John Milton's sonnet "On His Blindness" is a statement on the individual's worthiness independent of one's measurable achievements Graywolf Press
This authoritative edition was originally published in the acclaimed Oxford Authors series under the general editorship of Frank Kermode. It brings together a unique combination of Milton's poetry and prose - all the English verse together with a generous selection from the major prose writings - to give the essence of his work and thinking. Milton's influence on English poetry and criticism has been incalculable, and this edition covers the full range of his poetic and political output. It includes Paradise Lost, Paradise Regained, and Samson Agonistes as well as major prose works such as Areopagitica and The Tenure of Kings and Magistrates. As well as all the English and Italian verse, the volume includes most of the Latin and Greek verse in parallel translation. Spelling has been modernized, and the poems are arranged in order of publication, essential to an understanding of the progress of Milton's career in relation to the political and religious upheavals of his time. The extensive notes cover syntax, vocabulary, historical context, and biblical and classical allusions. The introduction traces both Milton's changing conception of his own vocation, and the critical reception his work has received over the past four centuries.

ENGLISH LITERATURE Forgotten Books

A true tale of high adventure in the South Seas. The tiny island of Run is an insignificant speck in the Indonesian archipelago. Just two miles long and half a mile wide, it is remote, tranquil, and, these days, largely ignored. Yet 370 years ago, Run's harvest of nutmeg (a pound of which yielded a 3,200 percent profit by the time it arrived in England) turned it into the most lucrative of the Spice Islands, precipitating a battle between the all-powerful Dutch East India Company and the British Crown. The outcome of the fighting was one of the most spectacular deals in history: Britain ceded Run to Holland but in return was given Manhattan. This led not only to the birth of New York but also to the beginning of the British Empire. Such a deal was due to the persistence of one man. Nathaniel Courthope and his small band of adventurers were sent to Run in October 1616, and for four years held off the massive Dutch navy. Nathaniel's Nutmeg centers on the remarkable showdown between Courthope and the Dutch Governor General Jan Coen, and the brutal fate of the mariners racing to Run--and the other corners of the globe--to reap the huge profits of the spice trade. Written with the flair of a historical sea novel but based on rigorous research, Giles Milton's Nathaniel's Nutmeg is a brilliant adventure story by Giles Milton, a writer who has been hailed as the "new Bruce Chatwin" (Mail on Sunday).

A meditation on death and mortality, "The Conqueror Worm" describes a cryptic and ghoulish play that represents the inevitability of death. Despite the fact that his first published works were books of poetry, during his lifetime Edgar Allan Poe was recognized more for his literary criticism and prose than his poetry. However, Poe's poetic works have since become as well-known as his famous stories, and reflect similar themes of mystery and the macabre. Although Paradise Lost is one of the greatest poems in the English language, it is also among the most difficult and intimidating, especially to unsophisticated readers. One of the most accessible critical studies of Paradise Lost—and one frequently recommended by those teaching Milton—is Anne Ferry's Milton's Epic Voice.

Among the poets new to this edition are such leading names as Americans Robert Pinsky, Louise

Erdrich and Louise Glück; Britons James Fenton and Carol Ann Duffy; and Canadians Anne Carson, Robert Bringham, and Christian Bök. A number of names who may be new to many readers of poetry are also included among them: Ohioan Debra Allbery, Vancouverite Elise Partridge, and the Cree poet Connie Fife; as with the first edition, the editors have endeavored to include much that is fresh as well as much that is familiar. There are many additions to the selections from poets who appeared in the first edition including selections from the recent work of Leonard Cohen, Les Murray, and Margaret Atwood. As before, the anthology includes work from English-language poets throughout the world from India, Africa, and the Caribbean as well as from Britain, North America, and Australia. Although the selections from the work of poets of earlier eras are largely unchanged from the first edition, there have been some changes; among poems added for this edition are Milton's L'Allegro and Il Penseroso, Bradstreet's "Employment," Dickinson's "I cannot live without You," Frost's "Once by the Pacific," and Auden's "Funeral Blues." As before, the text emphasizes work of the past century; poems from 1900 or later take up more than half of the anthology's pages. In its first edition The Broadview Anthology of Poetry included biographical information about the poets at the back of the anthology; for the new edition, biographical material appears in a headnote to each poet. Two other features are also new to this edition: the date of first publication is appended after each poem, and line numbering is used throughout. The numbers have been kept unobtrusive, however; as with the first edition, the designers have endeavored to give a clean look to the pages of the anthology. A substantial section on prosody, figures of speech, and so on is included as an appendix.

After its publication in 1667, John Milton's Paradise Lost was celebrated throughout Europe as a supreme achievement of the human spirit. Now it is little read. To bring readers back to Milton's masterpiece, John Carey has shortened it to a third of its original length. In this fascinating reinterpretation, Carey reveals new insights about Milton's sources of inspiration, while exploring divided readings of the work's key characters. The Essential Paradise Lost presents the epic's greatest poetry, with linking passages that preserve its cosmic sweep - from the superhuman defiance of a ruined archangel to a pair of tragic lovers, bewildered to find themselves responsible for the fate of the whole human race.

This reading of Milton juxtaposes the poet's theology and Freud's account of the Oedipus complex in ways that yield both new understanding of Milton and a model for psychoanalytic interpretation of literature. The book ranges widely through the art and life of Milton, including extensive discussions of his theological irregularities and the significance, medical and symbolic, he assigned to his blindness. Kerrigan analyzes the oedipal aspect of Milton's religion; examines the nature of the Miltonic godhead; studies Milton's analogies linking human, angelic, and cosmic bodies; and explores Milton's symbolism of home. In a commanding demonstration, Kerrigan delineates how the great epic and the psyche of its author bestow meaning on each other.

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times
Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

Winner of the William Carlos Williams Award *National Book Critics Circle Award Finalist* *Included in The New York Times Best Poetry of 2016* *Named one of The Washington Post's Best Poetry Collections of 2016* * Longlisted for the National Book Award* "Blackacre" is a centuries-old legal fiction—a placeholder name for a hypothetical estate. Treacherously lush or alluringly bleak, these poems reframe their subjects as landscape, as legacy—a bereavement, an intimacy, a racial identity, a pubescence, a culpability, a diagnosis. With a surveyor's keenest tools, Youn marks the boundaries of the given, what we have been allotted: acreage that has been ruthlessly fenced, previously tenanted, ploughed and harvested, enriched and depleted. In the title sequence, the poet gleans a second crop from the field of Milton's great sonnet on his blindness: a lyric meditation on her barrenness, on her own desire—her own struggle—to conceive a child. What happens when the transformative imagination comes up against the limits of unalterable fact?
