Essentials of Organizational Behavior Pearson Educación

Compiled by three of the most influential authors in the field, CLASSICS OF ORGANIZATION THEORY, Eighth Edition is a collection of the most enduring works in organization theory. To help students grasp important themes, perspectives, and theories, the authors describe what organization theory is, how it has developed, and how its development has coincided with events and changes in other fields. This highly acclaimed reader is not simply a retelling of the history of organization theory; its evolution is told through the words of the distinguished theorists themselves. The readings in this edition have been thoroughly reviewed and updated. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Principles of Management (Collection) Prentice Hall Taken from: Organizational Behavior, Seventeenth Edition by Stephen P. Robbins and Timothy A. Judge.

Applying Quality Management in Healthcare Pearson South Africa

Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the

difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.

**Supervision Today! Prentice Hall**

This long established market leader has set standards that few texts have equalled in terms of accessibility of writing style, clarity of presentation and popularity with students and teachers alike. Written from a managerial perspective and packed with contemporary references to management research and practice, it continues to prove the student's OB text of choice. This eighth edition brings fresh evidence to explore theory in practice, and a wide range of brand new and intriguing examples and case studies on issues and organisations that are engaging, relevant and contemporary. It also provides an abundance of online student self-assessment resources. The breadth of appeal of this text makes it ideal for Management and Organisation courses from HND level through undergraduate and up to MBA.

An Applied Approach to Understanding People and Groups Pearson Education India

This book is about leadership in organizations. The primary focus is on managerial leadership, as opposed to parliamentary leadership, leadership of social movements, or informal leadership in peer groups. The book presents a broad survey of theory and research on leadership in formal organizations. The topic of leadership effectiveness is of special interest.

Management Information Systems Pearson Education India

This text includes a rich array of exercises, cases, and

applied materials such as the Kouzes and Posner Leadership Practices Inventory and Pfeiffer Annual Edition exercises. It also offers a greater focus on the hot topic of ethics throughout the entire book to ensure it is contemporary and engaging. È

Essential Concepts and Applications Oxford University Press, USA

[This text] provides greater focus on what an organization is, which stakeholders it serves, and how an organization is constructed to satisfy stakeholder needs - that is, the design of its organizational structure. [The text] lays out the central design challenges facing an organization if it is to successfully create value for its stakeholders and achieve a competitive advantage that will allow it to thrive. [It also] presents much expanded coverage on the issue of organizational change processes.-Pref.

Management and Organisational Behaviour Pearson Higher Ed

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
