The thrill of reading Virginia Woolf's *Orlando* is the feeling of looking into a whirlpool just as something utterly extraordinary materializes for the first time: an exhilarating hallucination of surreal and beautiful images that remain in memory long after you put the book down. *Orlando* has it all: life, death, immortality, homoerotic desire, lesbianism, and the evanescence of time. Love, fear, solitude, death, and time-travel--the subjects float by like parasols in the rain. *Orlando* can be found on countless lists of the finest novels of the 20th century, and is one of Virginia Woolf's major achievements. It is considered one of her greatest works after *Mrs. Dalloway* and *To The Lighthouse*. He-for there could be no doubt of his sex, though the fashion of the time did something to disguise it--was in the act of slicing at the head of a Moor which swung from the rafters. It was the colour of an old football, and more or less the shape of one, save for the sunken cheeks and a strand or two of coarse, dry hair, like the hair on a coconut. *Orlando's* father, or perhaps his grandfather, had struck it from the shoulders of a vast Pagan who had started up under the moon in the barbarian fields of Africa; and now it swung, gently, perpetually, in the breeze which never ceased blowing through the attic rooms of the gigantic house of the lord who had slain him.

LONGLISTED FOR THE CENTER FOR FICTION FIRST NOVEL PRIZE LONGLISTED FOR THE WOMEN'S PRIZE FOR FICTION " Bold, virtuosic, addictive, erotic – there is nothing like *The Pisces*. I have no idea how Broder does it, but I loved every dark and sublime page of it. " —Stephanie Danler, author of *Sweetbitter* Lucy has been writing her dissertation on Sappho for nine years when she and her boyfriend break up in a dramatic flameout. After she bottoms out in Phoenix, her sister in Los Angeles insists Lucy dog-sit for the summer. Annika's home is a gorgeous glass cube on Venice Beach, but Lucy can find little relief from her anxiety — not in the Greek chorus of women in her love addiction therapy group, not in her frequent Tinder excursions, not even in Dominic the foxhound's easy affection. Everything changes when Lucy becomes entranced by an eerily attractive swimmer while sitting alone on the beach rocks one night. But when Lucy learns the truth about his identity, their relationship, and Lucy ' s understanding of what love should look like, take a very unexpected turn. A masterful blend of vivid realism and giddy fantasy, pairing hilarious frankness with pulse-racing eroticism, *THE PISCES* is a story about falling in obsessive love with a merman: a figure of Sirenian fantasy whose very existence pushes Lucy to question everything she thought she knew about love, lust, and meaning in the one life we have.

A Note of Explanation Oxford University Press

'I am reduced to a thing that wants Virginia. I composed a beautiful letter to you in the sleepless nightmare hours of the night, and it has all gone. I just miss you...' At a dinner party in 1922, Virginia Woolf met the renowned author, aristocrat - and sapphist - Vita Sackville-West. Virginia wrote in her diary that she didn't think much of Vita's conversation, but she did think very highly of her legs. It was to be the start of almost twenty years of flirtation, friendship, and literary collaboration. Their correspondence ended only with Virginia's death in 1941. Intimate and playful, these selected letters and diary entries allow us to hear these women's constantly changing feelings for each other in their own words. Eavesdrop on the affair that inspired Virginia to write her most fantastical novel, *Orlando*, and discover a relationship that - even a hundred years later - feels radical and relatable. WITH A NEW INTRODUCTION FROM ALISON BECHDEL, AUTHOR OF *FUN HOME* AND *CREATOR OF THE BECHDEL TEST*.

Orlando: A Biography is a novel by Virginia Woolf, first published on 11 October 1928. A high-spirited romp inspired by the tumultuous family history of Woolf's

partner, the aristocratic poet and novelist Vita Sackville-West, it is arguably one of Woolf's most popular and accessible novels: a history of English literature in satiric form. The book describes the adventures of a poet who changes sex from man to woman and lives for centuries, meeting the key figures of English literary history. Considered a feminist classic, the book has been written about extensively by scholars of women's writing and gender and transgender studies.

Orlando (Annotated) HarperCollins UK

A dazzling new biography of Vita Sackville-West, the 20th century aristocrat, literary celebrity, devoted wife, famous lover of Virginia Woolf, recluse, and iconoclast who defied categorization. In this stunning new biography of Vita Sackville-West, Matthew Dennison traces the triumph and contradictions of Vita's extraordinary life. His narrative charts a fascinating course from Vita's lonely childhood at Knole, through her affectionate but 'open' marriage to Harold Nicolson (during which both husband and wife energetically pursued homosexual affairs, Vita most famously with Virginia Woolf), and through Vita's literary successes and disappointments, to the famous gardens the couple created at Sissinghurst. The book tells how, from her privileged world of the aristocracy, Sackville-West brought her penchant for costume, play-acting and rebellion to the artistic vanguard of modern Britain. Dennison is the acclaimed author of many books including a biography of Queen Victoria. Here, in the first biography to be written of Vita for thirty years, he reveals the whole story and gets behind 'the beautiful mask' of Vita's public achievements to reveal an often troubled persona which heroically resisted compromise on every level. Drawing on wideranging sources and the extensive letters that sustained her marriage, this is a compelling story of love, loss and jealousy, of high-life and low points, of binding affection and illicit passion - a portrait of an extraordinary, 20th-century life.

Virginia Woolf's recurrence in style Orlando

'I feel the need of an escapade after these serious poetic experimental books...I want to kick up my heels & be off.' Orlando tells the tale of an extraordinary individual who lives through centuries of English history, first as a man, then as a woman; of his/her encounters with queens, kings, novelists, playwrights, and poets, and of his/her struggle to find fame and immortality not through actions, but through the written word. At its heart are the life and works of Woolf's friend and lover, Vita Sackville-West, and Knole, the historic home of the Sackvilles. But as well as being a love letter to Vita, *Orlando* mocks the conventions of biography and history, teases the pretensions of contemporary men of letters, and wryly examines sexual double standards. This new edition discusses Woolf's stylistic aims, the biographical parallels, and the work's literary context, and includes the original illustrations.

This collection addresses such themes as the creation of worlds through literary writing, Woolf's reception as a world writer, world wars and the centenary of the First World War, and natural worlds in Woolf's writings. The selected papers represent the major themes of the conference as well as a diverse range of contributors from around the world and from different positions in and outside the university. The contents include familiar voices from past conferences--e.g., Judith Allen, Eleanor McNeese, Elisa Kay Sparks--and well-known scholars who have contributed less frequently, if at all, to past Selected Papers--e.g., Susan Stanford Friedman, Steven Putzel, Michael Tratner--as well as new voices of younger scholars, students, and independent scholars. The volume is divided into four themed sections. The first and longest section, War and Peace, is framed by Mark Hussey's keynote roundtable, "War and Violence," and Maud Ellmann's keynote address, "Death in the Air: Virginia Woolf and Sylvia Townsend Warner in World War II. The second section, World Writer(s), includes papers that read the Woolfs in a global context. The papers in Animal and Natural Worlds bring recent developments in ecocriticism and post-humanist studies to analysis of Woolf's writing of human and nonhuman worlds. Finally, Writing and Worldmaking addresses various aspects of genre, style, and composition. Madelyn Detloff's closing essay, "The Precarity of 'Civilization' in Woolfs Creative Worldmaking," brings us back to international and cultural conflicts in our own day, reminding us, as Detloff says, why Woolf still matters today.

Seminar paper from the year 2017 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Frankfurt (Main) (Institut für Anglistik und Amerikanistik), course: Modernism in Focus:

Virginia Woolf, language: English, abstract: Virginia Woolf is one of the most discussed writers, because she created stories with a critical eye, always keeping in mind the challenges of being a female in the twentieth century. The fictional biography guides the reader through the protagonist 's daily life, while simultaneously showing that his life is not daily at all. The author provided a balance within Orlando 's nature by creating a character the reader can, on one hand, relate to, but who, on the other hand, is special and therefore appears different. With contacts to the Bloomsbury Group, Woolf had the possibility to write her critical and controversial works in an encouraging environment.

Orlando: A Biography by Virginia Woolf (Book Analysis) LGF/Le Livre de Poche

Published by Hogarth Press in 1928, Orlando is at once an oddity, an indulgence, but also a slice of genius. The novel – because despite masquerading as a biography, it is a work of narrative fiction – tells the unlikely, impossible story of Orlando through his years as a male member of the Elizabethan Court, an affair with a Russian Princess, a subdued period of contemplation during the reign of James 1, his time as an ambassador in Constantinople and the sudden transformation into a woman. Not content with such a plot twist Woolf allows her character to live on through the eighteenth and nineteenth centuries, using the journey to trace the female place in society while allowing Orlando the freedom to seduce, be seduced and to love in equal measure. After 80,000 words, Woolf leaves her heroine in the England of 1928 having completed a poem, The Oak Tree, that had been started some four centuries earlier.
