Applying the lessons of presidential

history, this anthology of case studies—written by leading political scientists, historians, and subject matter experts—delves into the many facets of the presidency and promotes a greater understanding of the presidency for policymakers, academics, students, and general readers alike. Abraham Lincoln once said, "Fellow citizens, we cannot escape history." One hundred and fifty years later, this statement remains true: the lessons of history are increasingly important at a time of political deadlock and growing skepticism of leadership among the American public. An established classic in its field, *Triumphs and Tragedies of the Modern Presidency* underscores the importance of looking back to set an intelligent course for the future and promotes a better understanding of the U.S. presidency. This updated and revised second edition offers rare insights on presidential leadership since 2001 and adds considerable new information related to inter-term transitions. The case studies in this single-volume work cover an unparalleled scope of "modern presidential history" and related topics, beginning with the presidency of Franklin Roosevelt and continuing to the presidency of Barack Obama. Examples of the events and subject matter of the case studies include the interstate transport system, the building of the social safety net, the civil rights movement, the space program, environmental protection, education reform, the IT revolution, energy policy, the budget, economic policy, foreign policy, national security, defense policy, and presidential scandals. Each case study highlights a historical lesson and is authored by a different political scientist, historian, or subject matter expert, offering readers a multidisciplinary examination of the presidency.

For the first time, the remarkable couple depicted in *The Blind Side* tells their own deeply inspiring story. First came the bestselling book, then the Oscar-

nominated movie—the story of Michael Oher and the family who adopted him has become one of the most talked-about true stories of our time. But until now, Leigh Anne and Sean Tuohy have never told this astonishing tale in their own way and with their own words. For Leigh Anne and Sean, it all begins with family. Leigh Anne, the daughter of a tough-as-nails U.S. Marshal, decided early on that her mission was to raise children who would become "cheerful givers." Sean, who grew up poor, believed that one day he could provide a home that would be "a place of miracles." Together, they raised two remarkable children—Collins and Sean Jr.—who share their deep Christian faith and their commitment to making a difference. And then one day Leigh Anne met a homeless African-American boy named Michael and decided that her family could be his. She and her husband taught Michael what this book teaches all of us: Everyone has a blind side, but a loving heart always sees a path toward true charity. Michael Oher's improbable transformation could never have happened if Leigh Anne and Sean Tuohy had not opened their hearts to him. In this compelling, funny, and profoundly inspiring book, *In a Heartbeat*, the Tuohys take us on an extraordinary journey of faith and love—and teach us unforgettable lessons about the power of giving.

**Heartbeat Away** Henry Holt and Company

Editorial Reviews "What an amazing book! What great suspense and tenderness all rolled up into a compelling read." —Amanda Dickson, KSL 1160 "Similar to the mainstream book *The Lovely Bones* . . . but a *Heartbeat Away* left me feeling very content and uplifted. . . I also liked the idea that Kristin was . . . working behind the scenes, so to speak, to help her family cope, to help find the perpetrator, and to help the spirits of the previous victims advance in the Spirit Kingdom as well. All in all, this was an excellent book, and I'm glad I read it." —Melanie Goldmund of Kiel, Germany Book Description "You think it's never going to happen to you. I know because that's how I was—untouchable. Bad things only happen to someone else. Or if something bad actually did happen, it was always something the doctor could fix with fiberglass or a pill. That's the way it was with my family—at least until the year I turned thirteen." When their young daughter, Kristin, is kidnapped, Gary and Angie Marshall struggle to make sense of the unthinkable. Who could do such a thing? And why Kristin? As more time passes in their desperate search for their daughter, their hopes slowly dwindle. They are left with "if onlys" and a glaring uncertainty that damages their marriage and their relationships with their other children, especially their oldest daughter, Meghan. Meanwhile, Kristin is having new experiences of her own. Her first job in her new "life" is to heal the hearts of her family. But doing so turns out to be more of a challenge than she ever expected. How can she get them to let her go so they can find happiness? Or can there ever be a healing after such a devastating trial? Looming above them all is the question—who is responsible for Kristin's disappearance? Is it their beloved uncle? Their neighbor Dale Loveridge, who once dated Angie Marshall? Or could it be Jay, the young man with a colorful past? Or perhaps someone else entirely? Time is running out. As she blames herself for Kristin's disappearance, Meghan turns down a road that can only lead to more unhappiness. Kristin must find a way to help her sister find healing—and perhaps love. A novel of love and the Afterlife from an LDS Christian perspective. More Reviews "This is one AMAZING book! . . . I still marvel over it! Whenever I'm in church and we're talking about

I am recommending this book to all my relatives and friends." —Hilda Granado of Carlsbad, California Ten Questions from the King Harvest House Publishers New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of

moral risk and personal responsibility.

Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's *The Fault in Our Stars*, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?
