Organizational Behavior Pearson

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior.

Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Essentials of Organizational Behavior, Global Edition
Pearson

With the globalization of work and technological advancements in recent years, and with emphasis on service quality today, organizations have changed. Virtual work has emerged as the new employment relationship and has been embraced by employees and employers in many industries. This book explores the dynamics of changing organization structures, theories of leadership and trust, and how dimensions of self-efficacy works in this new work relationship. Organizational Behavior and Virtual Work: Concepts and Analytical Approaches shows the enormous impact of technology and globalization on employment relationships and also predicts how they will contribute to the changing dimensions of organizations in the future. With a unique blend of theory and application in the real world of virtual workers, the book presents the most recent research and developments in the relatively new and still emerging area of virtual work. It takes an in-depth critical look into the key factors affecting the virtual work environment with practical inputs of suggestions and recommendations. With the objective of presenting information about this new work scenario, this book attempts to unfold important human behavior processes in organizations. The volume presents a rare combination of the necessary concepts of human behavior in organizations along with the results of research in the field and also makes practical recommendations on virtual work programs. Key features include a unique blend of research with organizational behavior concepts and practical recommendations for workers, managers, and business executives.

Prentice Hall

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Organizational Behavior

Robbins: Leading the way in OB
Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books – this is not merely a subset of material from Robbins' Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to

apply and think strategically about what they have just learnt.

Organizational Behavior 12Th Ed. Elsevier

Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.

Essentials of Organizational Behaviour, Global Edition
Wiley Global Education

Human resources management is essential for any workplace environment and is deemed most effective when a strategic focus is in place to ensure that people can facilitate that achievement of organizational goals. But, effective human resource management also contains an element of risk management for an organization which, as a minimum, ensures legislative compliance. Human Resources Management: Concepts, Methodologies, Tools, and Applications compiles the most sought after case studies, architectures, frameworks, methodologies, and research related to human resources management. Including over 100 chapters from professional, this three-volume collection presents an in-depth analysis on the fundamental aspects, tools and technologies, methods and design, applications, managerial impact, social/behavioral perspectives, critical issues, and emerging trends in the field, touching on effective and ineffective management practices when it comes to human resources. This multi-volume work is vital and highly accessible across the hybrid domain of business and management, essential for any library collection.

Essentials of Organizational Behavior Pearson
Education India

Organizational Behavior Pearson South Africa

Organisational Behaviour FT Press

Now in its fifth edition, this successful introduction to organisational behaviour has been revised, developed, and updated throughout to reflect the most recent developments in today's dynamic business environment.

Whilst maintaining its strong research foundations, Organisational Behaviour is contemporary, engaging, and essential reading for the aspiring practitioner and academic alike.

You will explore:

- *How the individual interacts with its wider social setting in the business environment
- *The relationship between Organisational Behaviour and Organisation Theory
- *How to analyse and implement change
- *The diagnostic challenges faced in organisational behaviour

Key Features:

- *A European perspective on theories and practice from both sides of the Atlantic.
- *Case Studies begin each chapter with an interesting and relevant example to introduce and apply key theories in OB. Cases now include The Gulf of Mexico oil spill, Royal Dutch Shell, and FedEx to name a few.

- *Critical thinking questions and activities have been added throughout to encourage debate and analysis.
- *OB in Real Life mini cases give examples from around the globe providing insights and an international outlook.
- *Exercises and review questions test understanding of core theories.

- *'HR' icons highlight the relationship between these two closely-related disciplines.
