Stolen Treasure is a book almost 70 years in the writing! Written over the decades since 1946, this collection of observations, quotes, proverbs, witticisms and rules for living have guided the author since his youth growing up in India, through his time in the Indian Navy, and for the bulk of his life since moving to Ireland in 1960. Now in his mid-80s, the author presents a lifetime of humour and words of wisdom for a happy life in this book. A true treasure collection of one-line gems and snip-bits of life's experiences, the book presents an insight into the observations of life over the author's lifetime that so many of us experience but never document. At first, observations from an idealistic young man are presented. This is followed by wisdom learned in early adulthood and gathered as an Officer with the Indian Navy. The observations continue from a happy lifetime in Ireland with a large focus on what the author learned about life as a husband and father, as well as engineer and lecturer, to retiree. These have been collected over the years as the author has experienced them in life or overheard them in social occasions, and carefully recorded by hand. In the decades before the internet and social media, these were the original status updates that tell a story of how life and perception of what matters has changed over almost 70 years. An intriguing read for every person of all ages and all interests.

Over 70 authors and veterans share the sacrifices so many of America's veterans have made, in peacetime and in war, throughout the 20th century. You'll read about Duty, Honor, Courage - from the testing of a submarine, to the loss of the Space Shuttle Challenger, to the everyday sacrifice of men and women in uniform, whether serving during peace or war. You'll walk bloodied beaches, soar over enemy turf, pray, crawl in and out of caves, tend the wounded, shoot and be shot at, feel your heart race with fright as flak comes at you from every direction...walk the deck...hit the deck...feel the heat as fire dances across the deck, into the cockpit and into the foxhole you occupy. Your heart will constrict as the man in front of you takes the bullet meant for you. You'll know the painful bite of shrapnel, the gnawing ache hunger brings and red-hot anger as a comrade falls. But most of all, you'll experience total, unabridged fear as you

watch the enemy advance through the eyes of the author, and a swelling of pride as you meet America's veterans.

These are not mere dreams and visions: these are a calling. Six people. Five mind-numbing visions. Four ancient and mysterious artifacts. Two exotic locations. And one greedy man who will stop at nothing, not even murder, to achieve his goal. Rev. Adam Bridger and his wife, Dr. Rachel Tremaine are once again in the center of an adventure not of their making. And joining them are four total strangers who, along with Rachel, have seen visions that most mortals can't imagine. They have been called on a mission that will forever change the world--if they survive.

Proud and rebellious, Gideon is banished from the Light. His own words define his punishment, transforming bloodlust into literal hunger. Living by his sword, he wanders the land of mortals, embittered and alone. Naomi works in secret, illuminating manuscripts for the Knights of St. John. Gideon is drawn to her beauty and fascinated by her innocence. She stirs the shattered remnants of his nobility, intensifying the conflict already raging within him. Gideon is unlike anyone Naomi has ever encountered before. His passionate kisses and intoxicating caresses leave her restless and wanting. Still, she senses the bleak loneliness he tries so hard to deny. Responding to his seduction with tenderness, she is determined to help him rediscover the beauty in life. The battle lines are drawn. Gideon must seek redemption or Fall. Naomi must lead her Rebel Angel back into the light before the forces of darkness have their way. Note: This book was previously published elsewhere under the same title and has been re-edited for Cerridwen Press.

Research on the frontiers of urban studies was the subject of a conference on nineteenth-century cities held in November 1968 at Yale University. These papers from the conference attempt to define what is coming to be known as the "new urban history." The cities studied range from small communities - such as Springfield, Massachusetts, and Poughkeepsie, New York - to giants like Philadelphia, Chicago, and Boston. While the majority of the contributions deal with American cities, four essays examine cities in Canada, England, France, and Colombia. The studies focus on the dimensions of mobility and stability in the social structure of nineteenth-century cities. Within this general frame, the essays explore such areas as urban patterns of class stratification, changing rates of occupational and residential mobility, social origins of particular elite groups, the relations between political control and social class, differences in opportunities for various ethnic groups, and the relationships between family structure and city life. In all these fields, the authors relate sociological theory to the historical materials; a complex yet readable, interdisciplinary portrait of the origins of modern city life is the result.

The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values

---

through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together.
