Organizational Behavior Pearson South Africa

Ideal for anyone studying an introductory module in organisational behaviour, Introduction to Organisational Behaviour is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive accompanying online resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of organisational structures and emerging issues, Introduction to Organisational Behaviour gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly integrated print and electronic learning package.

Organizational Behavior Routledge

Robbins: Leading the way in OB Organisational Behaviour shows managers how to apply the concepts and practices of modern organisational behaviour in a competitive, dynamic business world. Written and researched by industry-respected authors, this continues to be Australia's most popular text for introductory courses in organisational behaviour. A new suite of learning and teaching resources that will excite future managers and inspire critical thinking, accompanies the text.

Management and Organisational Behaviour Prentice Hall

The Oxford Handbook of Organizational Climate and Culture presents the breadth of topics from Industrial and Organizational Psychology and Organizational Behavior through the lenses of organizational climate and culture. The Handbook reveals in great detail how in both research and practice climate and culture reciprocally influence

each other. The details reveal the many practices that organizations use to acquire, develop, manage, motivate, lead, and treat employees both at home and in the multinational settings that characterize contemporary organizations. Chapter authors are both expert in their fields of research and also represent current climate and culture practice in five national and international companies (3M, McDonald's, the Mayo Clinic, PepsiCo and Tata). In addition, new approaches to the collection and analysis of climate and culture data are presented as well as new thinking about organizational change from an integrated climate and culture paradigm. No other compendium integrates climate and culture thinking like this Handbook does and no other compendium presents both an up-to-date review of the theory and research on the many facets of climate and culture as well as contemporary practice. The Handbook takes a climate and culture vantage point on micro approaches to human issues at work (recruitment and hiring, training and performance management, motivation and fairness) as well as organizational processes (teams, leadership, careers, communication), and it also explicates the fact that these are lodged within firms that function in larger national and international contexts.

Organizational Behavior Springer

Building on the success of the previous edition and the running theme that OB is for Everyone, this new edition presents all the essential topics in Organizational Behavior in a concise and readable format. Fundamentals of Organizational Behaviour, Fourth Canadian Edition, helps students make the connections between the subject, the world of research that supports OB, and students' everyday lives, both now and in their future careers.

Decide & Conquer Prentice Hall

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Student Value Editions also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. For Student Value Editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title -- including customized versions for individual schools -- and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering platforms. For undergraduate and graduate courses in organizational behavior. Help students apply OB concepts The world's most successful Organizational Behavior textbook provides the research you want, in the language your students understand. This text makes current, relevant research come alive for readers. The 18th Edition reflects the most recent research and business events within the field of organizational behavior, while maintaining its hallmark features -- a clear writing style, cutting-edge content, and intuitive pedagogy. There's a reason why Robbins's textbooks have educated millions of students and

have been translated into 20 languages -- and it's because of a commitment to provide engaging, cutting-edge material that helps students understand and connect with organizational behavior. Also available with MyLab Management By combining trusted authors' content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. NOTE: You are purchasing a standalone product; MyLab(tm) Management does not come packaged with this content. Students, if interested in purchasing this title with MyLab Management, ask your instructor to confirm the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the loose-leaf version of the text and MyLab Management, search for: 0134889150 / 9780134889153 Organizational Behavior, Student Value Edition Plus MyLab Management with Pearson eText -- Access Card Package, 18/e Package consists of: 0134729668 / 9780134729664 Organizational Behavior, Student Value Edition 0134731433 / 9780134731438 MyLab Management with Pearson eText -- Access Card -- for Organizational Behavior

Business.today Oxford Library of Psychology

Robbins: Leading the way in OB Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books – this is not merely a subset of material from Robbin's Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr

Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are ' conversational ', ' interesting ', ' student-friendly ' and ' very clear and understandable '. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the ' Applying Knowledge ' and ' Student Challenge ' boxes prompt students to apply and think strategically about what they have just learnt.

Managing and Organizations Pearson Higher Education AU

Organisational Behavior by Fred Luthans was one of the first mainstream organisational behavior texts on the market and continues the tradition of being the most current and up-to-date researched text today. Well-known author Fred Luthans is the 5th most prolific Publisher in Academy of Management Journals and a senior research scientist with the Gallup Organization, who continues to do research in the organisational behavior area. The Twelfth Edition of Organisational Behavior is ideal for instructors who take a research-based and conceptual approach to their OB course.

Organizational Behavior Prentice Hall

This brief alternative for the organisational behaviour course covers all the key concepts needed to understand, predict and respond to the behaviour of people in real world organisations, including cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course.

Essentials Of Organizational Behavior 8Th Ed. Pearson

An innovative and effective approach to organizational behavioral management Despite more than 40 years of empirical and conceptual research, the contribution of behavior analysis to the world of business remains relatively small and organizational behavior management gets little attention in both the academic and professional communities. Acceptance and Mindfulness at Work presents behavioral analysis of human language that ' s ready to use, with applied extensions proven to have a significant impact in organizational settings. The leading experts in the field examine how these ongoing developments can help broaden the exploration of the psychological issues relevant to organizational behavioral management (OBM) in the workplace. Acceptance and Mindfulness at Work presents conceptual and empirical articles, and reviews of working examples of Relational Frame Theory (RFT) and Acceptance and Commitment Therapy (ACT) applied to organizational behavior management. The book examines goal setting, feedback, task descriptions, and workers ' ability to learn as examples of how to affect positive change in organizations through increased productivity and improved quality of life in the workplace. The possibilities presented by RTF can lead to advancements in employee safety and training, stress and health management, employee evaluation, managing absenteeism, tardiness, and turnover, and self-management. Acceptance and Mindfulness at Work examines: cognition in OBM industrial/organization (I/O) psychology how interventions using ACT have increased psychological flexibility rule-following feedback task performance feedback programmed schedules of reinforcement goal setting, goal statements, and goal-directed behavior how psychological flexibility and job control can predict learning, job performance, and mental

health and much more Acceptance and Mindfulness at Work is a vital professional resource for organization development practitioners and human resource managers.

Management Organizational Behaviour eBook PDF

This best-selling book takes a traditional approach to Organizational Behavior beginning with The Individual, The Group and then moving into The Organization. It covers the cutting-edge topics such as learning and motivation, emotions, trust and group-dynamics.

South-Western Pub

There is a strong movement today in management to encourage management practices based on research evidence. In the first volume of this handbook, I asked experts in 39 areas of management to identify a central principle that summarized and integrated the core findings from their specialty area and then to explain this principle and give real business examples of the principle in action. I asked them to write in non-technical terms, e.g., without a lot of statistics, and almost all did so. The previous handbook proved to be quite popular, so I was asked to edit a second edition. This new edition has been

expanded to 33 topics, and there are some new authors for the previously included topics. The new edition also includes: updated case examples, updated references and practical exercises at the end of each chapter. It also includes a preface on evidence-based management. The principles for the first edition were intended to be relatively timeless, so it is no surprise that most of the principles are the same (though some chapter titles include more than one principle). This book could serve as a textbook in advanced undergraduate and in MBA courses. It could also be of use to practicing managers and not just those in Human Resource departments. Every practicing manager may not want to read the whole book, but I am willing to guarantee that every one will find at least one or more chapters that will be practically useful. In this time of economic crisis, the need for effective management practices is more acute than ever.
