alice Yang Murray an anthology of documents and essays, *Major Problems in Asian*

American History (Cengage, 2003). Bacon Sakatani was born to immigrant Japanese parents in El Monte, California, twenty miles east of Los Angeles, in 1929. From the first through the fifth grade, he attended a segregated school for Hispanics and Japanese. Shortly after Pearl Harbor, his family was confined at Pomona Assembly Center and then later transferred to the Heart Mountain Relocation Center in Wyoming. When the war ended in 1945, his family relocated to Idaho and then returned to California. He graduated from Mount San Antonio Community College. Soon after the Korean War began, he served with the U.S. Army Engineers in Korea. He held a variety of jobs but learned computer programming and retired from that career in 1992. He has been active in Heart Mountain camp activities and with the Japanese American Korean War Veterans. Displacement Little, Brown

Glenn Beck—author of thirteen #1 New York Times bestsellers—issues a startling challenge to people on both sides of the aisle: America is addicted to outrage, we're at the height of a twenty-year bender, and we need an intervention. In the instant New York Times bestseller, Glenn Beck addresses how America has become more and more divided—both politically and socially. Americans are now less accepting, less forgiving, and have lost faith in many of the country's signature ideals. They are quick to point a judgmental finger at the opposing party, are unwilling to doubt their own ideologies, and refuse to have any self-awareness whatsoever. Beck states that this current downward spiral will ultimately lead to the destruction of everything America has fought so hard to preserve. This is not simply a Republican problem. This is not simply a Democratic problem. This is everyone's burden, and we need to think like recovering addicts and change. Mirroring traditional twelve-step programs,

Beck outlines the actions that Americans must follow in order to prevent a farther decline down this current path of hostile bitterness. Drawing from his own life experiences and including relevant examples for each step, he is able to lead us to a more hopeful, happy future. From learning how to believe in something greater than ourselves to understanding the importance of humility, each chapter encourages self-reflection and growth. Addicted to Outrage is a timely and necessary guide for how Americans—right and left—must change to survive.

From Derf Backderf, the bestselling author of My Friend Dahmer, comes the tragic and unforgettable story of the Kent State shootings† On May 4, 1970, the Ohio National Guard gunned down unarmed college students protesting the Vietnam War at Kent State University. In a deadly barrage of 67 shots, 4 students were killed and 9 shot and wounded. It was the day America turned guns on its own children—a shocking event burned into our national memory. A few days prior, 10-year-old Derf Backderf saw those same Guardsmen

patrolling his nearby hometown, sent in by the governor to crush a trucker strike. Using the journalism skills he employed on *My Friend Dahmer* and *Trashed*, Backderf has conducted extensive interviews and research to explore the lives of these four young people and the events of those four days in May, when the country seemed on the brink of tearing apart. *Kent State: Four Dead in Ohio*, which will be published in time for the 50th anniversary of the tragedy, is a moving and troubling story about the bitter price of dissent—as relevant today as it was in 1970.

Death Count To The Stars

When "Don't Ask, Don't Tell," the official U.S. policy on gays serving in the military, was repealed in September 2011, soldier Stephen Snyder-Hill (then Captain Hill) was serving in Iraq. Having endured years of this policy, which passively encouraged

a culture of fear and secrecy for gay soldiers, Snyder-Hill submitted a video to a Republican primary debate held two days after the repeal. In the video he asked for the Republicans' thoughts regarding the repeal and their plans, if any, to extend spousal benefits to legally married gay and lesbian soldiers. His video was booed by the audience on national television. Soldier of Change captures not only the media frenzy that followed that moment, placing Snyder-Hill at the forefront of this modern civil rights movement, but also his twenty-year journey as a gay man in the army: from self-loathing to self-acceptance to the most important battle of his life—protecting the disenfranchised. Since that time, Snyder-Hill has traveled the country with his husband, giving interviews on major news networks and speaking at universities, community centers, and pride parades, a champion of LGBT equality. Fundamental Neuroscience Newsage Press New York Times Bestseller Leonard Nimoy and William Shatner first crossed paths as actors on the set of *The Man from U.N.C.L.E.* Little did they know that their next roles as Spock and Captain Kirk, in a new science

fiction television series, would shape their lives in ways no one could have anticipated. In seventy-nine television episodes of Star Trek and six feature films, they grew to know each other more than most friends could ever imagine. Over the course of half a century, Shatner and Nimoy saw each other through personal and professional highs and lows. In this powerfully emotional book, Shatner tells the story of a man who was his friend for five decades, recounting anecdotes and untold stories of their lives on and off set, as well as gathering stories from others who knew Nimoy well, to present a full picture of a rich life. As much a biography of Nimoy as a story of their friendship, Leonard is a uniquely heartfelt book written by one legendary actor in celebration of another.

FINALIST!~*~*~Settle yourself in for a wicked bed time story, a hot, wild ride through nursery rhymes like you've never heard them before. Set in a fantastical world where the privileged few own and raise sex slaves like beloved pets, Mother herself is the star of the show, wielding a riding crop and taking care of and training her young charges with a firm and skillful hand. But where has Father Goose wandered off to, and who will take Mother in hand when she ventures too

far?-----Warnings: This title contains erotic situations, graphic language, sex, spanking, elements of bdsm, and a perspective on nursery rhymes you'll never forget!-----EXCERPT:“Peep!” The voice shook the room and the startled girl looked up as Mother came in. “Do you know where your sheep are now?”“No, Mother.” The girl looked up from her position, kneeling on the floor, her blue eyes wide. “I penned them before I left, I swear it.”Mother Goose came toward her, the high heels of her soft boots clicking on the floor. She squatted down before Peep, whose hands were bound behind her to her feet with pink satin sashes. “You are a pretty little one,” Mother said, lifting the girl's chin and studying her face. Mother's eyes moved over the girl's body, the pink and white corset drawn tight, her blonde curls spilling over her shoulders, partially hiding Peep's rosy little nipples. “Sometimes I think you're just playing dumb.”“No, Mother,” Peep implored, shaking her head. “I penned them, I promise you.”“Is that so?” Mother asked, standing again. Peep looked up Mother's long legs, encased in black fishnet stockings and garters, the dark triangle between her legs exposed, as it always was, for easy access. Mother had taken to wearing black since Father had crossed over, and her mood was ever changeable, but lately she seemed often cross and hard to please. Mother tapped her toe in front of Peep's knee, folding her arms over her ample breasts that were pushed up high in her black corset, but covered with the sheer, lace peignoir that she always wore, unbuttoned to

the floor. “Mother, please,” Peep pleaded. “I will go tend them, if you let me.” Mother walked over to the cabinet and the girl moaned, the sound caught halfway between regret and anticipation. “I think we need a little correction, don't you?” Mother's voice drifted over her shoulder as she chose a small cat o'nine tails from her collection. “Please,” Peep pleaded again, her eyes downcast. “I'll be a good girl.”“Yes,” Mother murmured, coming to caress the her cheek with her soft hand. “You will.” Mother reached behind the girl and began untying the pink satin ribbon that bound her. Peep sighed in relief, rolling her tired shoulders once her arms were free. She leaned forward onto her hands and knees as Mother began to untie her feet, but then the older woman stopped. “No... this is good,” Mother said, tightening the sashes at the girl's ankles, chuckling. “Turn around, Little Bo Peep, who's lost her sheep, and doesn't know were to find them.” Peep did as she was told, turning her face toward the wall on her hands and knees, using her hands to slowly work herself around. She felt Mother's hand caressing her ass, and she shivered, looking back over her shoulder at the older woman. Mother was squatting down behind her, beginning to drip the many straps of the cat o'nine tails over Peep's behind like a little leather waterfall. “Peep's little puss,” Mother whispered, parting the dark blonde fuzz with her fingers to peer in at the pink treasure. “I love peeping at Peep's little puss.” Mother giggled, wiggling her fingers through and finding the girl's clit. “Oh, Mother!” Peep moaned, lifting her bottom in the air as much as she could

with her feet tied together at the ankles.

Have you ever wondered about the lives of each person you pass on the street, realizing that everyone is the main character in their own story, each living a life as vivid and complex as your own? That feeling has a name: "sonder." Or maybe you've watched a thunderstorm roll in and felt a primal hunger for disaster, hoping it would shake up your life. That's called "lachesism." Or you were looking through old photos and felt a pang of nostalgia for a time you've never actually experienced. That's "anemoia." If you've never heard of these terms before, that's

because they didn't exist until John Koenig set out to fill the gaps in our language of emotion. The Dictionary of Obscure Sorrows "creates beautiful new words that we need but do not yet have," says John Green, bestselling author of The Fault in Our Stars. By turns poignant, relatable, and mind-bending, the definitions include whimsical etymologies drawn from languages around the world, interspersed with otherworldly collages and lyrical essays that explore forgotten corners of the human condition—from "astrophe," the longing to explore beyond the planet Earth, to "zenosyne," the sense that time keeps getting faster.
