*The Blue Book of Grammar and Punctuation* Penguin

A bestselling author's groundbreaking eating plan that challenges the notion that starch is unhealthy From Atkins to Dukan, the fear-mongering about carbs over the past few decades has reached a fever pitch; the mere mention of a starch-heavy food is enough to trigger a cavalcade of shame and longing. In *The Starch Solution*, bestselling diet doctor and board-certified internist John A. McDougall, MD, and his kitchen-savvy wife, Mary, turn the notion that starch is bad for you on its head. *The Starch Solution* is based on a simple swap: fueling your body primarily with carbohydrates rather than proteins and fats. This will help you lose weight and prevent a variety of ills. Fad diets come and go, but Dr. McDougall has been a proponent of the plant-based diet for decades, and his medical credibility is unassailable. He is one of the mainstay experts cited in the bestselling and now seminal *China Study*—called the "Grand Prix of epidemiology" by the *New York Times*. But what *The China Study* lacks is a plan. Dr. McDougall grounds *The Starch Solution* in rigorous scientific fact and research, giving readers easy tools to implement these changes into their lifestyle with a 7-Day Quick Start Plan and 100 delicious recipes. This book includes testimonials from among the hundreds Dr. McDougall has received, including people who have lost more than 125 pounds in mere months as well as patients who have conquered lifethreatening illnesses such as diabetes and cardiac ailments.

*The Theology of the Book of Revelation* Penguin

*Omega*, written by astronomer Camille Flammarion (1842?1925), is no less than an epic history of

our future—a startling and unforgettable vision of the end of the world. Reasoned scientific speculation brave humans must try to save an entire world—without revealing their existence.

combined with probing philosophical inquiry lend credibility and magnitude to this tale of how humankind will physically and culturally evolve over the next several million years. ø The end begins in the twenty-fifth century, when a comet threatens to collide with the earth. The consequences of that frightening cosmic event are far-reaching, setting in motion a series of physical, psychic, and social changes that will profoundly affect the planet and its people far into the future. The earth's surface drastically transforms over time. Cultures radically alter, collapse, and fade away. Nations rise and fall, species become extinct, and human beings find themselves at the end of the world, alone and changed in fundamental ways. This melancholic, poetic science fiction tale of things to come is as compelling and disturbing today as when it was first written.

*Business Model Generation* Cambridge University Press

Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

*Omega Dynamics* Canongate Books

A propulsive, high-stakes debut thriller where one extraordinary operator holds the key to saving the world from Armageddon. All he needs to do is stay alive. Buried deep in the US defense and special forces architecture is an elite, ultra-black unit, created expressly to prevent weapons of mass destruction from falling into the hands of terrorists and rogue regimes. Their covert, surgical strikes eliminate grave threats so the rest of America can sleep without fear. Until now. After returning from a successful operation in Pakistan, the entire team is assassinated within forty-eight hours. Only their leader, Michael Garin, survives. As the sole survivor and chief suspect of the attack, Garin finds himself on the run from Iranian intelligence operatives bent on tracking and killing him. Even Garin's own government appears to have turned against him, sending a lethal sniper from the vaunted Delta Force to eliminate the threat they think he's become. With enemies coming at him from every direction, Garin's fight for survival becomes part of a larger conspiracy unfolding on the world's stage: a catastrophic attack—precipitated by escalating tensions in the Middle East—that will shift the balance of power and plunge the United States of America into oblivion.

When her mother and father are eaten alive in front of her, she realizes the terror has just begun... Alameda, California. Angie West made millions off her family's reality gun show on the History Channel. But after she is cornered by the swarming undead, her knowledge of heavy artillery is called into play like never before... Within weeks, the world is overrun by the walking dead. Only the quick and the smart, the strong and the determined, will survive—for now. EXPANDED BY THE AUTHOR

*The Starch Solution* Penguin

The book "You May Not Be Who You Think You Are," is a compelling, hard-fought, masterful, real-life account of one man's journey of dogged determination to discover his once concealed bloodline. A bloodline that had been quietly and mysteriously tucked away in the innermost crevices of the heart where only the sacred secrets of adoption, and the captive spirit of deceit owned the power to release it into the light of truth.

Already accomplished in his own right as a god-fearing son, husband, father, soldier and professional, John yet yearned for an identity that had eluded him for a lifetime. And it is on the pages of this very dynamic, riveting, heartfelt, account of his pursuit of authentic personhood; and his quest to bring forth what had been born and reared in the darkness of sin, that John Isham Payne, Jr., affords us [the readers] the opportunity of a lifetime to turn the pages of destiny and discover what not only many adoptees pine for, but also for those who have assumed an identity of assurance, only to have 'spit' contradict the ill-conceived truth of a lie. John Payne's, *You May Not Be Who You Think You Are*, is a literary journey that will take you to shores you've never been, and introduce you to people you could never have imagined knowing, and cause each of you to arrive at a precipice in life that will give pause to your assumed certainty of really knowing just who you are! Yes, I highly recommend this book with all of the prejudice and bias that I can muster! This masterpiece is a must read, life-altering experience that never ceases to bless; it's an experience that never ceases to end! Eddie L. Harris, Jr.
