Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the

principles outlined in Millionaire by Thirty, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

Mitchell is an alpha among alphas in the brutal Mountain Ridge Pack. He rules with equal parts fear and respect, but his pack is growing restless after decades without an heir to

his proverbial throne. Only an alpha and an omega pair can sire another alpha to lead the pack, but Mitchell's not-so-secret shame is the fact that he hasn't been able to impregnate any of his female omegas. Unlike the other weaker packs, the Mountain Ridge wolves have always kept their omegas in line and at a safe distance through the infamous yet efficient Breeding Program. On the recommendation of an old rival turned tentative friend, Mitchell decides to try his hand--among other things--in a last-ditch effort at siring an heir with a rare male omega. When a transfer request for one of the only male omegas in the pack uncovers unspeakable abuse and corruption within the Breeding Program, the very future of the pack is thrown into question. -Angel's heart has turned to stone after a lifetime of abuse at the hands of the alpha shifters who oversee the Breeding Program in his pack unit. The only love he has left belongs to the three other omegas he shares his little corner of hell with. Angel will do whatever it takes to protect them, even if it means becoming the mate of the top alpha himself. Angel knows better than to believe the gruff Mitchell when he claims that he's not like the others. Despite his best attempts to steel himself against the strange bond that forms between them, Angel discovers that Mitchell is the most dangerous alpha of all because he wants the one thing Angel has sworn never to give--his heart. With war looming on the horizon, a pack in chaos and two hardened hearts melted by an unlikely spark of love, only one outcome is certain. The Mountain Ridge Pack will never be the same.
