Signing in as a Developer. Paste into your browser the URL to APEX for your Autonomous Database service. Enter the workspace name, database user name and password of the database user. Click Sign In . That's all there is to it! Now you're ready to begin developing and deploying world-class applications faster than you ever have before!
A Simple Guide to Oracle Application Express (APEX ...
Cards regions in your application are useful for presenting a variety of information in small blocks. In releases prior to Oracle APEX 20.2, Cards implementation is a classic report

region with the layout controlled by the cards report template. This implementation doesn't offer much of a flexibility to customize.
