Essentials of Organizational Behavior Psychology Press
This popular textbook offers an inspiring and focused introduction to the study of organizational behaviour and management. The second edition builds on the fresh and innovative approach to the study of management and organization introduced in the first edition. To make the subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate. Each chapter has been fully updated by specialist authors who are committed to thinking differently about the field of organizational behaviour. They effectively identify and explore the key concepts that underpin this diverse subject in their respective chapters, utilising a range of international and everyday examples. The second edition benefits from a new four-colour design and uses a variety of pedagogical features to engage students and provide a stimulating learning - and teaching - environment. This text is ideal for use on introductory undergraduate and post graduate courses in Organizational Behaviour and Management. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

Organizational Behavior SAGE Publications
For undergraduate and graduate courses in Organization Theory, Organizational Change, Macro-Organizational Behavior, Organizational Analysis, and Strategy Implementation. This text provides the most current, thorough, and contemporary account of the factors affecting the organizational design process.

Principles of Management Cengage Learning
Blending research, practical application, and imaginative writing, Arizona State University business professor Angelo Kinicki (author of Kreitner/Kinicki Organizational Behavior 10e) and writer Brian Williams (author of Williams/Sawyer Using Information Technology 7e) have created a market-leading text through highly-readable writing, an emphasis on practicality, and a unique student-centered layout. The authors present all basic management concepts in bite-size chunks, 2-to 6-page sections to optimize student learning and emphasize the practicality of the subject matter. This text is widely praised by today's visually-oriented students. In addition, instructors and students are supplied with a wealth of classroom-proven resources.

Organizational Behavior 4 Pearson Scott Foresman
This unique work bridges the gap between theory and practice in organizational behavior. It provides a practical guide to real-life applications of the 35 most significant theories in the field. The author describes each theory, then analyzes its usefulness and importance to the successful practice of management. His analysis covers key managerial topics such as goal setting, training and development, assessment, job enrichment, influence processes, decision-making, group processes, organizational development, organizational structuring, and effective organizational operation.

Organizational Behavior M.E. Sharpe
A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational

behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Organizational Behavior Allyn & Bacon

First Published in 2015. Routledge is an imprint of Taylor & Francis, an Informa company.

Single Case Experimental Designs McGraw-Hill Education

New edition of this concise overview of organisational behaviour for quick reference or fast and effective exam revision. Focussing on key themes and developments, this enhanced edition applies theoretical concepts to real-life situations, highlights definitions and key concepts, and provides chapter summaries and short revision questions for each topic. Includes chapters on person perception, attitudes in the workplace, learning, personality, stress management, leadership, group dynamics, organisational conflict and organisational communication. Suitable for anyone who needs an overview of organisational behaviour for work or study. Particularly relevant to students taking exams for Organisational Behavioural modules at college and university level, and those taking short courses in Organisational Behaviour, Front Line Management, People Management and Human Resource Management.

Self-Leadership John Wiley & Sons

ORGANIZATIONAL BEHAVIOR: INTEGRATING INDIVIDUALS, GROUPS AND ORGANIZATIONS, THIRD EDITION is a well-organized introduction to the current field of organizational behavior with in-depth coverage of the most critical concepts. Its practical approach shows the power of organizational behavior theory for understanding one's behavior and the behavior of others in any organization. Although firmly grounded in behavioral science theory and research, the text is not a compendium of research findings. Champoux includes examples and builds frameworks that make the material clear and easy to understand. The concise format allows the text to be used as a primer or to be supplemented with additional cases, readings, or exercises. More interactive than in previous editions, this text provides students with several online features to reinforce their knowledge of chapter content with exercises, practice and other learning opportunities.

Organisational Behaviour M.E. Sharpe

Wolves belong in packs - they are social animals. They live, hunt, eat, and play together. But these social elements are learned. When a wolf is still a pup, rough-and-tumble play helps to develop its relationships with fellow pups and to establish its place in the pecking order. These pups will grow up to be members of the same pack, and what is established while they are young continues on to adulthood.

Organizational behaviour in people is learned, too - and, like the wolf pups, learning is best done through practice. Fundamentals of Organizational Behaviour: Key Concepts, Skills & Best Practices sets a new standard for fundamental OB texts. Incorporating lean, efficient coverage of core OB concepts with an array of rich learning tools, this text is flexible and engaging. The Second Canadian Edition has been designed to promote active learning, integrating student friendly material with experiential exercises. Unique and engaging features of the text are combined with an integrated tool kit for mastering organizational behaviour and tackling exams. Excelling at organizational behaviour is a hands-on active process. Fundamentals of Organizational Behaviour: Key Concepts, Skills & Best Practices gives students the material, the skills, and the abilities to lead the pack.

Diagnosing and Changing Organizational Culture Routledge

This is the first comprehensive overview of the development of the

field of Organizational Behavior. It belongs on the shelf of every scholar and student in the discipline.

Real Managers CRC Press

Work Motivation: History, Theory, Research, and Practice provides unique behavioural science frameworks for motivating employees in organizational settings.

Make That Grade Organisational Behaviour Wiley

This book resulted from the efforts of an interdisciplinary working group of scholars tasked with formulating an integrative general theory of leadership. As editors Goethals and Sorenson explain in their introduction, the working group didn't manage to achieve that ambitious goal, yet they feel they were able to make some substantial progress. Their work is summarized in 11 chapters that first deal with some agreed upon fundamental aspect of leadership that any general theory must address power, motivation, group dynamics, and leader-follower relationships (with one chapter focusing particularly on the role of differentiation or inequality in such relationships) and then turn to the practice of leadership or "mindful action" in a case study of the complexities of leadership in a school desegregation campaign, a discussion of the collective construction of meaning, and a debate over the meaning of context in leadership. A final commentary examines the collections central themes and connections between chapters.

Management M.E. Sharpe

In its tradition of being an up-to-date, relevant and user-driven textbook, Kreitner and Kinicki's approach to organizational behavior is based on the authors' belief that reading a comprehensive textbook is hard work; however, the process should be interesting and sometimes even fun. The authors' commitment to continuous improvement makes complex ideas understandable through clear and concise explanations, contemporary examples, a visually appealing photo/art program, and/or learning exercises. The authors respond to user feedback by ensuring the text covers the very latest OB research and practices.

Work Motivation in Organizational Behavior Gill & Macmillan Ltd

"In this new edition have new conceptual content and literature foundation; a few chapters have completely new sections and reorganization. All chapters have new examples and either new or revised factoids"--

Fundamentals of Organizational Behaviour : Key Concepts, Skills, and Best Practices Financial Times/Prentice Hall

Retaining its rigorous approach and theoretical underpinnings and now with a focus on critical thinking, this text offers students a complete account of organisational behaviour in the 21st century.

Canadian Organizational Behaviour Edward Elgar Publishing

This Value Pack consists of Organisational Behaviour: Individuals, Groups and Organisation, 3/e by Brooks plus Organisational Behaviour: Individuals, Groups and Organisation/Management, 1/e; 1/e (ISBN: 9781405883443)

Organizational Theory, Design, and Change McGraw-Hill Ryerson

This second edition of the best-selling textbook on Work Motivation in Organizational Behavior provides an update of the critical analysis of the scientific literature on this topic, and provides a highly integrated treatment of leading theories, including their historical roots and progression over the years. A heavy emphasis is placed on the notion that behavior in the workplace is determined by a mix of factors, many of which are not treated in texts on work motivation (such as frustration and violence, power, love, and sex). Examples from current and recent media events are numerous, and intended to illustrate concepts and issues related to work motivation, emotion, attitudes, and behavior.

Organizational Behavior Modification Philip Allan

We've Got You Covered for your Organizational Behavior course. Wiley provides the most current content, comprehensive resources and flexible format options to help teachers teach and students learn. Our commitment to Currency, Global Issues, Sustainability and Learning Outcomes translates

into a suite of teaching and learning options that seamlessly integrate into your management courses. Organizational Behavior 12e connects OB concepts with applications and is the clearest, most current and applicable OB text today - helping students understand how they can thrive in the world of work. Through experiential exercises and activities that ask students to evaluate themselves as leaders and colleagues, students are encouraged to reflect, grow and understand how they can contribute their professional and social environments. Known for sound pedagogy, research, and a rich framework of personal and organizational skills, OB 12e presents students with a full portfolio of concepts and applications. In addition, the 12th Edition continues to emphasize global business issues important for future generations, including ethics, leadership, and sustainability.

Organisational Behaviour, 6e SAGE

Hide-and-seek is an age-old game that has never lost its allure.
