What did God use to draw a radical, committed unbeliever to himself? Did God take her to an evangelistic rally? Or, since she had her doctorate in literature, did he use something in print? No, God used an invitation to dinner in a modest home, from a humble couple who lived out the gospel daily, simply, and authentically. With this story of her conversion as a backdrop, Rosaria Butterfield invites us into her home to show us how God can use this same “ radical, ordinary hospitality ” to bring the gospel to our lost friends and neighbors. Such hospitality sees our homes as not our own, but as God ’ s tools for the furtherance of his kingdom as we welcome those who look, think, believe, and act differently from us into our everyday, sometimes messy lives—helping them see what true Christian faith really looks like.

Michael Horton’s highly anticipated *The Christian Faith* represents his magnum opus and will be viewed as one of—if not the—most important systematic theologies since Louis Berkhof wrote his in 1932. A prolific, award-winning author and theologian, Professor Horton views this volume as “doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated.” It is written for a growing cast of pilgrims making their way together and will be especially welcomed by professors, pastors, students, and armchair theologians. Features of this volume include: (1) a brief synopsis of biblical passages that inform a particular doctrine; (2) surveys of past and current theologies with contemporary emphasis on exegetical,

philosophical, practical, and theological questions; (3) substantial interaction with various Christian movements within the Protestant, Catholic and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity; and (4) charts, sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and topics. *The God of the Mundane* Anamchara Books David Werden wants nothing more than to lead a quiet, ordinary life. But his world is turned upside down when an unknown event changes the face of the planet. Realizing he cannot live alone in the ruins of the old world, and compelled by a strange internal force to reach the sea, he sets out on foot, carrying what he can, struggling against the harsh post-apocalyptic environment to search out others who may still be alive. Thrust into the leadership of a band of survivors, David struggles to scratch out the necessities of life while dealing with the staggering destruction and overwhelming sense of loss - and begins to understand the tragic and marvelous events that have occurred to the planet and to humanity itself. Finding love and betrayal, he must fight those who cling to the old world with all their strength and those who wish to stamp out the growing number of people coming to terms with their new levels of perception and insight into the Universal Mind.

Meet Katie Ball. She's ten years old and definitely going through a rough patch. School is stressful and the future of her family's farm is uncertain. But all that changes, when Katie meets Lady Catherine and her rather mysterious chair. That's when she discovers that she's braver than she thought she was, and that with a little friendship and a lot of divine inspiration, real life is just as exciting as any storybook adventure. Originally a Brit, Caroline Cienki has fond memories of vacations spent in the rural North of England with her grandparents, where she learned to love the countryside. She now lives in the US, and calls Texas her home along with her husband, two children and three fun-loving doggies. Among her current passions are home-making, travel and spiritual formation. *The God Chair* is her first children's book. The Christian Faith Crossway Work. Family. Church. Exercise. Sleep. The list of demands on our time seems to be never ending. It can leave you feeling a little guilty--like you should always be doing one more thing. Rather than sharing better time-management tips to squeeze more hours out of the day, Kelly Kapic takes a different approach in *You're Only Human*. He offers a better way to make peace with the fact that God didn't create us to do it all. Kapic explores the theology behind seeing our human limitations as a gift rather than a deficiency. He lays out a path to holistic living with healthy self-understanding, life-giving relationships, and meaningful contributions to the world. He frees us from confusing our limitations with sin and instead invites us to rest in the joy and relief of knowing that God can use our limitations to foster freedom, joy, growth, and community. Readers will emerge better equipped to cultivate a life that fosters gratitude, rest, and faithful service to God.

For the Spirit, being somewhat forgotten is an occupational hazard. The Holy Spirit is so actively involved in our lives that we can take his presence for granted. As they say, familiarity breeds contempt. Just as we take breathing for granted, we can take the Holy Spirit for granted simply because we constantly depend on him. Like the cane that soon feels like an extension of the blind man's own body, we too easily begin to think of the Holy Spirit as an extension of ourselves. Yet the Spirit is at the center of the action in the divine drama from Genesis 1:2 all the way to Revelation 22:17. The Spirit's work is as essential as the Father's and the Son's, yet the Spirit's work is always directed to the person and work of Christ. In fact, the efficacy of the Holy Spirit's mission is measured by the extent to which we are focused on Christ. The Holy Spirit is the person of the Trinity who brings the work of the Father, in the Son, to completion. In everything that the Triune God performs, this perfecting work is characteristic of the Spirit. In *Rediscovering the Holy Spirit*, author, pastor, and theologian Mike Horton introduces readers to the neglected person of the Holy Spirit, showing that the work of God's Spirit is far more ordinary and common than we realize. Horton argues that we need to take a step back every now and again to focus on the Spirit himself—his person and work—in order to recognize him as someone other than Jesus or ourselves, much less something in creation. Through this contemplation we can gain a fresh dependence on the Holy Spirit in every area of our lives.

Planting God Zondervan

A thief has quietly crept into our churches. This thief has robbed us blind and most of us do not even realize it. Most of what our Lord wants for us has been taken from us by a "spirit of religion". This spirit has caused us to become a self-centered, flesh-serving institution instead of the life-giving, hope-building, Christ-filled Body that Jesus wants to build. Our only hope of reconnecting with our Lord and

the culture around us is to return to the Lord Himself. He will build His own Church, with much less help from us than we realize. This book shows the power of restoring the Church by restoring the intimacy of relationship with our Lord and then with the people God has put into our lives.

It's Time. Challenges to the Doctrine of the Faith by Michael Morwood. Christianity, along with other major religions, has to make sense of its major beliefs in light of contemporary knowledge about the universe and our place in it. This calls for a major overhaul in how we understand "God", how we interpret Jesus as revealing the Divine Presence in human form, and what this means for worship and prayer. This contemporary "story" is radically different from the traditional Christian story about an elsewhere, heavenly God who disconnected from humanity.

There are many things in this world the average person cannot see...but a chosen few can. Such is the case with Lala, the five-year-old Mexican-American child at the heart of this unique coming-of-age novel. *Divine Sight* finds Lala at a critical point in her life, where she is learning how to deal with the different perspectives of her multicultural, multigenerational family and coming to terms with her sixth sense of second sight. Set in the 1950s and spanning both the United States and Mexico, the story is told through a series of vignettes written in Lala's voice. Each chapter casts Lala against a challenging situation and shows how she, with the aid of her family members and otherworldly allies, works to overcome it and becomes more comfortable in her own skin—as a medium between two worlds and two cultures. A truly touching and thoughtful tome, *Divine Sight* explores many common, and uncommon, themes from an encouraging and empowering angle. It speaks volumes about cultural and

spiritual understanding and tells a tale of hope and helpfulness that's sure to appeal to open-minded readers who want to better understand and appreciate life's many marvels.

Snapshot, reviewers' comments:

Organizations and individuals that behave ethically enjoy a commanding and enduring lead in achieving success ... This book should be mandatory reading for every corporate officer and employee...a practical application of real-world experience...a valuable addition to the ethics discussion. Excerpt: Ethics--or its lack-- sticks its multi-faceted nose into just about every inter-personal activity, or it could and should. But, unfortunately, not everyone understands and practices this truism, and all too few of the folks who lead our institutions are aware of the need for ethics and have made ethical practices an integral part of their everyday activities, although we daresay that most or all say that they do, which of course is lying and, obviously, unethical. So, if ethical behavior is widely thought to be needed and is beneficial to individuals and institutions, why doesn't everyone practice it all the time? The answer is deceptively simple: too many people, unfortunately and to their own detriment, are unaware, aka ignorant, of the need for or positive consequences of ethical behavior. On the other side of that same coin, too many people, unfortunately and to their own detriment, are blissfully unaware of the negative consequences of unethical behavior, blinded as they could be by selfishness, greed, and the need for control over others. The operative words are unfortunately and to their own detriment.

It's OK to not be a "radical" Christian. Our life is not about what we do for God. It's about what he does for us. You've heard the message. "If you really loved God, you would be totally committed--do something big, sell your belongings, maybe become a missionary." Matt Redmond has preached it himself. But here he simply asks: What about the rest of us?

Through stories of pastors, plumbers, dental hygienists, and stay-at-home moms, Matt finds grace and mercy in chicken fingers, classic films, and smiles from strangers. Ultimately, he convicts us of what he has learned himself... There is a God of the mundane, and our life is not about what we do for him. It's about what he does for us.
