David C Cook

Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ—rather than popular, socioreligious alternatives—restores our identity. African Americans have long confronted the challenge of dignity destruction caused by white supremacy. While many have found meaning and restoration of dignity in the black church, others have found it in ethnocentric socioreligious groups and philosophies. These ideologies have grown and developed deep traction in the black community and beyond. Revisionist history, conspiracy theories, and misinformation about Jesus and Christianity are the order of the day. Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer, a spirituality more indigenous to their history and ethnicity. Edited by Dr. Eric Mason and featuring a top-notch lineup of contributors, Urban Apologetics is the first book focused entirely on cults,

religious groups, and ethnocentric ideologies prevalent in the black community. The book is divided into three main parts: Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community. Detailed information on cults, religious groups, and ethnic identity groups that many urban evangelists encounter—such as the Nation of Islam, Kemetic spirituality, African mysticism, Hebrew Israelites, Black nationalism, and atheism. Specific tools for urban apologetics and community outreach. Ultimately, Urban Apologetics applies the gospel to black identity to show that Jesus is the only one who can restore it. This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information.

Provides Old and New Testament text,
accompanied by articles and features to help
young students better articulate and defend

their faith as they begin to approach young adulthood.

The Atonement B&H Publishing Group Equip yourself to present and defend the claims of the Christian faith. The truth of the Bible doesn't change, but its critics do. Now with his son Sean McDowell, Josh McDowell has updated and expanded the modern apologetics classic for a new generation. Evidence That Demands a Verdict provides expansive defense of Christianity's core truths and thoughtful responses to the Bible's most difficult and extraordinary passages. It invites readers to bring their doubts and doesn't shy away from the tough questions. Topics and questions are covered in four parts:

Evidence for the Bible Evidence for Jesus Evidence for the Old Testament Evidence for Truth Serving as a go-to reference for even the toughest questions, Evidence that Demands a Verdict continues to encourage and strengthen millions by providing Christians the answers they need to defend their faith against the harshest critics and skeptics. Evidence That Demands a Verdict was the winner of the 2018 ECPA Christian Book award for Bible Reference Works.

On Guard for Students Kregel Publications This one-stop faith manual helps young readers understand more about what they believe and why- and gives them the tools they need to answer life's deepest questions.

Cold-Case Christianity Baker Books

Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a “cold case”: it makes claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the

claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Love Your God with All Your Mind
David C Cook

Followers of Jesus need not fear hard questions or objections against Christian belief. In *A Reasonable Response*, renowned Christian philosopher and apologist William Lane Craig offers dozens of examples of how some of the most common challenges to Christian thought can be addressed, including: Why does God allow evil? How can I be sure God

exists? Why should I believe that the Bible is trustworthy? How does modern science relate to the Christian worldview? What evidence do we have that Jesus rose from the dead? Utilizing real questions submitted to his popular website ReasonableFaith.org, Dr. Craig models well-reasoned, skillful, and biblically informed interaction with his inquirers. A Reasonable Response goes beyond merely talking about apologetics; it shows it in action. With cowriter Joseph E. Gorra, this book also offers advice about envisioning and practicing the ministry of answering people's questions through the local church, workplace, and in online environments. Whether you're struggling to respond to tough

objections or looking for answers to your own intellectual questions, A Reasonable Response will equip you with sound reasoning and biblical truth. Christian Theology Crossway Jesus said, "I am the way, the truth, and the life. No one comes to the father except through me" (John 14:6). Many people have difficulty accepting this claim because it seems so narrow. After all, there are many claimants to truth in the current marketplace of ideas. Indeed, Christ does not call on us to make a leap of faith in the dark but to take a step of faith in the light-in the light of the evidence. So, it is necessary for a truth seeker to

demand reasonable evidence before he or she makes a firm or final decision. We encourage everyone to look carefully and with an open mind at the premises that we use to conclude that Jesus Christ is the way, the truth, life, and the only way to God the Father. We set our evidence forth in twelve chapters which build logically upon one another. Chapter one provides a firm foundation upon which chapter two and the subsequent chapters build upon. The conclusion of each chapter serves as a premise for the chapter(s) that succeeds it. We begin our quest for truth on the ground level with an examination of

whether there is such a thing as truth and then move step by step, chapter by chapter, to see whether Christianity is true and the Gospel of Christ is the only way of salvation, as it claims to be.

R. C. Sproul surveys the history and fundamentals of apologetics to show that reason and scientific inquiry can be strong allies in defending the existence of God and the authority of the Bible.

A Reasonable Response Zondervan
Throughout history there have been

great and articulate defenders of the faith, from Augustine and Aquinas to Jonathan Edwards, G. K. Chesterton, Francis Schaeffer, and C. S. Lewis. But with new challenges comes the need for a fresh apologetic that specifically addresses the arguments levied against faith in our time of scientific atheism and skepticism. In the spirit of C. S. Lewis's *Mere Christianity*, Alister McGrath's *Mere Apologetics* seeks to equip readers to engage gracefully and intelligently with the challenges facing the faith today while drawing appropriately on the wisdom of the past. Rather than supplying the fine detail of every apologetic issue in order to win arguments, *Mere Apologetics* teaches a method that

appeals not only to the mind but also to the heart and the imagination. This highly accessible, easy-to-read book is perfect for pastors, teachers, students, and lay people who want to speak clearly and lovingly to the issues that confront people of faith today.

Is the Christian message of Jesus Christ and his resurrection true? Using ten lines of historical evidence, Dr. Craig defends the probability that Jesus was resurrected following his crucifixion. He examines the origin of the Christian movement, and more provocative subjects, such as the Shroud of Turin, parapsychological phenomena and hallucinations.

What part does reason play when we share our beliefs with others? And how can using our God-given intellect help in our own spiritual development?

Atonement and the Death of Christ

Thomas Nelson

Through his death on the cross, Christ atoned for sin and so reconciled people to God. New Testament authors drew upon a range of metaphors and motifs to describe this salvific act, and down through history Christian thinkers have tried to articulate various theories to explain the atonement.

While Christ's sacrifice serves as a central tenet of the Christian faith, the mechanism of atonement--exactly how

Christ effects our salvation--remains controversial and ambiguous to many Christians. In *Atonement and the Death of Christ*, William Lane Craig conducts an interdisciplinary investigation of this crucial Christian doctrine, drawing upon Old and New Testament studies, historical theology, and analytic philosophy. The study unfolds in three discrete parts: Craig first explores the biblical basis of atonement and unfolds the wide variety of motifs used to characterize this doctrine. Craig then highlights some of the principal alternative theories of the atonement offered by great Christian thinkers of the premodern era. Lastly, Craig's exploration delves into a constructive and innovative engagement with

philosophy of law, which allows an understanding of atonement that moves beyond mystery and into the coherent mechanism of penal substitution. Along the way, Craig enters into conversation with contemporary systematic theories of atonement as he seeks to establish a position that is scripturally faithful and philosophically sound. The result is a multifaceted perspective that upholds the suffering of Christ as a substitutionary, representational, and redemptive act that satisfies divine justice. In addition, this carefully reasoned approach addresses the rich tapestry of Old Testament imagery upon which the first Christians drew to explain how the sinless Christ saved his people from the guilt of their sins.

The Apologetics of Jesus Crossway
"If you are looking for one book to make sense of the problem of evil, this book is for you." Sean McDowell
Grasping This Truth Will Change Your View of God Forever
If God is good and all-powerful, why doesn't He put a stop to the evil in this world?
Christians and non-Christians alike struggle with the concept of a loving God who allows widespread suffering in this life and never-ending punishment in hell. We wrestle with questions such as... Why do bad things happen to good people? Why should we have to pay for Adam's sin? How can eternal judgment be fair? But what if the real problem doesn't start with God...but with us? Clay Jones, an

associate professor of Christian apologetics at Biola University, examines what Scripture truly says about the nature of evil and why God allows it. Along the way, he'll help you discover the contrasting abundance of God's grace, the overwhelming joy of heaven, and the extraordinary destiny of believers.

Defending Your Faith On Guard

Raised in a militant atheist family, Sy Garte fell in love with the factual world of science. He became a respected research biochemist with an anti-theistic worldview to bolster his work—and he had no intention of seeking a God he didn't believe in.

That is, until the very science he loved led him to question the validity of an

atheistic worldview. His journey to answer the questions that confronted him drew him into becoming a fully committed Christian, determined to show others the truth: modern science doesn't contradict God at all but instead supports Christianity. In the first half of the book, Sy begins with how his experiences and quest for knowledge as a student and early in his career brought him to question his materialist assumptions. He goes on to reveal how lessons from physics, biology, and human nature—all presented for lay readers to easily understand—actually argue for belief in God. In the second half of the book, Sy looks at the arguments often presented against God in academic and scientific settings and

explains the false foundations on which they rest. For those who have been told that the realities of science call for a rejection of God—but can't quite get rid of the feeling that this shouldn't be true—*The Works of His Hands* is an ideal reminder that the two don't have to be bitter enemies. Instead, this transformative book shares the beauty of the marriage between science and faith—and how, together, they can bring even the most unlikely to salvation. *In Quest of the Historical Adam: A Biblical and Scientific Exploration* William B. Eerdmans Publishing Company
Readers will find a new way of looking at the message and miracles of Christ and will be revived by Christ's caring

approach to dealing with doubters.
