"The book tells how men and women have seized common occasions and made them great; it tells of those of average ability who have succeeded by the use of ordinary means, by dint of indomitable

will and inflexible purpose. It tells how poverty and hardship have rocked the cradle of the giants of the race. The book points out that most people do not utilize a large part of their effort because their mental attitude does not correspond with their endeavor, so that although working for one thing, they are really expecting something else; and it is what we expect that we tend to get."--Manybooks website

"Down the Garden Path has stood the test of time as one of the world's best-loved and most quoted gardening books. Ostensibly an account of the creation of a garden in Huntingdonshire in the 1930s, it is really about the underlying emotions and obsessions for which gardening is just a cover story. The secret of this book's success---and its timelessness---is that it does not seek to impress the reader with a wealth of expert knowledge or advice. Beverley Nichols proudly declares his status as a newcomer to gardening: "The best gardening books should be written by those who still have to search their brains for the honeysuckle's languid Latin name." As unforgettable as the plants in the garden

are, the cast of visitors and neighbours who invariably turn up at inopportune moments are truly memorable. For every angelic Miss Hazlitt there is an insufferable Miss Wilkins waiting in the wings. For every thought-provoking Professor, there is an intrusive Mrs. M., whose chief offense may be that she is a "damnably efficient" gardener. From a disaster in building a rock garden---"It reminded me of those puddings made of spongecake and custard which are studded with almonds"---to a triumph in building an "avalanche" of chionodoxas---"Ah, but it was worth waiting for"---to further adventures with greenhouses, woodland gardens, not to mention cats and treacle, Nichols has left us a true gardening classic.

"The empty tomb doesn't make sense without the cross, the cross doesn't make sense without the manger, and the manger doesn't make sense without the garden," says author Steven James. To understand Easter, it is necessary to experience the entire Christian story. Like people who walk in at the end of a movie and wonder what all the fuss is about, so too Christians need to know their history--from creation to the first sin, from Christ's first miracle to his death, and everything in between. Story invites readers on a dramatic journey through the greatest story ever told. Using the power of imagery to move readers back to a place where they can encounter God, Steven James makes familiar Bible narratives come

alive in provocative and poetic ways. Using thirty short, image-based chapters, Story makes the gospel real for a postmodern world and allows readers to meet Christ again or for the very first time.

When a group of immortal vigilantes threatens millions, only one man is brave enough to stand in their way. Their story didn't start this year...or even this millennium. It began when Moses was on Mt. Sinai. Tired of waiting on the One True God, the twelve tribes of Israel began worshipping a golden calf through pagan revelry. Many received immediate death for their idolatry, but 40 were handed a far worse punishment--endless life on earth with no chance to see the face of God. This group of immortals became the 13th

Tribe, and they've been trying to earn their way into heaven ever since—by killing sinners. Though their logic is twisted, their brilliance is undeniable. Their wrath is unstoppable. And the technology they possess is beyond anything mere humans have ever seen. Jagger Baird knows nothing about the Tribe when he's hired as head of security for an archaeological dig on Mt. Sinai. The former Army Ranger is still reeling from an accident that claimed the life of his best friend, his arm, and his faith in God. The Tribe is poised to execute their most ambitious attack ever and the lives of millions hang in the balance. When Jagger's wife and son are caught in the crossfire, he'll stop at nothing to save them. But how can one man stand against an entire tribe of immortals? "Liparulo plunges deep into the pages of Scripture to find intriguing what-if's and stunning revelations—all woven into a tale that is both skin-tinglingly supernatural and thought-provokingly real. Packed with high-tech gadgetry, action, and heart . . . Read this novel! Seriously!" —TED DEKKER, New York Times best-selling author of *Forbidden* and the Circle Series "The author of *Comes a Horseman* ushers in an exciting new series with this action-packed and intricately plotted spiritual thriller that should appeal to fans of Frank Peretti and Oliver North." —Library Journal "A fantasy-thriller with overt (but not overly intrusive) Christian themes . . . The book can be read as a story of a man's spiritual transition, or it can be read as a fast-paced thriller with fantasy elements. Either way, it's a success." —Booklist "Liparulo opens the Immortal Files series with a bang . . . Liparulo has concocted a fast-moving, imaginative narrative that examines moral questions . . . every reader is in for roller-coaster action, competently done, with a late-breaking major plot curve that leaves the door open for more." —Publishers Weekly "If you're a fan of suspense or biblical fiction, this is one book you won't want to miss. Its mind-blowing action will keep readers totally immersed." —RT Book Review, 4 1/2 stars
