One More Bite Jaz Parks 5 Jennifer Rardin

It would be pretty hard to top book 4 in the series (Bitten to Death) without breaking from the genre; One More Bite doesn't try. It stays firmly in the "good, fun romp" and advances the relationship(s) more than the characters, although we get a lot of very good info on the Eldhayr--the society of revenants she joined--and interact with one other than Raoul, her mentor/boss/whatever.
