Workflow administrator privileges are assigned in the Workflow Configuration page. See: Setting Global User Preferences, Oracle Workflow Administrator's Guide. Although you can run a test workflow process against any Oracle Workflow database, it is recommended that you create a separate environment for testing purposes.

Oracle Workflow Developer's Guide - Stanford University

Oracle Workflow provides some generic activities you can use to control your process. The activities are associated with the Standard item type but can be used within any process you define. The Standard item type is automatically installed on your Oracle Workflow server.
