Ben Brooksby is a fifth-
generation farmer from St
Helens Plains in western
Victoria. When he was
younger, he struggled with
anxiety and other mental
health issues, as do so many
others in rural communities. A
simple social media post helped
him to turn things around.
After he shared a photo on
Instagram showing himself

naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response.
