Trained as a forensic psychologist, Tara also specializes in Tarot card reading. But she doesn't need her divination skills to realize that the new assignment from her friend and sometime lover, Agent Harry Li, is a dangerous proposition in every way. Former Cold War operatives, all linked to a top-secret operation tracking the disposal of nuclear weapons in Russia, are disappearing. There are no bodies, and no clues to their whereabouts. Harry suspects a conspiracy to sell arms to the highest bidder. The cards—and Tara's increasingly ominous dreams—suggest something darker. Even as Tara sorts through her feelings for Harry and her fractured relationship with the mysterious order known as Delphi's Daughters, a killer is growing more ruthless by the day. And a nightmare that began decades ago in Chernobyl will reach a terrifying endgame that not even Tara could have foreseen. . . .
