I am also certain that you would like to know who I am and what and why I am an expert in the field of RV. Fair enough! My name is Bruce Bowers, at the time of this writing I am 68, my wife Jill is 67, we both are retired and been living our dream RV life for last 5 years. But that is not why I wanted to write this book. I started my career as a banker years ago, but in just two years I knew banking was not my cup of tea. I loved being outdoors, and somehow landed a job at an RV dealership in Austin, TX. Since then till I retired I have managed and operated multiple RV dealerships in TX, LA, and TN. I get asked these 8 questions often from people. What is the right RV for me? Is buying a used RV a good idea? Are used RV's reliable? Can buying a used RV be a money pit? What are the best and most reliable brands out there? How would I know if the used RV I am buying is mechanically safe and sound? How can I protect my investment? Where or who should I buy from? In this book, I answer these questions and cover a few more important topics that most first-time RV buyers I think should know about. I took great care not to make this book read like an owner's manual or a technical bulletin. But I wanted this book to explain few basic rules, tips and tricks of buying the right RV the very first time. If you are thinking about buying an RV in the near future, I think I can help you decide on the right one. Just remember RV is a significant investment and you should do a lot of homework before making a decision just as you do before buying a home.
