Negative Breast Cancer is an invaluable resource for anyone coping with the physical and emotional turmoil of this challenging type of breast cancer. 100 Questions & Answers about Life After Cancer Jones & Bartlett Publishers Whether you 're a newly diagnosed patient or a friend or relative of someone suffering from kidney cancer, this book can help. Offering both doctor and patient perspectives, 100 Questions & Answers About Kidney Cancer, Second Edition provides authoritative and practical answers to the most commonly asked questions by patients and their loved ones. What is kidney cancer? What causes

kidney cancer? How is kidney cancer treated? Along with the answers to these and other questions, this book provides information on the different types of kidney cancer, signs and symptoms, treatment options, and more. Written by experts in the field 100 Questions & Answers About Kidney Cancer, Second Edition is an invaluable resource for anyone coping with the physical and emotional uncertainty of this disease. 100 Questions & Answers About Biliary Cancer Springer Publishing Company Breast Cancer: Real Questions, Real Answers is an outgrowth of Dr. David Chan's more than 20 years in private oncology practice. Inspired by his patients—who

courageously face their illness but often feel fearful, confused about their options, and full of questions—Dr. Chan's book is uniquely structured as a Question and Answer between patient and doctor. It provides readers with an easily navigated, completely current resource for all of their queries. Poised to become the new must-read for breast cancer patients, this book offers easily digestible information by reviewing and exploring the causes of breast cancer, outlining the core basics of breast cancer therapy, explaining how breast cancer survival is influenced by lifestyle, and much more. Dr. Chan's surefooted, compassionate tone offers reassurance throughout, as do the

stories of his many patients, which give readers a firsthand glimpse at what they may face down the road, all from a survivor's point of view. Complete with a glossary of important terms and an appendix of useful resources, *Breast Cancer: Real Questions, Real Answers* is a must for every breast cancer patient seeking information that will guide her through her struggle toward a triumphant recovery. *Hematology-Oncology Clinical Questions* CreateSpace In this book, a distinguished group of clinicians provide straightforward, focused answers to the questions most

commonly confronted by a multidisciplinary team when caring for patients with rectal cancer. The format of the book is designed to aid optimal decision making in a multidisciplinary setting with respect to key issues in imaging, radiotherapy, chemotherapy, and surgery, all of which are considered in detail. Helpful guidance is also offered on risk factor identification, pathology procedures and their prognostic value, and multidisciplinary

team management. The authors have been carefully selected for their expertise, and most have been involved in the management of the more significant trials published in Europe during the past decade. In an era in which all patients are entitled to access healthcare systems that deliver the highest quality of treatment within a safe environment, together with appropriate advice, support, and long-term follow-up, the multidisciplinary team is of central importance. This successful book, in its revised and

updated second edition, is designed to provide all the guidance likely to be required by members of the multidisciplinary team at various stages of the pathway of care for patients with rectal cancer.
