Winner of a "Discovery"/The Nation Award  
Winner of the 1999 PEN/Joyce Osterweil Award for Poetry  
Some Ether is one of the more remarkable debut collections of poetry to appear in America in recent memory. As Mark Doty has noted, "these poems are more than testimony; in lyrics of ringing clarity and strange precision, Flynn conjures a will to survive, the buoyant motion toward love which is sometimes all that saves us. Some Ether resonates in the imagination long after the final poem; this is a startling, moving debut."

The Short History of a Prince William Andrew Jane Hamilton, award-winning author of *The Book of Ruth* and *A Map of the World* brings us a rich and loving novel about a non-traditional family in the aftermath of a terrible accident. When Aaron Maciver's beautiful young wife, Madeline, suffers a head injury in a bicycle crash, she is left with the mental capabilities of a six-year-old. In the years that follow, Aaron and his second wife care for Madeline with deep tenderness and devotion as they raise two children of their own. Inspired in part by Elizabeth Spencer's *Light in the Piazza*, Hamilton offers an honest and exquisite portrait of how a family tragedy forever shapes the boundaries of love.

*Novel Ideas* UW-Madison Libraries Parallel Press

This book details the Leica R8 and its lenses and accessories, with guidance over handling and using this equipment. This manual will help both owners and prospective owners of an R8. Sections of lenses and their usage, as well as different drives and accessories with an extensive section on flash with the R8.

FINALIST FOR THE FRANK O'CONNOR SHORT STORY AWARD NOW WITH AN ADDITIONAL STORY. Heralding the arrival of a stunning new voice in American fiction, *If I Loved You*,

*If I Loved You, I Would Tell You This* takes readers into the minds and hearts of people navigating the unsettling transitions that life presents to us all: A father struggles to forge an independent identity as his blind daughter prepares for college. A mother comes to terms with her adult daughter's infidelity. An artist mourns the end of a romance while painting the portrait of a dying man. Brilliant, hopeful, and fearlessly honest, *If I Loved You, I Would Tell You This* illuminates the truths of human relationships, truths we come to recognize in these characters and in ourselves.

BONUS: This edition includes an excerpt from Robin Black's *Life Drawing*. Look for the *If I Loved You, I Would Tell You This* discussion guide inside. Praise for *If I Loved You, I Would Tell You This*

"I want to shout about how just when you thought no one could write a story with any tinge of freshness let alone originality about childhood. . . about marriage . . . about old age, Black has done it. . . Black delivers real emotion, the kind that gives you pause. . . Will Robin Black win [the

Pen/Hemingway Prize] for this book? If I were a judge, she would." —Alan Cheuse, *Chicago Tribune*  
"Pitch-perfect . . . so deft, so understated, and so compelling that you have to slow down to savor each vignette. . . Fans of Mary Gaitskill, Amy Bloom, and Miranda July will feel like they've found gold in a river when they discover Robin Black. . . [A] writer to watch." —O: *The Oprah Magazine*

"Each story reads like a mini-novel . . . worlds are contained in a single page. And the writing . . . oh, the writing . . . There's no narrative cohesion, no point. Rather, *If I Loved You* is a 'Fantastic Voyage' into the bloodstream of the human

species. . . Maybe it's midlife maturity, maybe it's raw talent, but *If I Loved You* leaves you longing for more." —*San Francisco Chronicle*

"Incisive . . . peopled with characters so fully imagined you'll feel they're in the room." —*People*  
"Exquisitely distilled tales of loss and reckoning . . . [Black] evokes a Sparkian blend of skepticism and grace." —*Vogue*

*The Threat of Pandemic Influenza*  
Kent State University Press

"Excel as a cameraman in today's evolving film industry with this updated classic. Learn what to do —and what NOT to do — during production and get the job done right the first time. This seventh edition covers the basics of cinematography and provides you with the multi-skill set needed to maintain and transport a camera, troubleshoot common problems on location, prepare for job interviews, and work with both film and digital technologies. Illustrations, checklists, and tables accompany each chapter and highlight the daily workflow of an AC. With expanded sections on problems and troubleshooting, updated formulas, tables, and checklists, as well as new information on the differences between working in the US and UK and additional information on working with digital technology. This is a must-have for anyone looking to succeed in this highly technical and ever-changing profession. Featuring a comprehensive companion website that offers plenty of useful resources, including online tutorials that ACs can easily access while on location and supplementary downloadable forms and checklists" —

*Minolta Maxxum-Dynax 5xi* Steyning Photo Books LLP

Ansel Adams (1902-1984) produced some of the 20th century's most iconic photographic images and helped nurture the art of photography through his creative innovations and peerless technical mastery. *The Camera*—the first

volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to harness the camera's artistic potential. This time-honored handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. Along with visualization, image management, Adams' famous Zone System, and other keys to photographic artistry, *The Camera* covers 35mm, medium-format, and large-format view cameras, while offering detailed advice on camera components such as lenses, shutters, and light meters. Beautifully illustrated with photographs as well as instructive line drawings, this classic manual belongs on every serious photographer's bookshelf. "Adams is a clear-thinking writer whose concepts cannot but help the serious photographer." - New York Times "A master-class kind of guide from an undisputed master." - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of *The Camera* works best as a digital companion to the print edition. The ebook was produced by electronically scanning and digitizing a print edition, and as a result, your reading device may display images with halftone or moiré patterns.

**Shadow Ball** Steyning Photo Books LLP  
Love your new beautiful-designed wonder camera, but having a hard time configuring it or understanding all of its functions? Then this book is for you. Written for the advanced user (with tutorials and easy explanations in case you're not so advanced), this easy-to-understand yet thorough guide provides a complete instruction manual which explains each feature in plain English and provides hundreds of visual examples as well. There is no better way to learn about and get the most out of your camera! Instantly-downloadable .pdf file also available from Friedman Archives dot com .

**Leica** Hove Foto Books, Limited  
A guide to landscape photography using a DSLR camera covers such topics as light, composition, perspective,

lenses, black-and-white images, and HDR.

**Leica Collectors Guide**  
Graywolf Press  
Laura and Charlie Rider have been married for twelve years. They share their nursery business in rural Wisconsin, their love for their animals, and their zeal for storytelling. Although Charlie's enthusiasm in the bedroom has worn Laura out, although she no longer sleeps with him, they are happy enough going along in their routine. Jenna Faroli is the host of a popular radio show, and in Laura's mind is "the single most famous person in the Town of Dover." When Jenna happens to cross Charlie's path one day, and they begin an e-mail correspondence, Laura cannot resist using Charlie to try out her new writing skills. Together, Laura and Charlie craft florid, strangely intimate messages that entice Jenna in an unexpected way. The "project" quickly spins out of control. The lines between Laura's words and Charlie's feelings are blurred and complicated, Jenna is transformed in ways that deeply disturb her, and Laura is transformed in her mind's eye into an artist. The transformations are hilarious and poignant, and for Laura Rider, beyond her wildest expectations.

**Digital Landscape Photography**  
Hove Books  
Updated, expanded, and covering the latest software, this new edition of the bestselling *Digital Landscape Photography* brings the amazing techniques pioneered by Ansel Adams and his contemporaries to every digital photographer. Ansel Adams' imagery - especially his iconic vision of the American National Parks - is widely published and instantly recognisable. Many photographers will have heard of his renowned Zone System, but that is just the tip of the iceberg; his unparalleled

attention to detail, which once required hours in the darkroom with specialist tools, is finally accessible to all. Michael Frye's own photography provides many stunning examples of the results that can be achieved, and as one of Adams' natural successors in the field, he is well placed to analyse the many inspirational shots from the great masters of landscape photography. Combining the cutting edge of today's digital work with some of the best-known photos ever taken, this book a must-read for any landscape or nature photographer.

**Leica R7** Kent State University Press  
Quality users' guides help photographers get the most from their photo equipment. Magic Lantern Guides have sewn bindings and laminated covers for long life. Softbound. 5 x 7-1/2." Approximately 176 pp., fully illustrated in color and black and white.

**The Ticking Is the Bomb: A Memoir**  
Peachpit Press

**Minolta 8000I** Steyning Photo Books LLP  
A collection of personal poems by Karen Kovacic. These poems take on one of history most loved and hated figures - giving him a voice and making him human.

**Metropolis Burning** Taylor & Francis  
Complete user's manual for this all-mechanical Leica reflex, which gives the photographer complete control over all functions. The author explains how to take advantage of this.

**The Camera** Ansel Adams  
Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-

specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, *The Threat of Pandemic Influenza: Are We Ready?* addresses these urgent concerns. The report describes what steps the United States and other countries have taken thus far to prepare for the next outbreak of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.

**Nixon and I W. W. Norton & Company**

Developed in consultation with Panavision Inc, this Media Manual contains detailed illustrations and instructions on the entire Panaflex 'system' of cinematography.

*The Camera Assistant's Manual*  
Anchor

Peopled with such diverse characters as Richard Nixon, Nikita Khrushchev, Kafka's father, Dorothea Lange, William Carlos Williams, Lawrence Welk, Robespierre, and a feisty Catholic saint, this collection of poems takes us on an amusement-park ride through the world of history and art.

The Complete Guide to Fujifilm's X-T1 Camera (B&W Edition)

Butterworth-Heinemann  
Small enough to toss into a camera bag, yet thorough in coverage, Hove User's Guides are the best

all-around camera manuals available. Each book describes the special features and operation of a single camera model or model family.

**When Madeline Was Young** Emmis Books

The Olympus Stylus 1s, and last year's model, the Olympus Stylus 1, are the only cameras on the market today to combine the following features: \* 14 oz. weight -- including the lens \* 28-300 mm f2.8 constant aperture lens \* Huge, bright EVF eye-level viewfinder \* Touch-sensitive 3" LCD monitor \* Split-second focusing and exposure control Some might say this combination of features approaches the ideal travel and street-shooting camera. Steve bought the Stylus 1s as a back up for a \$6,000+ interchangeable lens system . A few days later, he left on a cruise that included three ports in Japan, one in Siberia and five in Alaska. He was looking for a very light, relatively inexpensive camera with a fast lens and good telephoto capabilities that he could use if anything went wrong with his more expensive camera. However, after shooting more than 300 photos the first few days in Tokyo, he found myself using the Stylus 1s nearly all of the time. It was lightweight, much more versatile and a pleasure to use. However, he was disappointed with the Olympus Stylus 1s Instruction Manual. He found himself losing valuable vacation time searching through the manual. It didn't have a detailed table of contents and it usually it didn't suggest WHICH setting should be selected under different circumstances. These issues led to Steve writing this book. You will find yourself having to refer to the manual must less often. More importantly, you will always be told WHY you should select particular settings. These suggestions are based Steve's taking more than 1,600 photos with the Stylus 1s, the best of which are included in this book. In fact, all the photos in the book, with the exception of the cover photos and the photos of the camera, were taken with the Stylus 1s. "Really," Steve says, "this book is all you need to make shooting with the Stylus 1s or Stylus 1 one of the most satisfying photo experiences you have ever had!"
