The Greek's Convenient Cinderella Oceanview Publishing

End-of-life care—or assisted death When her elderly patients start dying at home days after minor surgery, anesthesiologist Dr. Kate Downey wants to know why. The surgeon, not so much. "Old people die, that's what they do," is his response. When Kate presses, surgeon Charles Ricken places the blame squarely on her shoulders. Kate is currently on probation, and the chief of staff sides with the surgeon, leaving Kate to prove her innocence and save her own career. With her husband in a prolonged coma, it's all she has left. Aided by her eccentric Great Aunt Irm, a precocious medical student, and the lawyer son of a victim, Kate launches her own unorthodox investigation of these unexpected deaths. As she comes closer to exposing the culprit's identity, she faces professional intimidation, threats to her life, a home invasion, and, tragically, the suspicious death of someone close to her. The stakes escalate to the breaking point when Kate, under violent duress, is forced to choose which of her loved ones to save—and which must be sacrificed. Perfect for fans of Kathy Reichs and Tess Gerritsen

Command Of The Air Harlequin

Winner of the Lambda Literary Award for LGBT Children's/Young Adult One of Rolling Stone's 40 Best YA Novels A 2014 ALA Rainbow List Top 10 Title A Booklist Top 10 First Novels for Youth 2013 A Chicago Public Library "Best of the Best" 2013 This Forbidden Romance Could Cost Them Their Lives Seventeen-year-old Sahar has been in love with her best friend, Nasrin, since they were six. They've shared stolen kisses and romantic promises. But Iran is a dangerous place for two girls in love--Sahar and Nasrin could be beaten, imprisoned, even executed. So they carry on in secret until Nasrin's parents suddenly announce that they've arranged for her marriage. Then Sahar discovers what seems like the perfect solution: homosexuality may be a crime, but to be a man trapped in a woman's body is seen as nature's mistake, and sex reassignment is legal and accessible. Sahar will never be able to love Nasrin in the body she wants to be loved in without risking their lives, but is saving their love worth sacrificing her true self?

Born into poverty on a farm in Missouri, he was the author of *How to Win Friends and Influence People* (1936), a massive bestseller that remains popular today.

Actionable Gamification Penguin

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air

war over Kuwait and Iraq.

The Economist HarperCollins Australia

Someday her prince will come... Inspired by the tale of Cinderella, Lila DiPasqua weaves a steamy historical romance that offers a glass slipper, a dangerous deception, and an impoverished beauty determined to find her handsome prince...and make him pay. Matching wits and wiles with a man of Jules de Moutier's seductive skill is not as easy as Sabine Laurent supposed. Soon, she must decide whether her desire for vengeance is greater than her desire for her one and only prince...

Los Angeles Magazine Government Printing Office

Peggy Orenstein, acclaimed author of the groundbreaking New York Times bestsellers *Girls & Sex* and *Schoolgirls*, offers a radical, timely wake-up call for parents, revealing the dark side of a pretty and pink culture confronting girls at every turn as they grow into adults. Sweet and sassy or predatory and hardened, sexualized girlhood influences our daughters from infancy onward, telling them that how a girl looks matters more than who she is. Somewhere between the exhilarating rise of *Girl Power* in the 1990s and today, the pursuit of physical perfection has been recast as the source of female empowerment. And commercialization has spread the message faster and farther, reaching girls at ever-younger ages. But how dangerous is pink and pretty, anyway? Being a princess is just make-believe; eventually they grow out of it . . . or do they? In search of answers, Peggy Orenstein visited Disneyland, trolled American Girl Place, and met parents of beauty-pageant preschoolers tricked out like Vegas showgirls. The stakes turn out to be higher than she ever imagined. From premature sexualization to the risk of depression to rising rates of narcissism, the potential negative impact of this new girlie-girl culture is undeniable—yet armed with awareness and recognition, parents can effectively counterbalance its influence in their daughters' lives.

The Sun, the Earth, and Near-earth Space Algonquin Young Readers

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

The Psychosocial Implications of Disney Movies Pickle Partners Publishing

“ Fascinating. Doidge ' s book is a remarkable and hopeful portrait of the endless adaptability of the human brain. ” —Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge ' s inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they ' ve transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

Heir Untamed Harper Collins

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney ' s films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Cinderella Man Ballantine Books

The stories in the book are grouped for expected developmental levels for children between the ages of two and seven, reflecting the growing world of the child from self-centric to an understanding of facts far removed from the child's immediate world.

A “ superbly plotted ” (Los Angeles Times) page-turning classic from the undisputed Queen of Suspense and #1 New York Times bestselling author Mary Higgins Clark. A minor road accident landed county prosecutor Katie DeMaio in Westlake Hospital. That night, from her window, she thought she saw a man load a woman ’ s body into the trunk of a car...or was it just a sleeping pill induced nightmare? At work the next day, Katie began investigating a suicide that looked more like murder. Initial evidence pointed elsewhere, but medical examiner Richard Carroll saw a trail leading to Dr. Edgar Highley. He suspected that the famous doctor ’ s work “ curing ” infertile women was more than controversial—that it was deceitful, depraved, and often deadly. But before Richard could tell Katie his fears, she left the office for the weekend and an appointment for routine surgery...in Dr. Highley ’ s operating room. “ A harrowing tale ” (The New York Times Book Review) that ’ s “ indescribably suspenseful ” (San Francisco Chronicle), *The Cradle Will Fall* is a page-turning thriller of the highest order.

36 Hours Serial As a devastating summer storm hits Grand Springs, Colorado, the next thirty-six hours will change the town and its residents forever... *Cinderella Story Part 1* The night the lights go out at the lodge, waitress Nina Lindstrom flees the arms of millionaire Alex Bennett after a romantic dance. But he's determined not to lose sight of the beautiful stranger. Finding her days later, he has a business proposition for the widow and mother—a fake engagement that could reward her enough to save her son Tommy's life. Nina tells herself she doesn't believe in fairy tales. Her relationship with Alex is strictly professional. But as she spends more time with her handsome rescuer, it's harder to see him as just a business partner. In trying to save her son, is she risking her own heart? The story continues in *Cinderella Story Parts 2 and 3*.

[Watching the English](#), Second Edition HarperCollins

From the renowned psychologist who introduced the world to “ growth mindset ” comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. “ Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life. ” —Bill Gates, *GatesNotes* “ It ’ s not always the people who start out the smartest who end up the smartest. ” After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck

offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.
