Looking at relationship, Krishnamurti delves into topics close to each one of us. He discusses his views on sex and love, and explores the word and delusion of chastity. In Chapter 5 he says, The

person who has taken the vow of celibacy knows no love, because he is concerned with himself and his own fruition. This is a great book for anyone in a relationship.

A major portion of this book consists of various conversations between U.G. and different questioners from all over the world. It articulately presents his insightful views on spirituality and enlightenment. He says that humans are slaves to their ideas and beliefs, they suffer in the hope of achieving something substantial, and there is no way out of this torture for them. Excerpt: "Whatever you experience has already been experienced by someone else. Your telling yourself, "Ah! I am in a blissful state," means that someone else before you has experienced

that and has passed it on to you. Whatever may be the nature of the medium through which you experience, it is a second-hand, third-hand, and last-hand experience. It is not yours. There is no such thing as your own experience. Such experiences, however extraordinary, aren't worth a thing."

### **The Mirror of Relationship**

Krishnamurti stressed that relationship is the mirror in which we see ourselves as we are. 'Topics discussed include the nature of image-making, pleasure and desire, sex, chastity, marriage, and love--When sexual feeling is born out of pleasure it is lust. If it is born out of love it is not lust, even though great delight may then be present.'

When Krishnamurti's  
Notebook first became  
available in 1976, it was  
soon realized that it was  
a spiritually unique  
document giving his  
perceptions and  
experiences and  
describing his states of  
consciousness. It is a  
kind of diary but one that  
is little concerned with  
the day to day process of  
living, though very much  
aware of the natural  
world.

The Mirror of Relationship  
Penguin Books India  
For nearly half a century  
the charismatic, strikingly  
handsome spiritual teacher  
J. Krishnamurti gathered an  
enormous following  
throughout Europe, India,  
Australia and North  
America. From the age of  
eighteen he was the  
forerunner of the type of  
iconoclasm that would bring  
immediate fame to cult  
figures in the late twentieth  
century. Yet recent  
biographies have left large  
areas of his life in  
mystifying darkness. This,  
however, is no ordinary  
study of Krishnamurti, for  
it is written by one whose  
earliest memories are  
dominated by his presence  
as a doting second  
father—tolerant of pranks  
and pets, playful and  
diligent. For over two  
decades in their Ojai  
California haven, where  
Aldous Huxley and other

pacifists found respite  
during the war  
years, 'Krishna' developed  
his philosophical message.  
He also placed himself at  
the centre of her parents',  
Rosalind and Rajagopal's  
marriage. In a spirit of  
tenderness, fairness,  
objective inquiry, and no  
little remorse, the author  
traces the rise of  
Krishnamurti from obscurity  
in India by selection of the  
Theosophical Society to be  
the vehicle of a new  
incarnation of their world  
teacher. Breaking from  
Theosophy, Krishnamurti  
inspired his own following,  
retaining the dedication of  
his longtime friend  
Rajagopal, himself highly  
educated, to oversee all  
practicalities and the editing  
and publication of his  
writings. How this bond of  
trust was breached and  
became clouded in  
confusion with a new wave  
of devoteeism lies at the  
heart of this extraordinary  
story. So does a portrait of  
intense romantic intimacy  
and the conundrum of  
Krishnamurti's own  
complex character.

In Freedom, Love, and  
Action, Krishnamurti  
points to a state of total  
awareness beyond  
mental processes. With  
his characteristic  
engaging, candid  
approach, Krishnamurti

discusses such topics as  
the importance of setting  
the mind free from its  
own conditioning; the  
possibility of finding  
enlightenment in  
everyday activities; the  
inseparability of freedom,  
love, and action; and why  
it is best to love without  
attachment.

What Are You Looking  
For? Castrovilli Giuseppe  
This very important work  
offers penetrating  
dialogues between the  
great spiritual leader and  
the renowned physicist  
that shed light on the  
fundamental nature of  
existence. Krishnamurti  
and David Bohm probe  
such questions as 'why  
has humanity made  
thought so important in  
every aspect of life? How  
does one cleanse the  
mind of the

'accumulation of time'  
and break the 'pattern of  
ego-centered activity'?  
The Ending of Time  
concludes by referring to  
the wrong turn humanity  
has taken, but does not  
see this as something  
from which there is no  
escape. There is an  
insistence that mankind  
can change  
fundamentally; but this  
requires going from  
one's narrow and  
particular interests  
toward the general, and

ultimately moving still deeper into that purity of compassion, love and intelligence that originates beyond thought, time, or even emptiness.

On Conflict considers two of the most vital issues of our time--violence and conflict. Krishnamurti shows that the origins of these divisive experiences lie in confusion and turmoil and teaches that "inward activity dictates outer activity."

On Relationship iUniverse

First in the series on Education and Society in South Asia, this volume focuses on the educational thought of a world-renowned teacher, thinker, and writer—Jiddu Krishnamurti (1895 – 1986). This edited volume examines Krishnamurti's work and explores his contemporary

relevance in educational endeavours and practices in different parts of the country. The contributors to the volume argue that Krishnamurti sought to change the way education is perceived, from the mere teaching of curriculum into a life-changing experience of learning from relationships and life. Through a range of essays that address diverse issues and themes, the contributors seek to uncover the practices and processes at some of the institutions that Krishnamurti established in different parts of rural and urban India. These include essays on curriculum building, inclusive education, pedagogy, debates on educational philosophy and practice, and teacher education. They help bring out the barriers and breakthroughs in the educational processes as practiced in these schools and how they may further be applied to other educational institutions.

J. Krishnamurti, one of the most beloved and renowned religious teachers of the twentieth century, often taught his students that they must look at the state of the world, with all its violence and conflict, if they are ever to understand themselves. To turn away from world events was for him not to be alive to what life has to teach. Facing a World in Crisis presents a selection of talks that Krishnamurti gave on how to live in and respond to troubling and uncertain times. His message of personal responsibility and the importance of connecting

with the broader world is presented in a nonsectarian and nonpolitical way. Direct and ultimately life-affirming, *Facing a World in Crisis* will resonate with readers today who are looking for a new way to understand and find hope in challenging times. Consciousness Shambhala Publications In 1950, Krishnamurti said: "If we are concerned with our own lives, if we understand our relationship with others, we will have created a new society; otherwise, we will but perpetuate the present chaotic mess and confusion." Providing a far-reaching basis for solving many of the world's crises, *On Relationship* brings together Krishnamurti's most essential teachings on the individual's relationship to other people and institutions. The renowned teacher makes clear that the way we handle personal crises and relationships links us to the problems of all people and has a larger, global meaning. Ending the causes of war, for instance,

cannot truly begin until we perform simple, but often ignored, tasks such as reconciling with estranged family members, keeping our homes in order, and respecting others. The Book of Life On Relationship On Relationship FOUR MILLION COPY BESTSELLING AUTHOR 'One of the greatest thinkers of the age' The Dalai Lama What is love? Who am I without my relationships? What is the relationship between myself and society? One of the world's greatest philosophical teachers, Krishnamurti, offers his inspiring wisdom on a core feature of life: our relationships. From parents to partners and colleagues to friends, Krishnamurti answers our deepest defining questions and reveals a path to truly loving yourself, others and the world around you. Action Krishnamurti Foundation of America *On Fear* is a collection of Krishnamurti's most profound observations and thoughts on how fear and dependence affect our lives and prevent us from seeing our true selves. Among the many questions Krishnamurti addresses in these remarkable teachings

are: How can a mind that is afraid love? And what can a mind that depends on attachment know of joy? He points out that the voice of fear makes the mind dull and insensitive, and argues that the roots of hidden fears, which limit us and from which we constantly seek escape, cannot be discovered through analysis of the past. Questioning whether the exercise of will can eliminate the debilitating effects of fear, he suggests, instead, that only a fundamental realization of the root of all fear can free our minds. Krishnamurti Foundation Trust UK During the Second World War (1939-1945) Krishnamurti did not speak publicly in the United States but lived quietly in Ojai, CA. People sought him out and came to dialogue with him on many issues of the times or their own personal dilemmas. Their problems were universal human problems and each made true his statement "You are the world". As Krishnamurti unwound the tight threads of their thinking and feeling the core or source of a concern was revealed unadorned and without blame or guilt. *The Mirror of Relationship, Love, Sex, and Chastity* Krishnamurti Foundation of America Krishnamurti offers

radically different answers to questions about relationship with others, and why we do not act with clarity and intelligence. He says, Surely true action comes from clarity. When the mind is very clear, unconfused, not contradictory within itself, then action inevitably follows from that clarity.

Modern quantum physics, most psychological insight, and all religions reveal the interconnectedness of everything in the universe, that everything always affects everything else.

Because all life is lived in relationships, it is essential that we understand what a relationship is, and what every movement in relationships can mean to us and everyone else. Put together, all our individual relationships create society. Attention to our own behavior in relationship will recreate the world.
