The definitive resource for the NRS II exams—three complete courses in a book Alcatel-Lucent is a world leader in

designing and developing scalable systems for service providers. If you are a network designer or operator who uses Alcatel-Lucent's 7750 family of service routers, prepare for certification as an A-L network routing specialist with this complete self-study course. You'll get thorough preparation for the NRS II exams while you learn to build state-of-the-art, scalable IP/MPLS-based service networks. The book provides you with an in-depth understanding of the protocols and technologies involved in building an IP/MPLS network while teaching you how to avoid pitfalls and employ the most successful techniques available. Topics covered include interior routing

protocols, multiprotocol label switching (MPLS), Layer2/Layer3 services and IPv6. The included CD features practice exam questions, sample lab exercises, and more. Prepares network professionals for Alcatel-Lucent Service Routing Certification (SRC) exams 4A0-101, 4A0-103, 4A0-104 and NRSII4A0. Covers content from Alcatel-Lucent's SRC courses on Interior Routing Protocols, Multiprotocol Label Switching, and Services Architecture. Specific topics include MPLS (RSVP-TE and LDP), services architecture, Layer2/Layer 3 services (VPWS/VPLS/VPN/IES/service inter-working/IPv6 tunneling), and OSPF and IS-IS for traffic engineering and IPv6.

CD includes practice exam questions, lab exercises and solutions. Our study guide is streamlined and concept-driven not filled with excess junk, silly attempts at humor, or confusing filler so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package. Why trust Trivium Test Prep? Our CSCS study materials are created by industry and educational experts. Other study guides simply tell you what is on the test, not how that material is applied or, more importantly, HOW TO STUDY FOR IT. Trivium study guides are different. Our dedicated professionals know how people think and learn, and have created the CSCS study guide based on what research has shown to be the fastest, easiest, and most effective way to prepare for

the exam. Unlike other study guides that are stamped out in a generic fashion, our CSCS study guide is specifically tailored for your exact needs. We refuse to pad a study guide as a means to convince people there is more information; this is a devious trick used to make you think you are getting more, when really it's all just wasting your time.

CHES Exam Practice
Questions are the
simplest way to
prepare for the
Certified Health

Education Specialist Exam. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. Our CHES Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice.

Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same mistakes again when you take the real test. That's why our CHES Exam Practice Questions include answer keys with detailed

answer
explanations. These
in-depth answer
explanations will
allow you to better
understand any
questions that were
difficult for you
or that you needed
more help to
understand.
