Bestselling Seductive Nights

Series by Lauren Blakely...Sinfully sexy hotel CEO Nate Harper knows exactly how to please a woman. He's equally skilled in keeping his heart safe from the kind of hurt his ex inflicted on him years ago. But one thing he's not so good at what-so-ever is getting his mind and all his dirty thoughts off the gorgeous, outgoing, and absolutely captivating Casey Sullivan, the new head of the Joy Delivered company. They've been friends for years now, and Casey trusts Nate completely. So it makes perfect sense to her to ask him for hands-

on guidance when she finds herself in need of some of his romantic expertise. The trouble is, his heart may be signing up for more than it bargained for when he agrees to help her learn to abandon her need for control in the bedroom. Because as she experiences what it means to let go, he'll start to experience what it means to feel again...But what happens when all those forbidden nights turn into a deeper connection that's much more than expected?

One Night Is Never Enough Trinkets and Tales LLC The present is, I believe, the first complete translation of the great Arabic compendium of romantic fiction that has been attempted in any European language comprising about four times as much matter as that of Galland and three times as much as that of any other translator known to myself; and a short statement

of the sources from which it is derived may therefore be acceptable to my readers. Three printed editions, more or less complete, exist of the Arabic text of the Thousand and One Nights; namely, those of Breslau, Boulac (Cairo) and Calcutta (1839), besides an incomplete one, comprising the first two hundred nights only, published at Calcutta in 1814. Of these, the first is horribly corrupt and greatly inferior, both in style and completeness, to the others, and the second (that of Boulac) is also, though in a far

less degree, incomplete, whole stories (as, for instance, that of the Envier and the Envied in the present volume) being omitted and hiatuses, varying in extent from a few lines to several pages, being of frequent occurrence, whilst in addition to these defects, the editor, a learned Egyptian, has played havoc with the style of his original, in an ill-judged attempt to improve it, producing a medley, more curious than edifying, of classical and semi-modern diction and now and then, in his unlucky zeal, completely disguising the

pristine meaning of certain passages. The third edition, that which we owe to Sir William Macnaghten and which appears to have been printed from a superior copy of the manuscript followed by the Egyptian editor, is by far the most carefully printed and edited of the three and offers, on the whole, the least corrupt and most comprehensive text of the work. I have therefore adopted it as my standard or basis of translation and have, to the best of my power, remedied the defects (such as hiatuses, misprints,

doubtful or corrupt passages, etc.) which are of no infrequent occurrence even in this, the best of the existing texts, by carefully collating it with the editions of Boulac and Breslau (to say nothing of occasional references to the earlier Calcutta edition of the first two hundred nights), adopting from one and the other such variants, additions and corrections as seemed to me best calculated to improve the general effect and most homogeneous with the general spirit of the work, and this so freely that the present

version may be said, in great part, to represent a variorum text of the original, formed by a collation of the different printed texts; and no proper estimate can, therefore, be made of the fidelity of the translation, except by those who are intimately acquainted with the whole of these latter. Even with the help of the new lights gained by the laborious process of collation and comparison above mentioned, the exact sense of many passages must still remain doubtful, so corrupt are the extant texts and

so incomplete our knowledge, as incorporated in dictionaries, etc., of the peculiar dialect, half classical and half modern, in which the original work is written. One special feature of the present version is the appearance, for the first time, in English metrical shape, preserving the external form and rhyme movement of the originals, of the whole of the poetry with which the Arabic text is so freely interspersed. This great body of verse, equivalent to at least ten thousand twelve-syllable English lines, is of the most unequal

quality, varying from poetry worthy of the name to the merest doggerel, and as I have, in pursuance of my original scheme, elected to translate everything, good and bad (with a very few exceptions in cases of manifest mistake or misapplication), I can only hope that my readers will, in judging of my success, take into consideration the enormous difficulties with which I have had to contend and look with indulgence upon my efforts to render, under unusually irksome conditions, the energy and

beauty of the original, where these qualities exist, and in their absence, to keep my version from degenerating into absolute doggerel.
