Trust Yourself Hearst Books

Foreword by Neil Blumenthal, co-founder of Warby Parker “ A beautiful, timely book that will guide you as you find your way to make a difference in the world. ” —Walter Isaacson You don ’ t have to be a billionaire philanthropist, give up your day job, or wait for retirement to make a difference in the world. You can start now. We all want to make the world a better place, but with busy, demanding lives, most of us struggle with the

where, when, and how. Dr. Jordan Kassalow, founder of VisionSpring, the groundbreaking venture that has restored eyesight and hope to millions of people across the globe, has the answers: here, now, and in your own way. Sharing his personal story of integrating real-world responsibilities with his desire to make a difference, Jordan offers you a practical way forward, custom-made for your unique talents and circumstances, to take you from thought to action. The soulful and pragmatic approach in this remarkable book will help you see with your heart and use your head to invest in your highest goals—while still earning a paycheck, being there for those you love, and enjoying life. To dare to matter, today. “ An essential reminder that the greatest challenges of any age are no match for the good will, love, passion, and potential that

abides in all human beings. I hope this superb book will inspire its readers to follow in Jordan ’ s footsteps in making a difference for all. ” —Madeleine K. Albright, former Secretary of State “ Dare to Matter should be required reading for anyone who dreams of making a difference. The book shines with hard-earned wisdom embedded in spiritual ground and girded with practical advice. You will be inspired, enlivened and possibly, forever changed in all good ways. ” —Jacqueline Novogratz, CEO, Acumen and author of *The Blue Sweater Permanent Record* Penguin Group “I am most grateful for two things: that I was born in North Korea, and that I escaped from North Korea.” - Yeonmi Park “One of the most harrowing stories I have ever heard - and one of the most inspiring.”

- The Bookseller “Park's remarkable and inspiring story shines a light on a country whose inhabitants live in misery beyond comprehension. Park's important memoir showcases the strength of the human spirit and one young woman's incredible determination to never be hungry again.” —Publishers Weekly In *In Order to Live*, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home

country. Park's testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable.

Fortune's Warriors Random House

Why our workplaces are authoritarian private governments—and why we can't see it One in four American workers says their workplace is a “dictatorship.” Yet that number almost certainly would be higher if we recognized employers for what they are—private governments with sweeping authoritarian power over our lives. Many employers minutely regulate workers' speech, clothing, and manners on the job, and employers often extend their authority to the off-duty lives of workers, who can be fired for their political speech, recreational activities, diet, and almost anything else employers care to govern. In this compelling book, Elizabeth Anderson examines why, despite all this, we continue to talk as if free markets make workers free, and she proposes a better way to think about the workplace, opening up space for discovering how workers can enjoy real freedom.

Private World of Ottoman

Women Metropolitan Books

Unlike so many other books,

Grace and Power rejects gossip and conspiracy theory to tell the story of John and Jackie's three years in the White House soberly, comprehensively and sensitively, from beginning to sudden end. Sally Bedell Smith's book on John and Jackie Kennedy was hailed by authoritative reviewers on both sides of the Atlantic as the most distinguished and well-written book on a perennially fascinating subject for years. In the US the hardback was high on the New York Times bestseller list for weeks. It is an immensely poignant chronicle of pivotal historical events seen from the inside out, from within the private home of the President and First Lady. Amidst the superficial opulence of their social circle, we see the Cuban Missile Crisis and the

burgeoning American civil rights movement from the perspective of an invalid president often barely well enough to appear in public. Together with his young wife, abandoned by her husband's relentless womanising, nevertheless changed the politics and style of America. *Grace and Power* is the classic account of that time.

The Private World of Georgette Heyer

American Bar Association

No one knows who may be the next threat in this "action-packed" thriller by the New York Times bestselling author of *National Security* (Publishers Weekly). From coast to coast, our nation is witnessing a new wave of terror. Suicide bombers incite blind panic and paralyzing fear. A flight attendant tries to crash an airliner. A police officer opens fire on fans in a stadium. And at CIA headquarters, a Deputy Director goes on a murderous rampage. The perpetrators appear to be American—but they are covert agents in a vast network of terror, selected and trained for one purpose only: the complete annihilation of America. Special Agent Jericho Quinn has

seen the warning signs. As a classified "instrument" of the CIA reporting directly to the president, Quinn knows that these random acts of violence pose a clear and present danger. But Quinn may not be able to stop it. The search for terrorists has escalated into an all-out witch hunt. And somehow, Quinn's name is on the list... "Quinn is most definitely one of the best characters in the thriller realm."—*Suspense Magazine*

"Historical fiction at its best!"* A

remarkable novel about J. P. Morgan's personal librarian, Belle da Costa Greene, the Black American woman who was forced to hide her true identity and pass as white in order to leave a lasting legacy that enriched our nation, from New York Times bestselling authors Marie Benedict and Victoria Christopher Murray. In her twenties, Belle da Costa Greene is hired by J. P. Morgan to curate a collection of rare manuscripts, books, and artwork for his

newly built Pierpont Morgan Library. Belle becomes a fixture in New York City society and one of the most powerful people in the art and book world, known for her impeccable taste and shrewd negotiating for critical works as she helps create a world-class collection. But Belle has a secret, one she must protect at all costs. She was born not Belle da Costa Greene but Belle Marion Greener. She is the daughter of Richard Greener, the first Black graduate of Harvard and a well-known advocate for equality. Belle's complexion isn't dark because of her alleged Portuguese heritage that lets her pass as white—her complexion is dark because she is African American. *The Personal Librarian* tells the story of an extraordinary woman, famous for her intellect, style, and wit, and shares the lengths she must go to—for the protection of her family and her legacy—to preserve her carefully crafted white identity in the racist world in which she lives.

Ordering Your Private World D & M Publishers

Recovering the oft-neglected role of women in Ottoman high society and power politics, this book brings to life the women who made their mark in a male domain. Though historical records tend to favour the glitter of palaces over the trials of daily life, Goodwin also reconstructs ordinary women's domestic toil. As the Ottoman Empire first expanded and then shrank, women travelled its width and breadth whether out of necessity or merely for pleasure. Some women owned slaves while others suffered the misfortune of being enslaved. Goodwin examines the laws which governed women's lives from the harem to the humblest tasks. This perceptive study of Ottoman life culminates with the nineteenth century and explores the advent of modernity and its impact on women at a time of imperial decline. 'The best book on the subject and likely to remain so for some time.' Times Literary Supplement 'A fascinating account by the foremost authority on the Ottoman period.' The Middle East 'Goodwin is an exceptional scholar with an insight that reveals itself

in every sentence.' Asian Affairs 'Offers excellent scholarship into a history that has been much neglected by the West.' Judaism Today
My Beloved World Hendrickson Publishers
"The Georgette Heyer bible...This is a must-have book for any Georgette Heyer lover." -Historically Obsessed An internationally bestselling phenomenon and queen of the Regency romance, Georgette Heyer is one of the most beloved historical novelists of our time. She wrote more than fifty novels, yet her private life was inaccessible to any but her nearest friends and relatives. Lavishly illustrated and with access to private papers, correspondence and family archives, this classic biography opens a window into Georgette Heyer's world and that of her most memorable characters, revealing a formidable, energetic woman with an impeccable sense of style and, beyond everything, a love for all things Regency. "One of the most beautiful books I know. Time and time again, on reading this book, I found myself breaking off to lift another

dog-eared Heyer from the shelf and lose myself in the increased pleasure of a re-reading." -Washington Post Book World
Start with Why Citadel Press
Start With Why has led millions of readers to rethink everything they do – in their personal lives, their careers and their organizations. Now Find Your Why picks up where Start With Why left off. It shows you how to apply Simon Sinek's powerful insights so that you can find more inspiration at work -- and in turn inspire those around you. I believe fulfillment is a right and not a privilege. We are all entitled to wake up in the morning inspired to go to work, feel safe when we're there and return home fulfilled at the end of the day. Achieving that fulfillment starts with understanding exactly WHY we do what we do. As Start With Why has spread around the world, countless readers have asked me the same question: How can I apply Start With Why to my career, team, company or nonprofit? Along with two of my colleagues, Peter Docker and David Mead, I created this hands-on, step-by-

step guide to help you find your WHY. With detailed exercises, illustrations, and action steps for every stage of the process, Find Your Why can help you address many important concerns, including: * What if my WHY sounds just like my competitor's? * Can I have more than one WHY? * If my work doesn't match my WHY, what should I do? * What if my team can't agree on our WHY? Whether you've just started your first job, are leading a team, or are CEO of your own company, the exercises in this book will help guide you on a path to long-term success and fulfillment, for both you and your colleagues. Thank you for joining us as we work together to build a world in which more people start with WHY. Inspire on! -- Simon

Prince of the Press Sourcebooks, Inc. A "searching and emotionally intimate memoir" (The New York Times) told with a candor never before undertaken by a sitting Justice. This "powerful defense of empathy" (The Washington Post) is destined to become a classic of self-invention and self-discovery. The first Hispanic and third woman appointed to the United States Supreme Court, Sonia

Sotomayor has become an instant American icon. In this story of human triumph that "hums with hope and exhilaration" (NPR), she recounts her life from a Bronx housing project to the federal bench, a journey that offers an inspiring testament to her own extraordinary determination and the power of believing in oneself. Here is the story of a precarious childhood, with an alcoholic father (who would die when she was nine) and a devoted but overburdened mother, and of the refuge a little girl took from the turmoil at home with her passionately spirited paternal grandmother. But it was when she was diagnosed with juvenile diabetes that the precocious Sonia recognized she must ultimately depend on herself. She would learn to give herself the insulin shots she needed to survive and soon imagined a path to a different life. With only television characters for her professional role models, and little understanding of what was involved, she determined to become a lawyer, a dream that would sustain her on an unlikely course, from valedictorian of her high school class to the highest honors at Princeton, Yale Law School, the New York County District Attorney's office, private practice, and appointment to the Federal District Court before the age of forty. Along the way we see how she was shaped by her invaluable mentors, a failed marriage, and the modern version of extended family she has created from cherished friends and their children.

Through her still-astonished eyes, America's infinite possibilities are envisioned anew in this warm and honest book.

The Four Agreements Thomas Nelson
Bestselling author don Miguel Ruiz reveals the source of self-limiting beliefs that rob us of joy and create needless suffering. Based on ancient Toltec wisdom, The Four Agreements offer a powerful code of conduct that can rapidly transform our lives to a new experience of freedom, true happiness, and love. • A New York Times bestseller for over 7 years • Over 5.2 million copies sold in the U.S. • Translated into 38 languages worldwide Don Miguel Ruiz's book is a roadmap to enlightenment and freedom." — Deepak Chopra, Author, *The Seven Spiritual Laws of Success* "An inspiring book with many great lessons . . ." — Wayne Dyer, Author, *Real Magic* "In the tradition of Castaneda, Ruiz distills essential Toltec wisdom, expressing with clarity and impeccability what it means for men and women to live as peaceful warriors in the modern world." — Dan Millman, Author, *Way of the Peaceful Warrior*
The Private World of Tasha Tudor Little, Brown

For those who sense a need for putting order back in their lives, MacDonald offers hope not

only for those who have experienced defeat and disappointment in their lives, but also for those who have been successful, yet yearn for something more.

NEW YORK TIMES BESTSELLER

Edward Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. In 2013, twenty-nine-year-old Edward Snowden shocked the world when he broke with the American intelligence establishment and revealed that the United States government was secretly pursuing the means to collect every single phone call, text message, and email. The result would be an unprecedented system of mass surveillance with the ability to pry into the

private lives of every person on earth. Six years later, Snowden reveals for the very first time how he helped to build this system and why he was moved to expose it. Spanning the bucolic Beltway suburbs of his childhood and the clandestine CIA and NSA postings of his adulthood, *Permanent Record* is the extraordinary account of a bright young man who grew up online—a man who became a spy, a whistleblower, and, in exile, the Internet's conscience. Written with wit, grace, passion, and an unflinching candor, *Permanent Record* is a crucial memoir of our digital age and destined to be a classic.

The Private World of Katharine Hepburn

Thomas Nelson

SOCIETY is having a revival. In cities, small towns, and suburbs all over the country Americans are returning to a class system that seemed doomed a generation ago. They are following all the traditions developed by the Old Guard of an earlier era. But there is a difference. The top rung of the social ladder is now the goal of the many rather than the few. Social position can be earned, whereas, formerly, it could be achieved only by birth. That is why the old-line families are claiming that "Society is dead." And they may be right when they think of society as their grandmothers knew it. But a new society is

springing up that bears the closest resemblance to the old. It is bigger; many newcomers have reached the heights. But they have not killed society, even in its original sense. The prestige of the old inner circle has never been higher. Acceptance by this Old Guard is the criterion by which newcomers gauge their success. Almost all the recent arrivals in the world of high society are rich. But they are not satisfied with wealth in itself. In the prosperity that followed World War II many Americans began to earn large incomes. The result is that the possession of money no longer guarantees prestige. And so a position in society has become a status goal.

Building a Second Brain Oxford

University Press

NEW YORK TIMES BESTSELLER • A

"thrilling" (The New York Times), "dazzling" (The Wall Street Journal) tour of the radically different ways that animals perceive the world that will fill you with wonder and forever alter your perspective, by Pulitzer Prize-winning science journalist Ed Yong "One of this year's finest works of narrative nonfiction."—Oprah Daily ONE OF THE TEN BEST BOOKS OF THE YEAR: The Wall Street Journal, The New York Times, Time, People, The Philadelphia

Inquirer, Slate, Reader's Digest, Chicago Public Library, Outside, Publishers Weekly, BookPage ONE OF THE BEST BOOKS OF THE YEAR: Oprah Daily, The New Yorker, The Washington Post, The Guardian, The Economist, Smithsonian Magazine, Prospect (UK), Globe & Mail, Esquire, Mental Floss, Marginalian, She Reads, Kirkus Reviews, Library Journal The Earth teems with sights and textures, sounds and vibrations, smells and tastes, electric and magnetic fields. But every kind of animal, including humans, is enclosed within its own unique sensory bubble, perceiving but a tiny sliver of our immense world. In *An Immense World*, Ed Yong coaxes us beyond the confines of our own senses, allowing us to perceive the skeins of scent, waves of electromagnetism, and pulses of pressure that surround us. We encounter beetles that are drawn to fires, turtles that can track the Earth's magnetic fields, fish that fill rivers with electrical messages, and even humans who wield sonar like bats. We discover that a crocodile's scaly face is as

sensitive as a lover's fingertips, that the eyes of a giant squid evolved to see sparkling whales, that plants thrum with the inaudible songs of courting bugs, and that even simple scallops have complex vision. We learn what bees see in flowers, what songbirds hear in their tunes, and what dogs smell on the street. We listen to stories of pivotal discoveries in the field, while looking ahead at the many mysteries that remain unsolved. Funny, rigorous, and suffused with the joy of discovery, *An Immense World* takes us on what Marcel Proust called "the only true voyage . . . not to visit strange lands, but to possess other eyes." WINNER OF THE ANDREW CARNEGIE MEDAL • FINALIST FOR THE KIRKUS PRIZE • FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD • LONGLISTED FOR THE PEN/E.O. WILSON AWARD
Building Below the Waterline Berghahn Books
Norwegians in colonial Africa and Oceania had varying aspirations and adapted in different ways to changing social, political and geographical circumstances in foreign,

colonial settings. They included Norwegian shipowners, captains, and diplomats; traders and whalers along the African coast and in Antarctica; large-scale plantation owners in Mozambique and Hawai'i; big business men in South Africa; jacks of all trades in the Solomon Islands; timber merchants on Zanzibar; coffee farmers in Kenya; and King Leopold's footmen in Congo. This collection reveals narratives of the colonial era that are often ignored or obscured by the national histories of former colonial powers. It charts the entrepreneurial routes chosen by various Norwegians and the places they ventured, while demonstrating the importance of recognizing the complicity of such "non-colonial colonials" for understanding the complexity of colonial history.

Grace & Power Aurum

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership.

In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

The Private World Of High Society
HarperCollins

Here's strong Bible teaching that's fun to read! This 1,400-page collection of the best of Charles Spurgeon provides a wonderful overview to the man called "The Prince of Preachers." The Baptist minister spoke to thousands each week in nineteenth-century London, and his sermons and books still have a fresh, encouraging, and challenging power. Featuring scores of Spurgeon's sermons, plus complete books like *All of Grace* and *John Ploughman's Talks*, *The Essential Works of*

Charles Spurgeon has been lightly updated for ease of reading. This beautiful hardback is a must-have for under \$25.

Intimate Home Penguin

#1 New York Times Bestseller "A revealing look at life inside the White House. . . it's *Downton Abbey* for the White House staff."— *The Today Show* A remarkable history with elements of both *In the President's Secret Service* and *The Butler*, *The Residence* offers an intimate account of the service staff of the White House, from the Kennedys to the Obamas. America's First Families are unknowable in many ways. No one has insight into their true character like the people who serve their meals and make their beds every day. In her runaway bestseller, former White House correspondent Kate Andersen Brower pulls back the curtain on the world's most famous address. Full of stories and details by turns dramatic, humorous, and heartwarming, *The Residence* reveals daily life in the White House as it is really lived through the voices of the maids, butlers, cooks, florists,

doormen, engineers, and others who tend to the needs of the President and First Family. These dedicated professionals maintain the six-floor mansion's 132 rooms, 35 bathrooms, 28 fireplaces, three elevators, and eight staircases, and prepare everything from hors d'oeuvres for intimate gatherings to meals served at elaborate state dinners. Over the course of the day, they gather in the lower level's basement kitchen to share stories, trade secrets, forge lifelong friendships, and sometimes even fall in love. Combining incredible first-person anecdotes from extensive interviews with scores of White House staff members—many speaking for the first time—with archival research, Kate Andersen Brower tells their story. She reveals the intimacy between the First Family and the people who serve them, as well as tension that has shaken the staff over the decades. From the housekeeper and engineer who fell in love while serving President Reagan to Jackie Kennedy's private moment of grief with a beloved staffer after her husband's assassination to

the tumultuous days surrounding President Nixon's resignation and President Clinton's impeachment battle, The Residence is full of surprising and moving details that illuminate day-to-day life at the White House.
