Don't miss the Spectrum Originals series JOE PICKETT! The first novel in the thrilling series featuring Wyoming game warden Joe Pickett from #1 New York Times bestselling author C. J. Box. Joe Pickett is the new game warden in Twelve Sleep, Wyoming, a town where nearly everyone hunts and the game warden—especially one like Joe who won't take bribes or look the other way—is far from popular. When he finds a local hunting outfitter dead, splayed out on the woodpile behind his state-owned home, he takes it personally. There had to be a reason that the outfitter, with whom he's had run-ins before, chose his backyard, his woodpile to die in. Even after the "outfitter

murders," as they have been dubbed by the local press after the discovery of the two more bodies, are solved, Joe continues to investigate, uneasy with the easy explanation offered by the local police. As Joe digs deeper into the murders, he soon discovers that the outfitter brought more than death to his backdoor: he brought Joe an endangered species, thought to be extinct, which is now living in his woodpile. But if word of the existence of this endangered species gets out, it will destroy any chance of InterWest, a multi-national natural gas company, building an oil pipeline that would bring the company billions of dollars across Wyoming, through the mountains and forests of Twelve Sleep. The closer Joe comes to the truth behind the outfitter murders, the endangered species and InterWest, the closer he comes to losing everything he holds dear.

Hunting in Many Lands Hachette UK

Joe Gunther, a Vermont cop for most of his adult life and now the head of the VBI (Vermont Bureau of Investigation) gets the call that every law enforcement person hates and every friend and family member of a policeman fears -- a cop has been shot and killed. A deputy sheriff was shot to death during a routine traffic stop on a

dark country road. From what can be seen on the cruiser's tape recorder of the killers, it is believed that they were a couple of Boston-based drug runners who had been stopped by the deputy on their way from Canada down to Boston. Which is what brings Gunther and his team to the investigation - an attempt to shut down the major drug running operation. Specially that of one Alan Budney, disaffected son of a lobsterman, now a drug kingpin, who uses the closed, clannish lobster fishing community and his extended family in particular, to move drugs along the New England coast. The most recent book - and last from Grand Central - *Chat*, has spent four weeks on the extended Booksense bestseller list and, as always, has been on the NEBA bestseller list since publication. He is the winner of the 2004 New England Booksellers Association Award for Best Fiction.

Faces of the Gone Minotaur Books

Intriguing plots, complex characters, and a landscape come to life are mainstays of Archer Mayor's New England thrillers. With a gift for vivid writing, he has made "an honorable art form of the regional mystery," according to the New York Times Book Review. Now in a suspenseful new novel, Mayor's popular sleuth Joe Gunther faces one of the most baffling cases of his career. A legend among Vermont cops, Joe Gunther has solved more local whodunits than a whole squad of detectives. But his latest case takes him and his team off their Brattleboro home turf, forty-two miles west, to chip-on-its-shoulder, blue-collar Bennington. On the edge of town, Gunther encounters the lifeless body of Michelle Fisher. Her corpse, pale and seemingly

at peace, offers him no clues about who she was or how she died. There are no signs of violence, no disorder. Snapshots and postcards show a woman who laughed hard and lived harder. Yet diaries reveal a rootless life marred by depression and drink. Suicide seems a reasonable conclusion, but Gunther suspects foul play. The house is for sale, after all, and Michelle was its only tenant-one who resisted all efforts to have her evicted. The unsavory landlord is a prime suspect, but is safely equipped with an impressively air-tight alibi. Now to uncover the truth about the fate of this discarded, all but forgotten woman, Gunther must follow a confusing trail of half leads and mounting crimes. He draws near to a violent and careless trio of criminals, whose leader is hell-bent on making the career move of a lifetime-and willing to step on anyone who might get in his way.

How To Win Friends And Influence People Gere Donovan Press
Archer Mayor's New York Times bestselling Joe Gunther series returns with a complex case involving two corpses, one escaped mental patient, and a long-held secret that binds them together "Three can keep a secret, if two of them are dead." —Ben Franklin Joe Gunther and his team—the Vermont Bureau of Investigation (VBI)—are usually called in on major cases by local Vermont enforcement whenever they need expertise and back-up. But after the state is devastated by Hurricane

Irene, the police from one end of the state are taxed to their limits, leaving Joe Gunther involved in an odd, seemingly unrelated series of cases. In the wake of the hurricane, a seventeen year old gravesite is exposed, revealing a coffin that had been filled with rocks instead of the expected remains. At the same time, an old, retired state politician turns up dead at his high-end nursing home, in circumstances that leave investigators unsure that he wasn't murdered. And a patient who calls herself The Governor has walked away from a state mental facility during the post-hurricane flood. It turns out that she was indeed once "Governor for a Day," over forty years ago, but that she might have also been falsely committed and drugged to keep her from revealing something that she saw all those years ago. Amidst the turmoil and the disaster relief, it's up to Joe Gunther and his team to learn what really happened with the two corpses—one missing—and what secret "The Governor" might have still locked in her brain that links them all.

The Great Gatsby meets The Godfather in this #1 New York Times bestselling story of friendship and seduction, love and betrayal. Here two men are destined for an explosive collision: John Sutter, Wall Street lawyer, holding fast to a fading aristocratic legacy; and Frank Bellarosa, the Mafia don who seizes his piece of the staid and unprepared Gold Coast like a latter-day barbarian chief and draws Sutter and his regally beautiful wife, Susan, into his violent world. Borderlines Gere Donovan Press

In Southern Timberman, Archer H. Mayor traces the legacy of William Buchanan and the companies he owned along the borders of Texas, Louisiana, and Arkansas, from his first lumber mill in the early 1880s to the sale of the last company in 1979. Like many self-made men, Buchanan was known for both his compassion and his relentlessness. To the hundreds of workers who lived in his company-built mill towns, " Old Man " Buchanan was a caring father figure. To his business associates, he was a strong-willed profiteer--a God-fearing, " cut-out-and-get-out " lumberman whose crews laid waste to thousands of acres of virgin pineland. Whatever his tactics, William Buchanan had a gift for making money. By the time he died in 1923, he was one of the wealthiest men in the South. Southern Timberman is also the story of a strong, volatile family who fought--sometimes among themselves--to preserve that fortune. Tracing the growth of Buchanan 's ventures from the first acre of virgin pine to the charged atmosphere of the corporate boardroom, Mayor paints a compelling family portrait set against the background of America 's oil and timber industries.

"Archer Mayor's Vermont police procedurals are the best thing going..."
--New York Times Book Review Across Brattleboro, Vermont, rich people (some with dark secrets) are waking up in their high security, alarm-equipped homes to find a Post-it note stuck to their bedside tables reading, "You're it." There is little sign of disturbance anywhere, nothing stolen (that anyone admits,) and only a bit of expensive food eaten as a signature. The Press loves the story and dubs the burglar the Tag Man. But who is he? And what's he actually doing? In fact, he's quickly running for his life, for what he discovers in one of these houses appears to be proof of a heinous string of murders. But is it? Joe Gunther, struggling to recover from a devastating personal loss, leads his VBI team to untangle the many conflicting pieces of evidence, while the burglar himself struggles for survival in the no-man's-land between the police and the villains. With no one knowing what to believe, or who to trust, with Tag Man running for his life in a way he never imagined possible, as no one knows who's watching as they sleep, or who truly did what, the Tag Man is critically acclaimed author Archer Mayor at his very finest.

The Marble Mask Macmillan

Joe Gunther and the VBI team are investigating a murder and an arson case—both potentially related to an outbreak of ebola. When the body of a young woman is found near a trail at a popular ski mountain, the case falls to Joe Gunther and his team at the Vermont Bureau of Investigation (VBI). They quickly have a suspect, Mick Durocher, and a confession, but not everyone on

the team is convinced. Despite Mick ' s ready admission, investigators quickly sense there might be more going on than is immediately apparent. At the same time, a large local business is being targeted with escalating acts of vandalism—a warehouse fire, a vandalized truck, a massive cooling system destroyed—resulting in loss of life. And either by coincidence, or not, Mick Durocher, the self-confessed murderer, was once employed by this very company. These two puzzling cases—now possibly connected—are further complicated by the sidelining of a key member of VBI, Willy Kunkle, who undergoes surgery at a hospital that appears to be having an unlikely—and suspiciously timed—outbreak of Ebola. Joe and his team pursue these cases, uncovering motives that might link them, while proving that trust betrayed can be a toxic virus, turning love into murderous loathing. Indeed, behind the mayhem and murder, Joe must uncover a tragic history before another victim dies.

Brattleboro is the epitome of scenic Vermont. Quaint in its architecture and plainspoken in its politics, it dominates the state's southeast corner as both an employment hub and an election year powerhouse—all while looking like a genteel, postindustrial New England mill town. And yet there is darkness here, too, and nobody knows it better than Joe Gunther. Over the years he has battled drug pushers and corporate swindlers, grappled with environmental conspirators, and foiled gangs and home invaders. But while usually successful in his fight for the town's future, Gunther hasn't always come out on top... Thirty years earlier store owner Klaus Oberfeldt was robbed and beaten senseless. When Klaus died six months later, a case of assault and battery became first degree murder. The guilty man eventually appeared to be a well-known, small-time crook, but enough time had elapsed for him to vanish. Gunther, distracted by his wife's losing struggle with cancer in the same hospital where Klaus was slipping from life, did something

that would plague him for the rest of his career: He let the case go cold, burying it in the past along with his private sorrows. Now serendipitously reopened, the Ober-feldt investigation forces Gunther to revisit ancient history and open old wounds. Torn between righting the past and confronting his demons, the veteran cop faces the most personal and dangerous case of his career. For somewhere on the idyllic Brattleboro streets stalks a long-lost murderer who never quite disappeared-and with Joe's renewed interest, now has good reason to kill again...
