For photographer Robin Yong, the Venetian Carnival had always been a faraway dream. He often wondered about the costumed people and who they really were. And then, he jumped on the opportunity to travel to Venice, Italy, to photograph the Venetian Carnival, one of the most beautiful festivals in one of the most enchanting cities in the world. In *Beginning in Venice*, he shares a collection of photographs from that trip and narrates the stories behind the photographs. With an eye for composition and color and for capturing remarkable moments, these pictures document the wonderful events of outrageous costumes set in a medieval environment. It tells a story of history, culture, art, and sensuality. Each image is imbued with Robin Yongs love for the masquerade and its actors: smiles or frowns on the masks,

sparks in the eyes of his models, textures, colors, and minute details in a costume. Through the photographs presented in *Beginning in Venice*, the beauty and romance of Venice comes alive.

Since Reconstruction, African Americans have served as key protagonists in the rich and expansive narrative of American social protest. Their collective efforts challenged and redefined the meaning of freedom as a social contract in America. During the first half of the 20th century, a progressive group of black business, civic, and religious leaders from Atlanta, Georgia, challenged the status quo by employing a method of incremental

gradualism to improve the social and political conditions existent within the city. By the mid-20th century, a younger generation of activists emerged, seeking a more direct and radical approach towards exercising their rights as full citizens. A culmination of the death of Emmett Till and the Brown decision fostered this paradigm shift by bringing attention to the safety and educational concerns specific to African American youth. Deploying direct-action tactics and invoking the language of civil and human rights, the energy and zest of this generation of activists pushed the modern civil rights movement into a new chapter where young men and women became the voice of social unrest.
