Raymond Buckland, Raven Grimassi, Patricia Telesco, Morning Glory Zell-Ravenheart, and other illustrious members of The Grey Council, here is the book *Merlin would have given a young Arthur...if only it had existed*. This essential handbook contains everything an aspiring Wizard needs to know. It is profusely illustrated with original art by Oberon and friends, as well as many woodcuts from medieval divination; the Laws of Magick; myths and stories of gods and heroes; lore and legends of the stars and constellations; instructions for performing amazing illusions, special effects, and many other wonders of the magickal multiverse. To those who study the occult, in particular, Witchcraft, the name of Oberon Zell-Ravenheart is internationally-known and respected. He is a

---

genuine Wizard, and he has written this book for any person wishing to become one.

Perhaps, as some have written, Oberon Zell-Ravenheart is the real Albus Dumbledore to aspiring Harry Potters! In addition to his own writings in this collection, he also presents other writers who add some highly thoughtful insights.

Such as Raymond Buckland, among others. The illustrations

and photographs which accompany the text are among the finest found anywhere, and are a helpful boon to those wanting to see what they are reading about.

Biographies of many famous Wizards of history and legend appear in the book. Detailed descriptions of magickal tools with information for making them appears in this book. Additional information includes rites and rituals for

special occasions, a bestiary of mythical creatures, a detailed and educational discussion on the laws of magick, myths, and lore of the stars and constellations. This book is full of instructions! As a handbook and guide for becoming a Wizard, this is as near perfect and honest a book as one will find today. New Page Books has done a great service to the paranormal and occult

---

community readers by publishing this worthwhile reference book. Oberon Zell-Ravenheart has written a classic on Wizardry. This is his masterpiece. One of the American pioneers of Paganism in the United States, his lifetime of learning and information is shared with readers from all walks of life. He started in 1968 with the publication of his award-winning journal, Green Egg, and is often

considered by readers as one of their favorite Pagan writers. The lessons in this fine book are accurate, honest, and entertaining. If you want to become a Wizard, this is the book to start with, and learn from. This Grimoire is must-have reading for readers interested in true magick. The information given on ghosts will hold the reader spellbound, as will all information in this reference book!

The Fields of Light University of Hawaii Press  
Embracing the darkness is part of divine balance. Everyone has a shadow, a dark side. Exploring the shadow self is not only safe, it's necessary for balance and healing. The author of Goth Craft invites you down a unique magical path for navigating inner and outer darkness and harnessing the shadow for spiritual growth. Shadow Magick Compendium sheds a positive light on this misunderstood and rarely discussed side of magical practice. There are ritual meditations for exploring past

---

experiences, dispelling harmful behavior patterns, and healing a fractured soul. Learn how to safely fast and perform other methods of self-sacrifice, invoke a deity into yourself (godform assumption), get in touch with your Spirit Animal, take advantage of the Dark Moon and eclipses, and perform a unique ritual with your television for a new perspective on society. From astral journeys to sigils to dark herbs, you'll find an array of magical techniques to navigate the shadows and mysteries of yourself and the world at large. "Goth Craft is a sexy and serious A-Z of dark culture's collective tribal identity. More than just a demented 'Preppy Handbook' for a different era, Goth Craft goes beyond

mere fashion, taking readers deep into the magical currents of this emerging subculture.

Fascinating."

—Richard Metzger, host of Disinformation and editor of Book of Lies: The Disinformation Guide To Magick & The Occult When Paganism and Goth culture collide, prepare for a powerful blend of independent thought and magickal

---

transformation. Learn how to channel dark emotions, express yourself magickally through the dark arts of clothing, hair, makeup, body modifications, and choose appropriate Goth music for ritual. Try some spellcasting on the dance floor. Discover the workings of shadow magick, death energy, and blood magick. Find out what draws us to the dark side. "Don't let your assumptions fool you – Goth Craft is a lovingly written and carefully researched piece of work. It covers the intersection of Gothic subculture and Pagan spirituality from every conceivable angle, and manages to be both fun and eye-catching along the way." –Michelle Belanger, author of *The Psychic Vampire Codex* and editor of *Vampires In Their Own Words* "An insightful, honest, and spiritual exploration of the intersection of Witchcraft and Goth." –Christopher Penczak, author of the *Temple of Witchcraft* series

After World War II, the discovery and production of onshore oil in the United States faced decline. As a result, offshore prospects in the Gulf of Mexico took on new strategic value. Shell Oil Company pioneered many of the early moves offshore and continues to lead the way into “deepwater.” Tyler Priest’s study is the first time the modern history of Shell Oil has been told in any detail. Drawing on interviews with

Shell retirees and many other sources, Priest relates how the imagination, talent, and hard work of personnel at all levels shaped the evolution of the company. The narrative also covers important aspects of Shell Oil’s corporate evolution, but the company’s pioneering steps into the deepwater fields of the Gulf of Mexico are its signature achievement. Priest’s study demonstrates that engineers did not suddenly create methods for finding and producing oil and gas from astounding water depths. Rather, they built on a half-century of accumulated

---

knowledge and improvements to forward in the search for ways technical systems. Shell Oil ' s story is unique, but it also illuminates the modern history of the petroleum industry. As Priest demonstrates, this company ' s experiences offer a starting point for examining the understudied topics of strategic decision-making, scientific research, management of technology, and corporate organization and culture within modern oil companies, as well as how these activities applied to offshore development. " . . . tells a dramatic story of imaginative businessmen and engineers who propelled Shell

to locate and recover oil from the depths of the sea. " —Southwestern Historical Quarterly " This book ' s narrative is sustained throughout by easily understood explanations of the technical details of drilling and production. " —Journal of Southern History Shadow Magick Compendium University of North Carolina S W.J. Reynolds operated the last coal fired steam tug fleet in the world from the base opposite Plymouth's naval dockyard. Their activities

were varied, covering everything from engineering and general dealing to farming and heavy horse hire. This book explores the history of the company. Your home is your single

largest investment and you have chosen to live in a deed-restricted community because you want to protect that investment and the life style of living there. Yet you likely didn't fully understand all of those documents they told you to read before you purchased your dream home and now you are concerned as you discover new and rules and regulations you never anticipated. This book will help you to understand the HOA concept of living so that you will truly enjoy the life style and find comfort in

the structure imposed by the Association on you and your neighbors. This is the first edition of the book.

Wildlife Review

In this classic study, Harvard professor Reuben Brower guides the reader from noticing the alluring details of a well-made poem, novel, or play to attending to the encompassing ways in which the writing achieves its greatness. "Not only does Brower begin his book with a lyric, but he deliberately chooses a very short one indeed, as if to show how much can be said about the smallest of poetic 'figures' looked at closely. The poem is "The Sick Rose", one of William Blake's

---

best-known songs of experience ...  
Brower's task is to show how the  
poem is 'imaginatively organized,'  
by which he means that, to read it,  
we must sense the 'extraordinary  
interconnectedness among a  
relatively large number of  
different items of experience." --  
From the Foreword by William H  
Pritchard
