Sherlock Holmes, just thirteen, is a misfit. His highborn mother is the daughter of an aristocratic family, his father a poor Jew. Their marriage flouts tradition and makes them social pariahs in the London of the 1860s; and their son, Sherlock, bears the burden of their rebellion. Friendless, bullied at school, he belongs nowhere and has only his wits to help him make his way. But what wits they are! His keen powers of observation are already apparent, though he is still a boy. He loves to amuse himself by constructing histories from the smallest detail for everyone he meets. Partly for fun, he focuses his attention on a sensational murder to see if he can solve it. But his game turns deadly serious when he finds himself the accused — and in London, they hang boys of thirteen. Shane Peacock has created a boy who bears all the seeds of the character who has mesmerized millions: the relentless eye, the sense of justice, and the complex ego. The boy Sherlock Holmes is a fascinating character who is sure to become a fast favorite with young readers everywhere.

In 1964 the Viet Cong was firmly entrenched in the Mekong Delta region. Using fear and terror tactics, the insurgency gained control of the population creating a safe haven for the movement to thrive and expand. The United States and the Government of South Vietnam recognized the infiltration problem in the Mekong Delta but their military organizations were either unable or incapable to deal with the problem. The geography of the region made it impossible for a U.S. Army or Marine Corps division to operate effectively and the South Vietnamese Army and Navy lacked the training and equipment to operate successfully. In response to these obstacles, Secretary of Defense, Robert McNamara, commissioned the U.S. Navy to develop a fighting force capable of operating in the delta and ridding the region of the Viet Cong influence. The Navy used for main Operations: MARKET TIME, GAME WARDEN,-The Mobile Riverine Force, and SEALORDS to achieve these goals. In four short years the Brown Water Sailors experienced marked success with Viet Cong influence minimized and resupply efforts rerouted to the tortuous Ho Chi Minh Trail. However, by the end of 1968 American resolve to fight a war in South Vietnam had deteriorated and the Government needed a way out. President Nixon's Vietnamization program provided the exit for American forces and in turn mitigated the Brown Water Navy's successes of the previous four years. The Brown Water Navy overcame tremendous obstacles in less than one year to create and deploy a formidable fighting force to the Mekong Delta. In four years aggressive strides against the Viet Cong insurgency were achieved only to be mitigated by the effects of Vietnamization.
