Stanley Fish's *Surprised by Sin*, first published in 1967, set a new standard for Milton criticism and established its author as one of the world's preeminent Milton scholars. The lifelong engagement begun in that work culminates in this book, the magnum opus of a formidable critic and the definitive statement on Milton for our time. How Milton works "from the inside out" is the foremost concern of Fish's book, which explores the radical effect of Milton's theological convictions on his poetry and prose. For Milton the value of a poem or of any other production derives from the inner worth of its author and not from any external measure of excellence or heroism. Milton's aesthetic, says Fish, is an "aesthetic of testimony": every action, whether verbal or physical, is or should be the action of holding fast to a single saving commitment against the allure of

plot, narrative, representation, signs, drama--anything that might be construed as an illegitimate supplement to divine truth. Much of the energy of Milton's writing, according to Fish, comes from the effort to maintain his faith against these temptations, temptations which in any other aesthetic would be seen as the very essence of poetic value. Encountering the great poet on his own terms, engaging his equally distinguished admirers and detractors, this book moves a 300-year debate about the significance of Milton's verse to a new level.

On the Morning of Christ's Nativity Routledge Although *Paradise Lost* is one of the greatest poems in the English language, it is also among the most difficult and intimidating, especially to unsophisticated readers. One of the most accessible critical studies of *Paradise Lost*—and one frequently recommended by those teaching Milton—is Anne Ferry's *Milton's Epic Voice*.

This reading of Milton juxtaposes the poet's theology and Freud's account of the Oedipus complex in ways that yield both new understanding of Milton and a model for psychoanalytic interpretation of literature. The book ranges widely through the art and life of Milton, including extensive discussions of his theological irregularities and the significance, medical and symbolic, he assigned to his blindness. Kerrigan analyzes the oedipal aspect of Milton's religion; examines the nature of the Miltonic godhead; studies Milton's analogies linking human, angelic, and cosmic bodies; and explores Milton's symbolism of home. In a commanding demonstration, Kerrigan delineates how the great epic and the psyche of its author bestow meaning on each other.

The Great War, The Waste Land and the Modernist Long Poem explores how cultural responses to the trauma of the First World War found expression in the form of the modernist long poem. Beginning with T.S. Eliot's *The Waste Land*, Oliver Tearle reads that most famous example of the genre in comparison with lesser known long poems, such as Hope Mirrlees's *Paris: A Poem*, Richard Aldington's *A Fool I' the Forest* and Nancy Cunard's *Parallax*. As well as presenting a new history of this neglected genre, the book examines the ways in which the modernist long poem represented the seminal literary form for grappling with the crises of European modernity in the wake of World War I.

Maya Angelou ' s unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS ' s *American Masters*. *Pretty women wonder where my secret lies. I ' m not cute or built to suit a fashion model ' s size But when I start to tell them, They think I ' m telling lies. I say, It ' s in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I ' m a woman Phenomenally.*

Phenomenal woman, That ' s me. Thus begins " Phenomenal Woman, " just one of the beloved poems collected here in Maya Angelou ' s third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. " It is true poetry she is

writing, " M.F.K. Fisher has observed, " not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes. "

Dante Alighieri and John Milton, two composers of vernacular epic poems, undoubtedly hold prominent positions in the literary canons of Italy and England respectively. Both authors have been made into universally important icons deeply engrained in the world ' s cultural memory; their importance, however, extends vastly beyond their mere literary and political influence. This anthology explores the synchronic and diachronic constructions of Dante and Milton as such culturally produced icons. The main focus of the contributions in this collection is the production of cultural memory regarding Dante and Milton. The juxtaposition and comparison of the two authors invites a broader perspective that goes beyond merely national contexts as it touches on the question of the emergence of a European Dante and a European Milton. At the same time, the comparison of both allows for an exploration of various processes, namely of appropriating, forgetting and side-lining parts of their histories and politics – processes which the works and legacies of both authors have been subjected to throughout their literary and cultural reception.

Care and women's emancipation have often been seen as opposed. Politicians have begun to look again at the issue of care in the context of new reforms in the welfare state, health care policies and family law. Using concrete examples taken from parental rights cases, health care education and the public health sector. Using concrete examples taken from the practice and discourse of care, those found in parental rights issues, health care education, the family and in the public health sector, Sevenhuijsen argues for revaluation of care from a feminist perspective.

In 1967 Milton studies was divided into two camps: one claiming (per Blake and Shelley) that Milton was of the devil's party, the other claiming

(per Addison and C. S. Lewis) that the poet's sympathies were obviously with God and his loyal angels. Fish has reconciled the two camps by subsuming their claims in a single overarching thesis.

"Blackacre" is a centuries-old legal fiction—a placeholder name for a hypothetical estate. Treacherously lush or alluringly bleak, these poems reframe their subjects as landscape, as legacy—a bereavement, an intimacy, a racial identity, a pubescence, a culpability, a diagnosis. With a surveyor ' s keenest tools, Youn marks the boundaries of the given, what we have been allotted: acreage that has been ruthlessly fenced, previously tenanted, ploughed and harvested, enriched and depleted. In the title sequence, the poet gleans a second crop from the field of Milton ' s great sonnet on his blindness: a lyric meditation on her barrenness, on her own desire—her own struggle—to conceive a child. What happens when the transformative imagination comes up against the limits of unalterable fact?

Milton's Messiah provides the first comprehensive book-length analysis of the nature and significance of the Son of God in Milton's poetry and theology. It argues for a radical reassessment of Milton's doctrine of the atonement and its importance for understanding his poetics.
